Attacks Charge Of Espionage

Ike Indicates 'Spy' Plane Not Downed By Russians

WASHINGTON (AP)—President Eisenhower said today there is some reason to believe the American spy plane which flew into the Soviet Union was not shot down at high altitude as the Soviets claim.

The President also told a news conference it is absolutely ridiculous for the Russians to contend the United States or any of its allies is engaged in any provocative action in the use of espionage planes.

Eisenhower said he still is hopeful—despite the furor over the plane incident — that the Paris summit meeting starting Monday will accomplish some good and help ease international tensions.

At the start of the news conference, Eisenhower read a prepared statement dealing with the American U2 plane which the Russians claim to have shot down from an altitude in excess of 60,000 feet.

In his statement, the President spoke of discrepancies in the Soviet account of shooting down the plane and capture of the American pilot, Francis G. Powers.

Explaining, Eisenhower said there is "some reason to believe that the plane was not shot down at high altitude."

In response to a request for elaboration about his mention of discrepancies in the Soviet account, Eisenhower referred to the photographs which the Russians released as pictures of the wreckage of the plane.

This government, Eisenhower said, believes that the pictures produced by the Russians are not actually photographs of the U2.

After he read his prepared statement, Eisenhower said he would have nothing further to say regarding the plane episode. But about a dozen questions were asked which dealt with at least the fringe of the episode, and he replied to all.

For example, he was reminded that he has said many times that he would not go to a summit conference under the circumstances of any Soviet threat or ultimatum. A newsman noted that the Soviet government Tuesday

Commissioned 'Underseas'

City Man On Triton's Trip

An East Liverpool seaman was aboard the atomic submarine Triton on its historic underseas' voyage around the world.

He is Herbert Hardman, at left in petty officer's cap, shown with other crewmen on the deck of the submersible with the commanding officer a few weeks before the trip began.

Hardman, 31, son of Mr. and Mrs. William Hardman, 1048½ Vine St., received a commission as ensign while on the trip.

Then a chief petty officer in charge of electrical crew, Hardman took the commissioning test prior to leaving on the sub. He has been in the service for 15 years, and is married to the former Sally Hilditch, daughter of Mr. and Mrs. Fred Hilditch, 907 Vine St.

They reside at Uncasville near New London, Conn., and have two daughters and a son.

Triton Ends World Cruise

NEW LONDON, Conn. (AP)—The world-circling submarine Triton came back home today to the strains of the tune "Around the World in 80 days" and cheers from jubilant families.

As the 7,750-ton giant was nosed alongside the pier, wives of the crew waved and held high their small sons and daughters who have been waiting to see their fathers for almost three months—a period in which the nuclear-powered Triton circled the world under water.

The wife of the skipper, Mrs. Edward L. Beach, held a bouquet of red roses and pushed her three children forward to wave at their father.

The children—Ned, 12; Hugh, 11; and Ingrid, 7—held up red-lettered signs that said: "Welcome home Triton."

The white-clad landing crew stood at attention in the rain as the huge, gray submarine pulled alongside within a few feet of a platform of high officials waiting to greet the crew and officers who left here Feb. 16 on a secret mission.

It was a mission that took the Triton along the route of Ferdinand Magellan's first trip around the world and which won a Presidential Citation.

When Triton surfaced off Delaware Tuesday it had completed a 41,500-mile submerged trip that began 83 days, 10 hours and 15 minutes before. It had retraced the course Ferdinand Magellan charted 420 years ago.

Its commander, veteran submarine Capt. Edward L. Beach, was plucked from Triton's rolling deck by helicopter and flown to the White House, where a grinning President Eisenhower commended

Manypenny, Boley Paired For Sheriff

Leon Keeps Margin In Assessor Contest With 5 Precincts Out

Atty. Floyd R. Tarr of Weirton apparently captured the Democratic nomination for prosecutor, defeating the incumbent, Frank A. Pietranton, in Hancock County's primaries Tuesday.

The unofficial and incomplete tally, with 31 precincts counted, also showed Joseph Manypenny of New Cumberland was leading a field of six for the party's sheriff nomination, being paired with Silas Boley of Weirton, apparently the Republican winner, for the runoff in November.

The county primary saw a heavy turnout at the polls despite a steady rainfall yesterday morning and afternoon showers. The weather apparently had little affect on the turnout as a heavy vote was cast in Chester, Newell, New Cumberland and Weirton. Some 11,000 were expected to mark ballots.

The staff of County Clerk Donald S. Stewart, working since 9 p. m. Tuesday, kept at the job the entire night and at noon had tabulated 31 of the county's 36 precincts.

Long lists of candidates on both party ballots accounted for the slow return.

Voters also elected four for the Hancock County Board of Education, and billed county executive committees for both parties and district and judicial circuit committees.

The three districts in the county also nominated for constables and justice of the peace but their votes were being counted last after the county races had been decided.

Unofficially, the latest tabulations show that Atty. Tarr led Pietranton by 1,123 votes. Pietranton was seeking his third straight term as prosecutor.

The vote at noon was:

Tarr	**4,343**
Pietranton	**3,220**

Atty. A. J. Rosenshine of Weirton was unopposed for the GOP nomination for prosecuting attorney.

In one of the tightest races for any county office, Manypenny led R. A. Byers of Weirton by 698 votes for the nomination for sheriff. The two were far ahead of four other Democratic candidates, Frank A. Pinion, John DeFelice, Brooks Ash and Ralph L. Waite.

The noon vote was:

Manypenny	**3,840**
Byers	**3,142**
Pinion	**204**
DeFelice	**236**
Ash	**268**
Waite	**144**

In the GOP race, Boley was leading by only a few votes over Donald Bates of Chester. Trailing were C. Dayton King and George Konchar, both of Weirton.

The vote at noon was:

Boley	**1,126**
Bates	**1,047**
King	**884**
Konchar	**824**

In the race for assessor, Leon was slightly ahead of two other Democratic candidates, Nelson Ross and Mrs. Della Ferguson.

The noon vote was:

Leon	**2,776**
Ross	**2,334**
Mrs. Ferguson	**1,979**

Edward L. Suplee of Weirton, incumbent assessor, was unopposed on the Republican ticket.

James Finley of Weirton appeared to have won easily over Charles Ballato of Weirton for the Democratic nomination for county commissioner.

Their totals were being revised at noon.

David N. Thomas, incumbent commissioner from Weirton, was unopposed for the GOP nomination.

West Virginia Foes In November

Neely, Barron Nominated In Contest For Governor

CHARLESTON (AP) — Republican Harold E. Neely of Hinton and Democrat W. W. (Wally) Barron of Elkins will be the November election opponents for governor of West Virginia.

Neely, who carried the endorsement of Gov. Cecil H. Underwood, won the GOP nomination in a fairly tight race with Former U. S. Sen. Chapman Revercomb of Charleston in Tuesday's primary election. Barron took the Democratic nomination with a total that was running ahead of the combined vote of his two opponents.

Associated Press tabulations from 1,638 of the state's 2,750 precincts showed Neely widening his lead to more than 12,000 votes, 58,645 to 46,373.

Barron also was widening his margin over the closer of his two rivals, State Democratic Chairman Hulett C. Smith of Beckley. Returns from 1,600 precincts gave Barron 107,383, Smith 76,207. State Treasurer Orel J. Skeen trailed badly with 20,884.

The state's Democratic voter turnout yesterday was substantially larger than in the last previous presidential year, 1956. Interest was stirred up by a hard-fought Democratic presidential preference contest, in which Sen. John F. Kennedy of Massachusetts roundly defeated Sen. Hubert H. Humphrey of Minnesota. Kennedy's margin over Humphrey was nearing 40,000.

The Republican vote yesterday was about on a par with 1956.

Barron and Neely will have as their November running mates the U. S. Senate contenders who were unopposed yesterday, incumbent Democrat Jennings Randolph and Gov. Underwood as the GOP nominee.

All six West Virginia incumbents in the House of Representatives were renominated, five of them without primary fights. The only incumbent with a contest yesterday was freshman Rep. Ken Hechler of Huntington. He won Democratic renomination in the 4th district by a landslide margin over a young Huntington lawyer, Nye King.

The three Democratic incumbents on the Board of Public Works who were seeking renomination all had contests, but all three won. Secretary of State Joe F. Burdett, Agriculture Commissioner John T. Johnson and 78-year-old Auditor Edgar B. Sims were the winners.

Burdett's November opponent for secretary of state apparently will be Carl E. Weimer of Maysville, the present state fire marshall. With about half the precincts tabulated, Weimer's lead over Mrs. E. K. Stevens of Charleston was nearing 4,000.

Sen. Traubert Holds Lead In Democrat Bid

Incumbents Edging Judicial Race With Each Party Picking 2

Sen. Herbert Traubert of Follansbee was leading by some 880 votes in the race for the Democratic nomination of state senator from the First West Virginia District, according to unofficial returns of noon today.

The Follansbee incumbent had the lead over William Tompos of Weirton. Don Chaney of Chester was trailing by almost 4,000 votes, according to the incomplete count from Tuesday's primary.

With the totals nearly compiled in the three-county district of Hancock, Brooke and Ohio, the vote was:

Traubert	**10,225**
Tompos	**9,245**
Chaney	**3,785**

Hancock's vote at noon in the senatorial race was:

Tompos	**4,157**
Chaney	**1,523**
Traubert	**881**

Mrs. Ruth Cox Turner of Chester was unopposed for the Republican nomination for state senator. The district also includes Brooke and Ohio Counties.

For the nominations for judge from the First Judicial District on the Democratic ticket, incumbent J. J. P. O'Brien and Atty. Ralph E. Pryor were in the lead.

Two are to be nominated from each party. Judge J. Harold Brennan and James McClure were leading on the Republican ticket.

The three-county incomplete total for the Democratic judge candidates showed Judge O'Brien ahead of W. Frank Keefer, Atty.

'On His Way,' DiSalle Says Of Kennedy

COLUMBUS, Ohio (AP)—"Kennedy is on his way," Gov. Michael V. DiSalle asserted today.

That was the Ohio governor's comment on the victory of U.S. Sen. John F. Kennedy of Massachusetts in the West Virginia Democratic primary Tuesday.

"His victory is more significant than the vote indicates," DiSalle told newsmen. "I think Kennedy will continue to develop strength."

The governor received a report from Public Works Director Theodore J. Kauer showing state construction projects contemplated and underway approximated 150 million dollars on April 1.

The governor said Kauer viewed with disfavor a proposal by Columbus Mayor W. Ralston Westlake for construction of a new state office building on a downtown site previously contemplated for a skyscraper. The governor said the land would cost about 11 million dollars compared with approximately $650,000 for another site under consideration near the Statehouse.

Asked whether he would inquire into complaints about discrimination in student housing at Ohio State University, DiSalle termed that a matter for OSU trustees. He said the trustees are expected to look into the situation at their July meeting.

TOKYO (AP) — Foreign Minister Aiichiro Fujiyama told a Parliamentary Committee today the government would ask the United States for military help if Russia should attack Japan.

Reds Display 'Spy Items' Of Downed Plane

Soviet Puts Blame Of Flight Squarely On U.S. Government

MOSCOW (AP)—The Soviet Union today put on display "spy equipment" it said came from the American plane downed over Sverdlovsk May 1.

Among the items was a hypodermic needle which Premier Nikita Khrushchev has said was carried by the plane's pilot, Francis G. Powers. Khrushchev said Powers was supposed to have killed himself with poison on the needle.

The equipment was displayed at a news conference where Foreign Minister Andrei Gromyko said any aircraft which "again dare to make a sortie into our borders will be smashed to smithereens."

He reiterated that nations furnishing bases for spy flights will have those bases obliterated.

Gromyko said evidence leaves no doubt that responsible U.S. agencies which sent the plane over the Soviet Union were acting in the interest of preparing an aggression and pursuing a course hostile to peace.

From the standpoint of international law, the foreign minister added, the intrusion of a U.S. plane into the air space of the Soviet Union "is an act of aggression."

Gromyko declared the Soviet Union will "spare no effort for a mutual agreement" at the Paris summit meeting despite the U2 spy-plane incident.

The Soviet Union, in a note Tuesday, laid the blame for the Powers' flight squarely on the U.S. government—not just its military leaders—and indicated the flier may be tried for espionage.

Moscow Radio today followed up the protest note to Washington with a strong hint that further U.S. flights over the Soviet Union might trigger a Soviet bomb attack on the United States.

Employment Scores Big Gain

Ike Says U.S. Economy Passes Half-Trillion Mark

WASHINGTON (AP)—President Eisenhower today announced that the nation's economy has passed the half-trillion-dollar mark for the first time in history.

The President also disclosed at his news conference that employment last month scored the biggest April gain since World War II.

Reading from notes, Eisenhower took advantage of a question about housing legislation to discuss the economic picture which has been causing puzzlement and concern in many quarters since the first of the year.

Eisenhower said employment increased by 1,900,000 in April to 66,200,000.

He said unemployment dropped sharply—falling by more than half a million.

Detailed figures on the job picture were to be announced later by the Labor Department.

Eisenhower's disclosure of the favorable employment report, it was learned on reliable authority, was pushed up a day to give the President something good to announce amid all the criticism of the handling of the American spy flight over Russia.

The government had planned to announce the new job figures Thursday. The job data is rarely handled out of the White House.

Tax Collection Slated With June 20 Deadline

LISBON—County Treasurer Vincent C. Judge said today that statements for the concluding payment for the second-half 1959 real estate taxes will be placed in the mail by Wednesday, May 25, carrying a closing date of June 20.

The owner as of Jan. 1 of any year is obligated for the full year.

By law, the collection due dates are Dec. 20, for first half and June 20 of the following year for the second half.

However, the opening and closing of any collection is subject to the delivery of the tax duplicates by the county auditor.

Takes Giant Step Toward Nomination

No Longer In Race, Humphrey Says In West Virginia Defeat

CHARLESTON, W.Va. (AP)—Sen. John F. Kennedy (D-Mass) took a giant stride toward the Democratic presidential nomination today with a smashing victory in the West Virginia primary.

He not only rolled over Sen. Hubert H. Humphrey (D-Minn) he also knocked him out of the presidential race completely.

At 2:08 a.m. (Eastern Daylight Time) Humphrey conceded. Moments later he issued a statement in which he said:

"I am no longer a candidate for the Democratic presidential nomination."

Kennedy flew back from Washington early today.

"West Virginia has tonight given me a major boost toward the Democratic nomination for president," he said jubilantly.

Kennedy, a Catholic running in a predominately Protestant state, thanked the voters.

"I had no doubt," he said, "that you would cast your vote on the basis of the issues and not on any religious prejudice."

Kennedy jumped ahead at the start and steadily increased his margin.

With 1,702 of 2,750 precincts reporting, the scoreboard looked like this: Kennedy 140,992, Humphrey 93,530.

The Kennedy victory wasn't entirely unexpected, but the size of it certainly was.

A few observers had thought that Kennedy might take a clobbering here. But usually the guess was that it would be close, with the edge, if any, going to Humphrey, a Congregationalist.

Although the victory meant a lot to Kennedy—it should be a powerful argument to advance against the theory that no Catholic can be elected president—it didn't guarantee him a single extra delegate to the convention.

This was strictly a popularity contest. The delegates who will cast 25 votes at the Democratic convention in July are free to do as they please.

In Nebraska, with 1,009 of the state's 2,107 precincts reporting, Kennedy had 27,598 votes on the Democratic ballot. Nixon had 20,364 Republican write-ins.

As in West Virginia, the results of the presidential preference ballots do not bind the state's delegates, who will cast 16 votes at the Democratic convention and 18 at the Republican convention.

In New Mexico, Sen. Clinton P. Anderson won Democratic renomination for a third term.

Census Totals Given On Area

4 More Communities Listed By Supervisor

The 1960 Federal Census figures for four more Columbiana County communities were released today by Howard Borden of Steubenville, district supervisor, as part of a preliminary report on the "nose count" in five Eastern Ohio counties and their principal communities.

Borden's report shows these previously unreported census figures: East Palestine, 5,241; Columbiana, 4,171; Lisbon, 3,555, and Leetonia, 2,543. It confirmed that Columbiana County's new population total is 106,589 and that the totals for other major communities are: East Liverpool, 22,158; Salem, 13,797, and Wellsville, 7,078.

Jefferson County's new population total is 100,001, Borden said. Totals for principal communities are: Steubenville, 33,019; Toronto, 7,766; Mingo Junction, 4,951, and Wintersville, 3,583.

Belmont County's population now is 83,491, Borden reported. The totals for principal communities: Martins Ferry, 13,771; Bellaire, 11,473; Shadyside, 5,011; Barnesville,

The Kennedy victory wasn't entirely unexpected, but the size of it certainly was.

A few observers had thought that Kennedy might take a clobbering here. But usually the guess was that it would be close, with the edge, if any, going to Humphrey, a Congregationalist.

Although the victory meant a lot to Kennedy—it should be a powerful argument to advance against the theory that no Catholic can be elected president—it didn't guarantee him a single extra delegate to the convention.

This was strictly a popularity contest. The delegates who will cast 25 votes at the Democratic convention in July are free to do as they please.

In Nebraska, with 1,009 of the state's 2,107 precincts reporting, Kennedy had 27,598 votes on the Democratic ballot. Nixon had 20,364 Republican write-ins.

As in West Virginia, the results of the presidential preference ballots do not bind the state's delegates, who will cast 16 votes at the Democratic convention and 18 at the Republican convention.

In New Mexico, Sen. Clinton P. Anderson won Democratic renomination for a third term.

Sen. Traubert Holds Lead In Democrat Bid

Incumbents Edging Judicial Race With Each Party Picking 2

Sen. Herbert Traubert of Follansbee was leading by some 880 votes in the race for the Democratic nomination of state senator from the First West Virginia District, according to unofficial returns of noon today.

The Follansbee incumbent had the lead over William Tompos of Weirton. Don Chaney of Chester was trailing by almost 4,000 votes, according to the incomplete count from Tuesday's primary.

With the totals nearly compiled in the three-county district of Hancock, Brooke and Ohio, the vote was:

Traubert	**10,225**
Tompos	**9,245**
Chaney	**3,785**

Hancock's vote at noon in the senatorial race was:

Tompos	**4,157**
Chaney	**1,523**
Traubert	**881**

Mrs. Ruth Cox Turner of Chester was unopposed for the Republican nomination for state senator. The district also includes Brooke and Ohio Counties.

For the nominations for judge from the First Judicial District on the Democratic ticket, incumbent J. J. P. O'Brien and Atty. Ralph E. Pryor were in the lead.

Two are to be nominated from each party. Judge J. Harold Brennan and James McClure were leading on the Republican ticket.

The three-county incomplete total for the Democratic judge candidates showed Judge O'Brien ahead of W. Frank Keefer, Atty.

'On His Way,' DiSalle Says Of Kennedy

COLUMBUS, Ohio (AP)—"Kennedy is on his way," Gov. Michael V. DiSalle asserted today.

That was the Ohio governor's comment on the victory of U.S. Sen. John F. Kennedy of Massachusetts in the West Virginia Democratic primary Tuesday.

"His victory is more significant than the vote indicates," DiSalle told newsmen. "I think Kennedy will continue to develop strength."

The governor received a report from Public Works Director Theodore J. Kauer showing state construction projects contemplated and underway approximated 150 million dollars on April 1.

The governor said Kauer viewed with disfavor a proposal by Columbus Mayor W. Ralston Westlake for construction of a new state office building on a downtown site previously contemplated for a skyscraper. The governor said the land would cost about 11 million dollars compared with approximately $650,000 for another site under consideration near the Statehouse.

Asked whether he would inquire into complaints about discrimination in student housing at Ohio State University, DiSalle termed that a matter for OSU trustees. He said the trustees are expected to look into the situation at their July meeting.

Would Ask U.S. Help

TOKYO (AP) — Foreign Minister Aiichiro Fujiyama told a Parliamentary Committee today the government would ask the United States for military help if Russia should attack Japan.

Reds Display 'Spy Items' Of Downed Plane

Soviet Puts Blame Of Flight Squarely On U.S. Government

MOSCOW (AP)—The Soviet Union today put on display "spy equipment" it said came from the American plane downed over Sverdlovsk May 1.

Among the items was a hypodermic needle which Premier Nikita Khrushchev has said was carried by the plane's pilot, Francis G. Powers. Khrushchev said Powers was supposed to have killed himself with poison on the needle.

The equipment was displayed at a news conference where Foreign Minister Andrei Gromyko said any aircraft which "again dare to make a sortie into our borders will be smashed to smithereens."

He reiterated that nations furnishing bases for spy flights will have those bases obliterated.

Gromyko said evidence leaves no doubt that responsible U.S. agencies which sent the plane over the Soviet Union were acting in the interest of preparing an aggression and pursuing a course hostile to peace.

From the standpoint of international law, the foreign minister added, the intrusion of a U.S. plane into the air space of the Soviet Union "is an act of aggression."

Gromyko declared the Soviet Union will "spare no effort for a mutual agreement" at the Paris summit meeting despite the U2 spy-plane incident.

The Soviet Union, in a note Tuesday, laid the blame for the Powers' flight squarely on the U.S. government—not just its military leaders—and indicated the flier may be tried for espionage.

Moscow Radio today followed up the protest note to Washington with a strong hint that further U.S. flights over the Soviet Union might trigger a Soviet bomb attack on the United States.

Employment Scores Big Gain

Ike Says U.S. Economy Passes Half-Trillion Mark

WASHINGTON (AP)—President Eisenhower today announced that the nation's economy has passed the half-trillion-dollar mark for the first time in history.

The President also disclosed at his news conference that employment last month scored the biggest April gain since World War II.

Reading from notes, Eisenhower took advantage of a question about housing legislation to discuss the economic picture which has been causing puzzlement and concern in many quarters since the first of the year.

Eisenhower said employment increased by 1,900,000 in April to 66,200,000.

He said unemployment dropped sharply—falling by more than half a million.

Detailed figures on the job picture were to be announced later by the Labor Department.

Eisenhower's disclosure of the favorable employment report, it was learned on reliable authority, was pushed up a day to give the President something good to announce amid all the criticism of the handling of the American spy flight over Russia.

The government had planned to announce the new job figures Thursday. The job data is rarely handled out of the White House.

Tax Collection Slated With June 20 Deadline

LISBON—County Treasurer Vincent C. Judge said today that statements for the concluding payment for the second-half 1959 real estate taxes will be placed in the mail by Wednesday, May 25, carrying a closing date of June 20.

The owner as of Jan. 1 of any year is obligated for the full year.

By law, the collection due dates are Dec. 20, for first half and June 20 of the following year for the second half.

However, the opening and closing of any collection is subject to the delivery of the tax duplicates by the county auditor.

Census Totals Given On Area

4 More Communities Listed By Supervisor

The 1960 Federal Census figures for four more Columbiana County communities were released today by Howard Borden of Steubenville, district supervisor, as part of a preliminary report on the "nose count" in five Eastern Ohio counties and their principal communities.

Borden's report shows these previously unreported census figures: East Palestine, 5,241; Columbiana, 4,171; Lisbon, 3,555, and Leetonia, 2,543. It confirmed that Columbiana County's new population total is 106,589 and that the totals for other major communities are: East Liverpool, 22,158; Salem, 13,797, and Wellsville, 7,076.

Jefferson County's new population total is 100,001, Borden said. Totals for principal communities are: Steubenville, 33,019; Toronto, 7,766; Mingo Junction, 4,951, and Wintersville, 3,583.

Belmont County's population now is 83,491, Borden reported. The totals for principal communities: Martins Ferry, 13,771; Bellaire, 11,473; Shadyside, 5,011; Barnesville,

Queen Crowning To Highlight Junior-Senior Prom Friday

The crowning of a queen and her attendants will highlight the annual Junior-Senior Prom of East Liverpool High School Friday night at Memorial Auditorium.

The senior queen and her junior attendants were selected by the two classes, with the identity remaining secret until the official crowning at 11 o'clock.

The girls will be escorted to the throne up stairs covered with roses, following the theme for the dance "Stairway To The Stars", by the Junior Class officers. Wilbur (Skip) Hall, president, will crown the queen and her court with jeweled tiaras purchased by the class of 1960.

The affair is scheduled from 9 until 12 o'clock. Parents are invited to attend the grand march only, set for 9:30. It will be led by the officers, committee chairmen and their dates.

Hall and Joan Gilmore are co-chairmen for the dance. Music will be by Blaine Shivley's Orchestra.

Junior Cabinet members assisting will be Judy Gallagher, Susan Bowen, Sondra Osborne, Susan Horger, Joe Thompson, Frances Leon, Nancy Fowler, Tom Wiegand, Kenny Cunningham, Tim Archer and Gary Hicks.

Sponsors are Mrs. Patricia Steele, Miss Carol Hand, Miss Ruth Winland, Michael Misconish, Rey Peduzzi and Stanley Kamarados.

Members of the Sophomore class who will serve refreshments are Darla Bryan, Colleen Bucher, Vicki Heidel, Linda Kupchinsky, Ann Sixt, Nancy Smith, Charles Allen, Gary Jones, Paul Jarvis, Arthur Stacey and Arthur Turner.

Assisting in the checking room will be Brenda Harris, Shirley Davis, Barbara Dray and Barbara Fersch.

Reports Given Midland Unit Of Girl Scouts

Reports of neighborhood chairmen were given at the meeting of the Midland District Girl Scout committee Monday night in Lincoln High School with Mrs. George Mastrovich, district chairman, presiding.

Mrs. Richard Graham opened by reading a verse, "About Love."

Mrs. Graham, secretary-treasurer, read the minutes and gave the treasurer's report, which were approved.

Neighborhood chairmen reporting were Mrs. Graham, Ohio Township; Mrs. Steve Hazy, Ohio View; Mrs. Harry, Midland Heights, and Mrs. William Black, Midland. Their neighborhood reports were approved by Mrs. Richard Carr, field director. The chairmen also said there is an urgent need for leaders, assistants and committee women, as each neighborhood has a long waiting list of girls desiring to join the Brownies and Girl Scout units. But troops cannot be formed until qualified volunteers are available. Women interested in scouting may contact Mrs. Mastrovich, NE. 4-8131, or the neighborhood chairmen.

Mrs. Francis Crytzer, Day Camp director, announced girls must submit their camp cards by Sunday to be assigned to the proper unit. The camp will be held at Brady's Run Park Aug. 1-5. The deadline for the camp fee of $3.50 is July 1. Mrs. Crytzer said volunteer help is greatly needed and volunteers should submit their names to her or Mrs. James Stahl, assistant camp director, both of Ohio View.

Mrs. Hazy was assigned to open the next district committee meeting Sept. 6 in Room 206 of the high school.

To Hear Boat Case

LEBANON, Ohio (AP) — Judge Albert Herrick has agreed to hear next Tuesday the case of a Morrow man charged with violating county boat rules on the Little Miami River. The judge postponed a hearing in the case Tuesday. Pleasure boat operators have been aroused over the case of Charles Ben Sams, charged with operating a 40 horsepower motor boat on the river in defiance of County Commission rules limiting boats to six horsepower motors.

Hearing Set On May 21 In Hancock Auto Case

Gary Freeman, 16, of New Cumberland R. D. 1 will be given a hearing May 21 at 10 a. m. before Squire John D. Herron of New Cumberland on a charge of improper passing, the Hancock County sheriff's office said today.

Freeman was cited after he attempted to pass an auto driven by Rancel Stewart, 36, of New Cumberland R. D. 1, Tuesday at 1:30 a. m. at the Y intersection of U. S. Route 30 and State Route 2 near Chester. Sheriff deputies investigated the two-car crash.

Results from 1,267 polling places gave Kelly 42,380, against 30,628 for the closest challenger, State Sen. Jack A. Nuckols of Beckley. Former Huntington Mayor Martin V. Chapman was unopposed for the GOP nomination.

There were no primary contests as to the two State Supreme Court seats which come up this year. Incumbent Democrats Chauncey Browning of Logan and Harlan M. Calhoun of Moorefield, and GOP challengers E. Franklin Pauley of Charleston and Dayton R. Stemple of Philippi, were nominated without opposition. The terms are for 12 years.

Thomas A. Edison took out more than 1,000 patents.

12 Inducted; June Call's 3

Twelve Columbiana County men left for Cleveland Tuesday afternoon for induction to complete the May quota of County Draft Board 16 at Lisbon.

Inducted were:

Harold R. Taylor, 906 Chestnut St., and Richard Lee Green, McKee Ave., East Liverpool; Robert Walter Winkler and Michael Herbert Lutsch, Salem; Paul Francis Monte, 339 Commerce St., Samuel John Laneve, 554 Campground Rd., and Charles Robert Murphy, 528 9th St., Wellsville.

John Edward Rardon, R. D. 2, and David Warren Smith, 409 Jefferson St., Salineville; Leamond Black Jr., East Palestine R. D. 1; David Eugene Burson, Rogers R. D. 1, and Gorden Dale Schrecengost, Beloit R. D. 2.

The board meanwhile was notified the June quota will be 3 men, part of the state Selective Service call for 543. This is 60 fewer than the May call. Men 22 or older on June 1 are subject to call.

16 Attend Wellsville Kiwanis Club Dinner

Sixteen attended a meeting of the Wellsville Kiwanis Club Tuesday night at Piatt's Tea Room.

The Rev. Joseph Varner spoke on mental health and discussed his experiences in connection with his former work at the Apple Creek State Hospital in Wayne County.

Rev. Varner served for several years as a Protestant chaplain at the institution.

Richard Brown, president, presided.

Seize Cuba Newspaper

HAVANA (AP) — Pro-government unions early today seized Diario de la Marina, Cuba's oldest newspaper and the loudest critic of Prime Minister Fidel Castro and his regime.

To Hear Boat Case

LEBANON, Ohio (AP) — Judge Albert Herrick has agreed to hear next Tuesday the case of a Morrow man charged with violating county boat rules on the Little Miami River. The judge postponed a hearing in the case Tuesday. Pleasure boat operators have been aroused over the case of Charles Ben Sams, charged with operating a 40 horsepower motor boat on the river in defiance of County Commission rules limiting boats to six horsepower motors.

Governor

(Continued from Page One)

er was Judge Jo N. Kenna of the State Supreme Court and his grandfather was the late U.S. Sen. John E. Kenna.

Elmer H. Dodson, Charleston city solicitor, apparently was beating George F. Beneke of Elm Grove for the GOP nomination for attorney general.

John H. Kelly of Charleston, director of finance in the State Agriculture Department for the past 11 years, came out on top in the four-man Democratic contest for the nomination to succeed Skeen as treasurer. Results from 1,267 polling places gave Kelly 42,380, against 30,628 for the closest challenger, State Sen. Jack A. Nuckols of Beckley. Former Huntington Mayor Martin V. Chapman was unopposed for the GOP nomination.

There were no primary contests as to the two State Supreme Court seats which come up this year. Incumbent Democrats Chauncey Browning of Logan and Harlan M. Calhoun of Moorefield, and GOP challengers E. Franklin Pauley of Charleston and Dayton R. Stemple of Philippi, were nominated without opposition. The terms are for 12 years.

Thomas A. Edison took out more than 1,000 patents.

12 Inducted; June Call's 3

Twelve Columbiana County men left for Cleveland Tuesday afternoon for induction to complete the May quota of County Draft Board 16 at Lisbon.

Inducted were:

Harold R. Taylor, 906 Chestnut St., and Richard Lee Green, McKee Ave., East Liverpool; Robert Walter Winkler and Michael Herbert Lutsch, Salem; Paul Francis Monte, 339 Commerce St., Samuel John Laneve, 554 Campground Rd., and Charles Robert Murphy, 528 9th St., Wellsville.

John Edward Rardon, R. D. 2, and David Warren Smith, 409 Jefferson St., Salineville; Leamond Black Jr., East Palestine R. D. 1; David Eugene Burson, Rogers R. D. 1, and Gorden Dale Schrecengost, Beloit R. D. 2.

The board meanwhile was notified the June quota will be 3 men, part of the state Selective Service call for 543. This is 60 fewer than the May call. Men 22 or older on June 1 are subject to call.

Nuclear Experts Meet

GENEVA (AP) — Nuclear scientists and seismologists from the United States, Britain and Russia met today to plan a research program to improve the dctection of underground nuclear explosions.

The Blue Fairy And White Lie

The reconnaissance plane that Francis Gary Powers was flying over Russian territory should have been called "The Blue Fairy."

When it and its pilot were brought to earth, some myths came to earth, too.

Americans learned, after a spatter of awkward and foolish official falsehoods, that their government is as ruthless as they know the Russian government is in espionage.

The only reason this was a shock, instead of confirmation of something ardently to be hoped for, is that citizens of the United States had been sheltered against the facts of international life.

It never should have been a secret that Central Intelligence Agency was doing everything in its power to keep posted about the Soviet Union. It now can be assumed that CIA agents and operatives are at work 365 days a year inside Russia, as it always has been assumed that Russian agents are at work 365 days a year inside the United States.

It may be possible, as Americans learn to think in this new dimension of reality, that they will concede their own government has as strong a right to survival as any other government. Instead of being ashamed because one American on a spy mission was caught at a time and in a manner that proved embarrassing, Americans may learn to be proud because their government is showing more know-how and know-why than they had given it credit for.

ANY EFFECT on the summit conference could not be significant, because nothing significant has been added to the background of that particular event.

Two significant facts have been added to the background of other events and circumstances, however — and those must be comprehended quickly in order to appraise what is likely to happen next.

First, every foreign nation that houses a U.S. air base has been given notice that it is under Soviet suspicion as a source of unfriendly activity and eventually might be under Russia missile attack. Pakistan, Turkey and Norway are directly and immediately concerned. The U2 flight started in Pakistan and apparently was interrupted by a stopover in Turkey en route to Norway. The U.S. mutual security program is in trouble.

Second, the United States now has reason to believe that Russia may have ground-to-air missiles capable of bringing down a high-altitude plane. This is a counter-weapon the Russians reportedly had not perfected. If their antiaircraft missiles now can home in on and bring down a small plane flying at something more than 60,000 feet, the United States needs to demonstrate in the near future that it can do the same thing.

Planners for the Strategic Air Command are confronted with evidence that their massive retaliation strategy, in the event of a missile attack or even a bomber attack on the United States, is not quite as massive as it was before.

WHEN THESE and other realizations have been mulled over and filed in the order of their importance, the most important is likely to be the realization that the United States is being utterly realistic about the Soviet Union as a source of international tension.

"The Blue Fairy" has been shot down permanently. If "The White Lie" were to be destroyed with it, Americans could thank Nikita Khrushchev for doing them a favor.

Undergrads—Look Now To The Future

Advice literally will be running out of the ears of graduating seniors at East Liverpool and other high schools during the next few weeks.

All in all, it will be sound advice, and should be heeded. So, with the feeling that the seniors will be well taken care of by those more qualified, our thoughts again turn toward the underclassmen — those who will be back next year.

To those who will return as seniors and juniors during the 1961-62 school term, may we say this: Set your sights now on a college education and begin laying the groundwork preparatory to enrollment.

Don't wait until June of the year in which you will graduate from high school. If you do, your problems will be multiplied many times.

Going to college isn't merely a matter of going to college. Rather, it's a matter of first determining what line of endeavor you wish to pursue and which school offers you the best opportunities in this direction; it's a matter of closely studying the financial demands and how best to meet them; it's a matter a looking into the dozens of other material aspects of the problem; and, equally important, it's a matter of assuming the proper mental attitude toward such an education, firm in the knowledge that much hard work lies ahead, but that from such labors will emerge a stepping-stone into a successful and fairly secure future.

Get busy now. Discuss your future with your parents, your teachers, your principal, your superintendent, others already in college, others already out, your minister — with any one whose advice will prove beneficial.

While there's many a slip between the high school cap and gown and a college entrance exam, in most cases preparation now for continuing your education later will pay handsome dividends.

No Confidence

Alfred A. Benesch, a member of the Cleveland Board of Education whose tax levy proposals were voted down in the May primary, wonders how many other board members are tempted to resign. Explaining his state of mind at a board meeting this week, he compared what happened to the Cleveland school proposals at the polls to parliamentary government when it cannot command a vote of confidence.

"In England and France, when an administration proposal is defeated," he said, "the prime minister resigns. Maybe that's what they want; maybe they believe we should let them run the schools. I won't say I'll resign if their attitude persists, but I'm strongly tempted to and I know that other board members are so tempted.

"The membership of this board represents 75 years of service. I am curious to know whether the Chamber of Commerce and the others who oppose the levies feel they are more competent than we to run the schools. If they are, we should abdicate in their favor."

Mr. Benesch has stated what many school board members have thought when they encountered opposition to financial proposals —that their opponents should be made to bear responsibility for their oppostion. Instead it has been the practice whenever school board proposals are defeated for board members, themselves, to pick up the pieces and keep the schools open.

This has been a tribute to the loyalty and patience of these unpaid trustees of public education, but it also has been an open invitation to irresponsible opposition. With Mr. Benesch, many citizens wonder what the effect might be if opponents of school financing proposals always were warned in advance that resignations would follow defeat of school board proposals. There might be less opposition.

Another Milestone

J. Edgar Hoover observed Tuesday the 36th anniversary of his appointment as director of the Federal Bureau of Investigation.

There is no need to dwell on the details of his career or his reputation. Even if they had not been repeated many times over, few citizens of this country would be ignorant of them.

We mention the event only because it is wise to remind ourselves in these cynical times that men of character are present among us, serving as models for behavior and sources of hope.

J. Edgar Hoover is not the only such man. There are other men of integrity and dedication to public service, and Mr. Hoover would be the first to mention them because he knows so many of them so well, having worked with and for them.

But he stands out because of the longevity of his service. His name has been a household word standing for the best in public office for so many years that few today can remember when it was not so.

The FBI is an institution among institutions only because J. Edgar Hoover is a man dedicated to his country, demanding of near-perfect performance and utterly trustworthy with power.

Parting of Lucy and Desi has upset more Americans than troubles in Cuba, Korea and Turkey. It is like getting word that Ike has left Mamie. Here are two performers who came zooming into millions of homes weekly, the very symbols of domestic bliss. Even their troubles with immediate neighbors, the Mertzes, were trivial.

For a decade "I Love Lucy" came over the air in the form of two hearts that beat as one. They seemed an antidote to global growls, worldwide conflicts, ultimatums and talk of air-raid shelters. Arrival of their babies gripped the country as much as an election campaign, if not more.

Lucille made the country roar and Desi was a big help, with or without a bongo routine. They cheered sourpusses, troubled souls and shut-ins.

That the picture could be as false as a TV quiz setup was unsuspected. A video fan could as easily have thought Mr. and Mrs. Perry Como were not getting along.

The initial news that all might not be harmonious was bad enough but you could have knocked the country over with a commercial when it became clear that "I Love Lucy" had done a switch to "I Lose Lovey."

Millions groaned when Lucille branded Desi a "Dr. Jekyl and Mr. Hyde." A Jekyll with a bongo drum! A Mr. Hyde with a Spanish accent and a baton! Rep. Forand Plans Mass Rallies

By Victor Riesel

PAWTUCKET, R.I.

This is the home district of an ex-newspaperman who is rapidly becoming a bigger story than any he ever reported. The old by-line was Aime Forand. Now it's Rep. Forand. And there are political and labor leaders here who say that they wouldn't be surprised if some day — soon — it was Vice President Forand.

Victor Riesel

Those are his partisans in the Democratic party, of course. But there's no doubt that the man, a popular Knights of Columbus Fourth Degree leader, will be a force in the big race.

Forand's medical aid for the aged bill has made him a power everywhere I went in the heavy labor areas across the United States in the past few weeks.

EVIDENCE of what is making Congressman Forand a name of magic in labor circles is a batch of leaflets piled up alongside my typewriter. They are in Chinese, Italian and Yiddish as well as in English.

There would be some in Spanish, but those who write them tell me that the two million Puerto Ricans in the U.S. have a long way to go to their 65th birthday when they'd be eligible for the kind of free medical aid Forand wants legislated.

The leaflets are the advance literature of tons of other throw-aways which will cascade down on the nation's big cities from coast to coast. These particular leaflets advertise a mass Madison Square Garden Rally in New York City on May 18.

Officially it is called the Senior Citizens Rally. Its sponsor is the Council of the Golden Ring Clubs of Senior Citizens in cooperation with clubs and centers of older people in New York, New Jersey, Pennsylvania, Maryland, Connecticut and Massachusetts.

Early on the morning of the 18th, buses will leave from big cities in those states and converge on Manhattan.

Regardless of what the conference is called officially, everybody talks of it as the Forand rally.

There will be some 20,000 older folks in the Garden that Wednesday and thousands jamming blocked off streets, it's safe to predict.

The rally's leaders wanted a bipartisan roster. They contacted the Republican National Committee and Nelson Rockefeller. But so much has the medical aid to the aged become one of the biggest domestic issues in this presidential election that the New York governor said politely he couldn't make it.

Sen. Thruston Morton, chairman of the Republican National Committee, told the rally committee he was writing to Secretary of Labor Mitchell urging the cabinet member to speak. Jim Mitchell apologized for not being able to accept. Health, Education and Welfare Secretary Arthur Flemming said he would be abroad.

THERE WERE equally polite refusals from the Democratic national leadership. Sen. Lyndon Johnson and Rep. Sam Rayburn said they would be tied up with end-of-the-session legislation. After some hesitation Harry Truman sent a warm note saying he too would be busy.

There is no doubt that all these men would have been happy to address a rally of old folks, run by old folks for old folks. But appearing on the same platform with Rep. Forand and seeming to endorse his multi-billion dollar free public health plan was another thing. There are few in public life who are quite ready to back the big bill sponsored by the congressman.

Yet there is no one in public life who wants to disassociate himself entirely from the basic point raised by the gentleman from Pawtucket and Valley Falls, R.I.

There will, for example, be an energetic Republican on the platform. He will be New York's Sen. Jack Javits, who will take his chances and back his own bill for a broad voluntary health aid to the aged program.

There also will be FDR's Labor Secretary, Madame Frances Perkins, and AFL-CIO president George Meany, among others.

But the speaker who will tear down the house will be Rep. Aime Forand, himself just five days short of 65, in the first of his series of appearances before giant rallies in the great cities across the nation.

Voters Awakening

By Raymond Moley

For several years, especially since the disastrous Republican losses in 1958, many civic, business, and other leaders have been active in awakening voters to their need to take a more active interest in political affairs.

Trade associations have been urging organized efforts to educate and train leaders at the local level to help awaken the large, apathetic numbers who have most to lose by the inflationary policies of the "liberals."

That these efforts are bearing fruit is shown by the unexpectedly large vote for Vice President Nixon in primaries in which he made no personal contest.

It is no reflection upon Nixon's qualifications and experience for the presidency to say that no one, including himself, anticipated that he or any other Republican could get out such a vote as President Eisenhower received in 1952 and 1956.

A war hero such as Eisenhower, Grant, or Jackson creates something other than a party vote. That can come only once in a generation.

MEANWHILE, the disparity between the Republican and Democratic votes since the war can be accounted for by the efficient efforts of the political labor unions, certain pressure groups, and others. To maintain a balance between the parties, it is necessary to move those hitherto inactive voters who have most to lose by liberalism.

The first sign of a change was in the New Hampshire primary in March. Sen. Kennedy and another Democrat on the ballot received nearly 48,000 votes, which was a record for the Democrats. But Nixon, without a personal campaign, received more than 65,000. This contrasts with the 1956 vote of 56,464 for President Eisenhower.

In the Pennsylvania primary in April, the results were more striking because of the large industrial and union vote in the state. In the entire state Nixon received 943,797 votes, which was almost equal to the Eisenhower vote in 1956.

The Democratic votes were all write-in choices. Kennedy received 171,000, with other Democrats far behind.

In Indiana, in the five counties with the largest industrial population the Nixon vote was 22 per cent higher than the 1956 vote for President Eisenhower.

In Lake County, with Gary the large center of population and with 50,000 steelworkers, Nixon received almost exactly the same vote as was cast for President Eisenhower in 1956.

In the entire state of Indiana the Nixon vote was 401,000; Kennedy, 351,000, and the 1956 Eisenhower vote, 351,000.

THE DEMOCRATIC claim has been that in all Democratic votes, including those for Kennedy and his rivals, there were in the whole state 10,000 more Democratic votes than votes for Nixon. But to claim a victory for Kennedy who campaigned in Indiana over Nixon, who did not, one must assume that all the votes for the other Democrats would be for Kennedy. Since there were 30,000 Democrats who did not vote at all, this is a rather dubious claim.

The significance of the Nixon vote in all three states is that there is a stirring of interest greater than ever before among those opposed to modern liberalism.

This shows the effect of the many educational campaigns mentioned above. It also disposes of the claim, industriously circulated by Rockefeller backers in New York, that "Nixon can't win."

These primary votes by no means prove that Nixon could win in November. But they throw a heavy burden of proof on those who have claimed that he would be a weak candidate. And they certainly show that no other Republican can equal him in strength with the voters.

Blessing In Disguise?

By David Lawrence

Plane Incident May Aid 'Open Skies' Plan

The shooting down of the American plane over the Soviet Union may yet prove to be a blessing in disguise.

For it could mean that at last the whole world will be awakened to the danger of a surprise attack that might be ordered by the Soviet rulers. The episode could force an international agreement for aerial inspection that would aid the cause of disarmament.

David Lawrence

At first, it seemed that the Department of State had erred by admitting that an American plane had been taking pictures over Soviet Russia. But the incident now helps to focus attention on what has been done and can be done by aerial photography—by satellites as well as high-altitude planes.

Francis Powers was only about 12,000 feet in the air but planes of the type he was piloting can travel five times that height. Indeed, the United States is building a satellite that can photograph places inside Russia from a height of several hundreds of miles. Golf balls on a golf course have been photographed from a height of nearly six miles in the air.

THE RUSSIANS have had satellites crossing the United States. What they may have photographed in this way and by balloons has not been disclosed but the belief is growing that Moscow has learned about the remarkable plans the United States has in preparation for effective picture-making high in the skies and doesn't like the outlook. Hence the furor raised over the plane.

But with a surprise attack by missiles being a matter of minutes —some say only 20 minutes—it is essential to the safety of the United States that Soviet missile bases be accurately located in advance so that air channels can be patrolled and counter-measures prepared to resist surprise attack.

On April 29, a formal report of the House Committee on Appropriations said:

"In the final analysis, to effectively deter a would-be aggressor, we should maintain our armed forces in such a way and with such an understanding that should it ever become obvious that an attack upon us or our allies is imminent, we can launch an attack before the aggressor has hit either us or our allies. This is an element of deterrence which the United States should not deny itself. No other form of deterrence can be fully relied upon."

This is not a new subject to the military and intelligence folks but it is new to most people. Actually, President Eisenhower at the last summit conference at Geneva made the following declaration, dated July 21, 1955:

"I propose that we take a practical step, that we begin an arrangement, very quickly, as between ourselves—immediately. These steps would include:

"To give to each other a complete blueprint of our military establishments, from beginning to end, from one end of our countries to the other, lay out the establishments and provide the blueprints to each other.

"Next, to provide within our countries facilities for aerial photography to the other country—we to provide you the facilities within our country, ample facilities for aerial reconnaissance, where you can make all the pictures you choose and take them to your own country to study, you to provide exactly the same facilities for us and we to make these examinations and by this step to convince the world that we are providing as between ourselves against the possibility of great surprise attack, thus lessening danger and relaxing tensions.

"Likewise we will make more easily attainable a comprehensive and effective system of inspection and disarmament, because what I propose, I assure you, would be but a beginning. . . .

"The United States is ready to proceed in the study and testing of a reliable system of inspections and reporting and, when that system is proved, then to reduce armaments with all others to the extent that the system will provide assured results.

"The successful working out of such a system would do much to develop the mutual confidence which will open wide the avenues of progress for all our peoples."

SCIENCE HAS progressed rapidly since Khrushchev rejected the Eisenhower proposal in 1955.

America now is way ahead in the technique of aerial photography. The Soviets know it and are scared. This may have been one of the reasons why they raised such a fuss about an unarmed photographic plane, though they themselves have used balloons and other devices to photograph sites on American territory.

The United States is ahead of Russia in weather satellites, communications satellites and photographic satellites, all of which open up new vistas in the field of military science.

America's purpose is to guard against surprise attack. Moscow may have played into America's hands by dramatizing the fate of a single pilot in an unarmed plane obviously engaged only a photographic mission.

President Eisenhower now has a great opportunity to revive his "open skies" proposal and to put the Soviets on the spot once more if they refuse to negotiate.

Certainly America isn't going to stop photographing from way up in the skies if the Soviets refuse to agree to a plan of aerial inspection which sets up new principles of international law.

Question For Mr. K

By James Marlow

WASHINGTON

The State Department lied about the American spy-plane which Premier Nikita Khrushchev says was shot down over the Soviet Union. But maybe he was lying when he said it was shot down at all.

He said the plane was hit by a Soviet rocket at 63,000 feet but that the American pilot, Francis G. Powers, parachuted to safety. That brings up question No. 1:

How could the pilot have escaped at all if a rocket hit his plane?

Khrushchev said the plane carried various equipment for aerial spying, such as cameras, instruments for spotting radar networks, and other special engineering devices.

He said the Soviets now have the plane's equipment. He said they have something else, too: The film used by Powers to photograph Soviet territory, such as airfields. The Soviets, Khrushchev said, developed this film.

And he produced photographs to prove it. He also produced photographs of what he said was the wreckage of the spy-plane on the ground. But that plane—or, rather, the wreckage—had been almost destroyed by fire.

So that produces question No. 2: If that was truly the spy-plane, how could the Soviets have pulled out of that burning wreckage not only the films but the special equipment Khrushchev said the plane had?

In this country the American designer of the plane, C. L. Johnson, spent many hours looking at copies of the photograph which Khrushchev said showed the spy-plane wreckage.

Then Johnson said: He was convinced it was not the spy-plane at all but some other plane. To back up his statement he went into detail about parts of the plane still visible after the fire and said they were not parts of the plane he designed.

And Tuesday in Congress Rep. Clarence Cannon (D-Mo) said the spy-plane had not been shot down but was forced down by "some unforeseen and unavoidable mechanical or physiological defect."

Just how Cannon knew what he was talking about isn't clear, either. But he is chairman of the House Appropriations Committee which approves money for such activities as spying.

One thing stands out here: By Khrushchev's own admission the plane had penetrated more than 1,200 miles into Soviet territory before it went down. That doesn't make Soviet defenses look good.

Khrushchev boasts of Soviet might. It would have been embarrassing for him to admit an American plane got 1,200 miles into the Soviet Union and was discovered only after it came down by itself because of a mechanical defect.

Cannon went further in a way which makes the quality of Soviet defense against aerial penetration look pretty sad from a military view.

He said spy flights over the Soviet Union had been made since 1946 and some had gone as much as 1,300 miles inside the Soviet Union.

In the past 10 years a number of U.S. planes have been shot down by Soviet aircraft. Most of the incidents, however, happened in the Far East, on the fringes of Japan, Siberia, and Korea.

The State Department lied about the spy-plane when it said—before it knew now much information Khrushchev had—that there never was any "attempt to deliberately violate Soviet air space."

When Khrushchev produced the goods—mainly his revelation the pilot had been captured and was alive—Secretary of State Christian A. Herter admitted this country had been sending spy planes over the Soviet Union for years.

The Blue Fairy And White Lie

The reconnaissance plane that Francis Gary Powers was flying over Russian territory should have been called "The Blue Fairy."

When it and its pilot were brought to earth, some myths came to earth, too.

Americans learned, after a spatter of awkward and foolish official falsehoods, that their government is as ruthless as they know the Russian government is in espionage.

The only reason this was a shock, instead of confirmation of something ardently to be hoped for, is that citizens of the United States had been sheltered against the facts of international life.

It never should have been a secret that Central Intelligence Agency was doing everything in its power to keep posted about the Soviet Union. It now can be assumed that CIA agents and operatives are at work 365 days a year inside Russia, as it always has been assumed that Russian agents are at work 365 days a year inside the United States.

It may be possible, as Americans learn to think in this new dimension of reality, that they will concede their own government has as strong a right to survival as any other government. Instead of being ashamed because one American on a spy mission was caught at a time and in a manner that proved embarrassing, Americans may learn to be proud because their government is showing more know-how and know-why than they had given it credit for.

ANY EFFECT on the summit conference could not be significant, because nothing significant has been added to the background of that particular event.

Two significant facts have been added to the background of other events and circumstances, however — and those must be comprehended quickly in order to appraise what is likely to happen next.

First, every foreign nation that houses a U.S. air base has been given notice that it is under Soviet suspicion as a source of unfriendly activity and eventually might be under Russia missile attack. Pakistan, Turkey and Norway are directly and immediately concerned. The U2 flight started in Pakistan and apparently was interrupted by a stopover in Turkey en route to Norway. The U.S. mutual security program is in trouble.

Second, the United States now has reason to believe that Russia may have ground-to-air missiles capable of bringing down a high-altitude plane. This is a counter-weapon the Russians reportedly had not perfected. If their antiaircraft missiles now can home in on and bring down a small plane flying at something more than 60,000 feet, the United States needs to demonstrate in the near future that it can do the same thing.

Planners for the Strategic Air Command are confronted with evidence that their massive retaliation strategy, in the event of a missile attack or even a bomber attack on the United States, is not quite as massive as it was before.

WHEN THESE and other realizations have been mulled over and filed in the order of their importance, the most important is likely to be the realization that the United States is being utterly realistic about the Soviet Union as a source of international tension.

"The Blue Fairy" has been shot down permanently. If "The White Lie" were to be destroyed with it, Americans could thank Nikita Khrushchev for doing them a favor.

Undergrads—Look Now To The Future

Advice literally will be running out of the ears of graduating seniors at East Liverpool and other high schools during the next few weeks.

All in all, it will be sound advice, and should be heeded. So, with the feeling that the seniors will be well taken care of by those more qualified, our thoughts again turn toward the underclassmen — those who will be back next year.

To those who will return as seniors and juniors during the 1961-62 school term, may we say this: Set your sights now on a college education and begin laying the groundwork preparatory to enrollment.

Don't wait until June of the year in which you will graduate from high school. If you do, your problems will be multiplied many times.

Going to college isn't merely a matter of going to college. Rather, it's a matter of first determining what line of endeavor you wish to pursue and which school offers you the best opportunities in this direction: it's a matter of closely studying the financial demands and how best to meet them; it's a matter a looking into the dozens of other material aspects of the problem; and, equally important, it's a matter of assuming the proper mental attitude toward such an education, firm in the knowledge that much hard work lies ahead, but that from such labors will emerge a stepping-stone into a successful and fairly secure future.

Get busy now. Discuss your future with your parents, your teachers, your principal, your superintendent, others already in college, others already out, your minister — with any one whose advice will prove beneficial.

While there's many a slip between the high school cap and gown and a college entrance exam, in most cases preparation now for continuing your education later will pay handsome dividends.

Forand and seeming to endorse his multi-billion dollar free public health plan was another thing. There are few in public life who are quite ready to back the big bill sponsored by the congressman.

Yet there is no one in public life who wants to disassociate himself entirely from the basic point raised by the gentleman from Pawtucket and Valley Falls, R.I.

There will, for example, be an energetic Republican on the platform. He will be New York's Sen. Jack Javits, who will take his chances and back his own bill for a broad voluntary health aid to the aged program.

There also will be FDR's Labor Secretary, Madame Frances Perkins, and AFL-CIO president George Meany, among others.

But the speaker who will tear down the house will be Rep. Aime Forand, himself just five days short of 65, in the first of his series of appearances before giant rallies in the great cities across the nation.

Voters Awakening

By Raymond Moley

For several years, especially since the disastrous Republican losses in 1958, many civic, business, and other leaders have been active in awakening voters to their need to take a more active interest in political affairs.

Trade associations have been urging organized efforts to educate and train leaders at the local level to help awaken the large, apathetic numbers who have most to lose by the inflationary policies of the "liberals."

That these efforts are bearing fruit is shown by the unexpectedly large vote for Vice President Nixon in primaries in which he made no personal contest.

It is no reflection upon Nixon's qualifications and experience for the presidency to say that no one, including himself, anticipated that he or any other Republican could get out such a vote as President Eisenhower received in 1952 and 1956.

A war hero such as Eisenhower, Grant, or Jackson creates something other than a party vote. That can come only once in a generation.

MEANWHILE, the disparity between the Republican and Democratic votes since the war can be accounted for by the efficient efforts of the political labor unions, certain pressure groups, and others. To maintain a balance between the parties, it is necessary to move those hitherto inactive voters who have most to lose by liberalism.

The first sign of a change was in the New Hampshire primary in March. Sen. Kennedy and another Democrat on the ballot received nearly 48,000 votes, which was a record for the Democrats. But Nixon, without a personal campaign, received more than 65,000. This contrasts with the 1956 vote of 56,464 for President Eisenhower.

In the Pennsylvania primary in April, the results were more striking because of the large industrial and union vote in the state. In the entire state Nixon received 943,797 votes, which was almost equal to the Eisenhower vote in 1956.

The Democratic votes were all write-in choices. Kennedy received 171,000, with other Democrats far behind.

In Indiana, in the five counties with the largest industrial population the Nixon vote was 22 per cent higher than the 1956 vote for President Eisenhower.

In Lake County, with Gary the large center of population and with 50,000 steelworkers, Nixon received almost exactly the same vote as was cast for President Eisenhower in 1956.

In the entire state of Indiana the Nixon vote was 401,000; Kennedy, 351,000, and the 1956 Eisenhower vote, 351,000.

THE DEMOCRATIC claim has been that in all Democratic votes, including those for Kennedy and his rivals, there were in the whole state 10,000 more Democratic votes than votes for Nixon. But to claim a victory for Kennedy who campaigned in Indiana over Nixon, who did not, one must assume that all the votes for the other Democrats would be for Kennedy. Since there were 30,000 Democrats who did not vote at all, this is a rather dubious claim.

The significance of the Nixon vote in all three states is that there is a stirring of interest greater than ever before among those opposed to modern liberalism.

This shows the effect of the many educational campaigns mentioned above. It also disposes of the claim, industriously circulated by Rockefeller backers in New York, that "Nixon can't win."

These primary votes by no means prove that Nixon could win in November. But they throw a heavy burden of proof on those who have claimed that he would be a weak candidate. And they certainly show that no other Republican can equal him in strength with the voters.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — There was an increase of $1,655 in the sale of automobile license plates in Columbiana County during April.

Fire of undetermined origin caused damage estimated at $23,000 in the Brookes Building on Market St.

About $300 was realized by East Liverpool Post 4, American Legion, from the annual Poppy Day drive.

TWENTY YEARS AGO — Dewitt D. Irwin Jr. of Thompson Ave. was elected second president of the East Liverpool Junior of Chamber of Commerce.

The eighth annual dinner and dance sponsored by the East Liverpool High School Band Mothers was held in the First Methodist Church and the Elks Temple.

Albert J. Smith was named president of the Lisbon Junior Chamber of Commerce.

TEN YEARS AGO—Police Chief L. J. Wise warned fireworks sellers that all July Fourth pyrotechnics were banned by state law except caps and cap pistols.

Miss Olga Gogal of Grant St., Newell, was chosen May Queen by nurses of the City Hospital School of Nursing.

Blessing In Disguise?

By David Lawrence

Plane Incident May Aid 'Open Skies' Plan

The shooting down of the American plane over the Soviet Union may yet prove to be a blessing in disguise.

For it could mean that at last the whole world will be awakened to the danger of a surprise attack that might be ordered by the Soviet rulers. The episode could force an international agreement for aerial inspection that would aid the cause of disarmament.

David Lawrence

At first, it seemed that the Department of State had erred by admitting that an American plane had been taking pictures over Soviet Russia. But the incident now helps to focus attention on what has been done and can be done by aerial photography—by satellites as well as high-altitude planes.

Francis Powers was only about 12,000 feet in the air but planes of the type he was piloting can travel five times that height. Indeed, the United States is building a satellite that can photograph places inside Russia from a height of several hundreds of miles. Golf balls on a golf course have been photographed from a height of nearly six miles in the air.

THE RUSSIANS have had satellites crossing the United States. What they may have photographed in this way and by balloons has not been disclosed but the belief is growing that Moscow has learned about the remarkable plans the United States has in preparation for effective picture-making high in the skies and doesn't like the outlook. Hence the furor raised over the plane.

But with a surprise attack by missiles being a matter of minutes —some say only 20 minutes—it is essential to the safety of the United States that Soviet missile bases be accurately located in advance so that air channels can be patrolled and counter-measures prepared to resist surprise attack.

On April 29, a formal report of the House Committee on Appropriations said:

"In the final analysis, to effectively deter a would-be aggressor, we should maintain our armed forces in such a way and with such an understanding that should it ever become obvious that an attack upon us or our allies is imminent, we can launch an attack before the aggressor has hit either us or our allies. This is an element of deterrence which the United States should not deny itself. No other form of deterrence can be fully relied upon."

This is not a new subject to the military and intelligence folks but it is new to most people. Actually, President Eisenhower at the last summit conference at Geneva made the following declaration, dated July 21, 1955:

"I propose that we take a practical step, that we begin an arrangement, very quickly, as between ourselves—immediately. These steps would include:

"To give to each other a complete blueprint of our military establishments, from beginning to end, from one end of our countries to the other, lay out the establishments and provide the blueprints to each other.

"Next, to provide within our countries facilities for aerial photography to the other country—we to provide you the facilities within our country, ample facilities for aerial reconnaissance, where you can make all the pictures you choose and take them to your own country to study, you to provide exactly the same facilities for us and we to make these examinations and by this step to convince the world that we are providing as between ourselves against the possibility of great surprise attack, thus lessening danger and relaxing tensions.

"Likewise we will make more easily attainable a comprehensive and effective system of inspection and disarmament, because what I propose, I assure you, would be but a beginning. . . .

"The United States is ready to proceed in the study and testing of a reliable system of inspections and reporting and, when that system is proved, then to reduce armaments with all others to the extent that the system will provide assured results.

"The successful working out of such a system would do much to develop the mutual confidence which will open wide the avenues of progress for all our peoples."

SCIENCE HAS progressed rapidly since Khrushchev rejected the Eisenhower proposal in 1955.

America now is way ahead in the technique of aerial photography. The Soviets know it and are scared. This may have been one of the reasons why they raised such a fuss about an unarmed photographic plane, though they themselves have used balloons and other devices to photograph sites on American territory.

The United States is ahead of Russia in weather satellites, communications satellites and photographic satellites, all of which open up new vistas in the field of military science.

America's purpose is to guard against surprise attack. Moscow may have played into America's hands by dramatizing the fate of a single pilot in an unarmed plane obviously engaged only a photographic mission.

President Eisenhower now has a great opportunity to revive his "open skies" proposal and to put the Soviets on the spot once more if they refuse to negotiate.

Certainly America isn't going to stop photographing from way up in the skies if the Soviets refuse to agree to a plan of aerial inspection which sets up new principles of international law.

Question For Mr. K

By James Marlow

WASHINGTON

The State Department lied about the American spy-plane which Premier Nikita Khrushchev says was shot down over the Soviet Union. But maybe he was lying when he said it was shot down at all.

He said the plane was hit by a Soviet rocket at 63,000 feet but that the American pilot, Francis G. Powers, parachuted to safety. That brings up question No. 1:

How could the pilot have escaped at all if a rocket hit his plane?

Khrushchev said the plane carried various equipment for aerial spying, such as cameras, instruments for spotting radar networks, and other special engineering devices.

He said the Soviets now have the plane's equipment. He said they have something else, too: The film used by Powers to photograph Soviet territory, such as airfields. The Soviets, Khrushchev said, developed this film.

And he produced photographs to prove it. He also produced photographs of what he said was the wreckage of the spy-plane on the ground. But that plane—or, rather, the wreckage—had been almost destroyed by fire.

So that produces question No. 2: If that was truly the spy-plane, how could the Soviets have pulled out of that burning wreckage not only the films but the special equipment Khrushchev said the plane had?

In this country the American designer of the plane, C. L. Johnson, spent many hours looking at copies of the photograph which Khrushchev said showed the spy-plane wreckage.

Then Johnson said: He was convinced it was not the spy-plane at all but some other plane. To back up his statement he went into detail about parts of the plane still visible after the fire and said they were not parts of the plane he designed.

And Tuesday in Congress Rep. Clarence Cannon (D-Mo) said the spy-plane had not been shot down but was forced down by "some unforeseen and unavoidable mechanical or physiological defect."

Just how Cannon knew what he was talking about isn't clear, either. But he is chairman of the House Appropriations Committee which approves money for such activities as spying.

One thing stands out here: By Khrushchev's own admission the plane had penetrated more than 1,200 miles into Soviet territory before it went down. That doesn't make Soviet defenses look good.

Khrushchev boasts of Soviet might. It would have been embarrassing for him to admit an American plane got 1,200 miles into the Soviet Union and was discovered only after it came down by itself because of a mechanical defect.

Cannon went further in a way which makes the quality of Soviet defense against aerial penetration look pretty sad from a military view.

He said spy flights over the Soviet Union had been made since 1946 and some had gone as much as 1,300 miles inside the Soviet Union.

In the past 10 years a number of U.S. planes have been shot down by Soviet aircraft. Most of the incidents, however, happened in the Far East, on the fringes of Japan, Siberia, and Korea.

The State Department lied about the spy-plane when it said—before it knew now much information Khrushchev had—that there never was any "attempt to deliberately violate Soviet air space."

When Khrushchev produced the goods—mainly his revelation the pilot had been captured and was alive—Secretary of State Christian A. Herter admitted this country had been sending spy planes over the Soviet Union for years.

2 Acts Booked

Post-Prom Party Set

TONY GARLAND
He'll Be Emcee, Vocalist.

FLORENCE FAYE
Appears In Novelty Act.

Three professional night club acts have been booked through a Pittsburgh agency for the annual post-prom party following the Junior-Senior dance Friday night at the Memorial Auditorium.

Tony Garland, Florence Faye and Sonny and The Premiers will be featured, according to the Junior Chamber of Commerce, sponsors of the fete.

Garland will serve as master of ceremonies. He is widely known for his impressions of movie and television stars and is a singer and comedian.

Miss Faye will present a novelty act. She is well known in the Pittsburgh area for her night club work. Her specialty is audience participation.

Sonny and The Premiers, an instrumental and vocal group, presents rock-'n-roll music.

Following the dance, the couples will be taken to a movie at the American Theater. Jaycee members and their wives will serve as chaperones.

After the movie, they will return to the auditorium for lunch and refreshments. The professional entertainment will be presented and dancing will follow to juke box.

The program usually ends about 5 or 6 a. m.

The Jaycees sponsor the party annually in an effort to keep the students off the highways, out of night clubs and to provide a full night's entertainment at a nominal cost.

John Duffy, chairman, said the students themselves selected the entertainment. Students also are in charge of selling tickets.

His committee includes Harold Bricker, Carl Pelini, Tom Seevers, Ralph Smith, Paul Seckman, Douglas Capehart and Paul Carter.

Bricker, a high school teacher, is directing the ticket sales.

South Side PTA Installs New Officers At Meeting

New officers of the South Side Parent-Teacher Association were installed Monday night in the elementary building near Hookstown.

Mrs. Jack Rafferty of Midland, president of the Beaver County Council, was the installing officer.

The new officers include Mrs. Brooks Searight, president; Carl Walcott, vice president; Mrs. Laura Weikel, secretary, and Mrs. William Stewart, treasurer.

Mrs. Searight also named her committee to serve next year.

Earl Gosnell was named to negotiate with the Hookstown Grange for the PTA to handle the parking at the Grange's annual fair.

John E. Mathews, first principal of the South Side elementary school and now a junior high principal in New Castle, spoke on "The School Principal: What Are His Duties?"

Mathews pointed out the duties have changed considerably in the last 10 years and 90 per cent of the principal's duties involve personal contact with parents, pupils, teachers and school board members.

A musical program also was presented.

Boy Receives Burns As Mower Gas Ignites

SALINEVILLE—Charles Rhodes, 12, son of Mr. and Mrs. Clifton Rhodes, is recovering from burns of the right hand and arm received Monday when his clothing caught fire as he passed a wood blaze in the yard.

He had been cleaning the motor of a power mower and gasoline leaked on his clothing. His screams attracted the attention of neighbors, Dean Hanley, Weldon Ferguson and Mrs. Ida Holmes, who pulled off his burning clothing after shouting for him to roll in the grass. He was treated by a physician.

To save time in looking for something in your home freezer, label the packages on both sides. Use different color tape for chicken, pork, beef and other meats.

Autoist Due Hearing For Reckless Driving

A hearing has been set for Saturday at 10:30 a. m. before Chester Mayor Burton Ward for Robert H. Graham, 18, of 562 Louisiana Ave. Chester, on a charge of reckless driving.

He was cited Tuesday at 11:25 p. m. by Patrolman Clarence Lennens on 3rd St., after his 1948 sedan hit a parked 1957 sedan, knocking it into another 1957 parked auto.

Edward Loos of 3rd St. is owner of the first car hit and Howard McCullough, the second.

According to Patrolman Lennens, the car Graham was driving is owned by Robert Smith of the same address. There was extensive damage reported to Smith's and Loos' cars and only minor to McCullough's.

The smallest country in the world is the Republic of San Marino, which is situated on the slope of Mount Titano on the Italian Peninsula in the Appenines. It has an area of 38 square miles, with a population of about 13,500.

Officers Are Installed By PTA At Port Homer

Herbert Myler presided and conducted installation of officers of the Port Homer PTA at the monthly meeting Monday night.

Officers are Darl Furbee, president; Mrs. Mae Marshall, vice president; Mrs. Bernice Tice, recording secretary; Mrs. Ruth Furbee, treasurer, and Mrs. Sylvia Graham, parlimentarian.

The annual PTA picnic was planned for July 7 at Jefferson State Park, near Richmond. Mrs. Grace Trimmer's fourth grade won the attendance banner. Mrs. Edna Graham, home room mother for Mrs. Iva Bray's eighth grade, was hostess and served a spaghetti supper.

Suit Asks $10,000

LISBON — Pauline VanMeter of Salem filed suit for $10,000 in Common Pleas Court Tuesday against Arnold Popa, also of Salem, blaming him for a traffic crash March 22 in which she said she suffered injuries. The defendant's truck struck the rear of her car at Salem, the petition says.

Preaching Licenses Granted At District Methodist Parley

Four new local preachers' licenses were granted and recommendations forwarded to the Northeast Ohio Methodist Conference to admit eight men on trial during the annual spring conference of the Steubenville District Monday in Toronto.

The local licenses were granted Kenneth Garrod of Columbiana, a student at Mt. Union College; Carl Murray of East Rochester; John Bolyard of Yorkville, an official of the Wheeling Steel Co. who intends to devote his full time to the ministry, and Tom Caskey of Calvary church in Steubenville.

The licensing committee was headed by Dr. D. Finley Wood, pastor of the First Methodist Church here.

Recommended for admittance on trial were William N. Buell, pastor of the Salineville church and a student at Pittsburgh Xenia Seminary; Jay Althouse of Winona and Jed Pancoast, students at Garrett Theological Seminary at Evanston, Ill.; Ralph Fulla of Beloit and Virgil A. Herzberger of Steubenville, students at Oberlin Theological Seminary; R. Wayne McCullough of Steubenville, a student at Asbury (Ky.) Theological Seminary; Joseph Neale of Rayland, a student at Wesleyan Seminary in Washington, and Robert Richardson, a student at Louisville Presbyterian Seminary.

Dr. Van Bogard Dunn, dean of the new Methodist theological seminary which will open in September near Delaware, Ohio, reported on the new school.

The district home missionary society was in charge of the night program, which included an address by Dr. Russell Hohn of the First Methodist Church in Canton on his four-month visit in Africa.

Local churches were presented by their ministers and stewards.

Morocco, with a population of 10 million, became independent of France in 1956.

Drive For 'Excellence' Urged As Club Honors Top Students

George Hargraves, East Liverpool High School principal, discussed "Seeking Excellence" at a meeting of the Chester Kiwanis Club Tuesday night at the City Hall auditorium. The 12 honor students of Chester High School were guests.

Hargraves cited several examples of men who achieved "excellence" in their field of endeavor. He said "Each time you do something, try to do it better. More and more is going to be demanded of you, so don't let your aims drop now."

Hargraves, speaking to the students, said "the first six months of your college life are very important". He said seeking excellence in college means "work, work, work", and explained the same applies to any position attained.

He told the youths competition will be stiff and that they will face a great many problems. He also pointed out their "responsibility to God."

The honor students introduced themselves and told of their future plans. They are Judith Stackhouse, valedictorian, Reid Calcott, salutatorian, Ann Watkins, Sondra Hayes, Darline Walker, Maria Hrnek, Saretta McKnight, Mary Lee Mosser, Joyce Haught, Sharon Roberts, Bertha Cunningham and Keith Wetzel.

Harold Ossman, second vice president, presented Miss Stackhouse and Calcott with Kiwanis Annual medals.

Charles Ridenour of Chester also was a guest. Dean Bryan was program chairman.

Five Coeds Convicted Of Drowning Monkey

SAN FRANCISCO (AP) — Five coeds from San Francisco State College were convicted Tuesday of drowning a spider monkey at Fleishhacker Zoo.

Municipal Judge Lenore Underwood sentenced them to spend Saturdays working for the Society for Prevention of Cruelty to Animals.

Carol Coggin, 18; Joanne Pomeranz, 19; Peggy Thoene, 18; Lorelei Brede, 18; and Darlene O'Donnell, 18, were arrested the night of April 6 at a moat-circled monkey island after the zoo was closed.

One of the girls told investigators the venture followed a rained-out sorority beach party.

Bus Kills Man, 45

HAMILTON, Ohio (AP)—Clarence Marsh, 45, was killed Tuesday when he walked from behind a parked car into the path of a city bus.

Preaching Licenses Granted At District Methodist Parley

Four new local preachers' licenses were granted and recommendations forwarded to the Northeast Ohio Methodist Conference to admit eight men on trial during the annual spring conference of the Steubenville District Monday in Toronto.

The local licenses were granted Kenneth Garrod of Columbiana, a student at Mt. Union College; Carl Murray of East Rochester; John Bolyard of Yorkville, an official of the Wheeling Steel Co. who intends to devote his full time to the ministry, and Tom Caskey of Calvary church in Steubenville.

The licensing committee was headed by Dr. D. Finley Wood, pastor of the First Methodist Church here.

Recommended for admittance on trial were William N. Buell, pastor of the Salineville church and a student at Pittsburgh Xenia Seminary; Jay Althouse of Winona and Jed Pancoast, students at Garrett Theological Seminary at Evanston, Ill.; Ralph Fulda of Beloit and Virgil A. Herzberger of Steubenville, students at Oberlin Theological Seminary; R. Wayne McCullough of Steubenville, a student at Asbury (Ky.) Theological Seminary; Joseph Neale of Rayland, a student at Wesleyan Seminary in Washington, and Robert Richardson, a student at Louisville Presbyterian Seminary.

Dr. Van Bogard Dunn, dean of the new Methodist theological seminary which will open in September near Delaware, Ohio, reported on the new school.

The district home missionary society was in charge of the night program, which inciuded an address by Dr. Russell Hohn of the First Methodist Church in Canton on his four-month visit in Africa.

Local churches were presented by their ministers and stewards.

Woman Hostage Breaks Siege By Grabbing Gunman's Pistol

MARYSVILLE, Calif. (AP) — A plucky woman hostage broke up a 20-hour siege Tuesday when she grabbed two pistols from a Bible-reading gunman and broke for police lines.

The gunman, James W. Owens, 34, raced after the woman and was wrestled to the ground by four of the 50 policemen who surrounded the house Owens commandeered Monday.

Owen's hostage was Laverne Midgett, 25, a girl friend brought from Stockton to try to persuade him to give up.

Owens, a Negro, who is married and has nine children, let Miss Midgett come into the house but grabbed her as she started to leave.

The ordeal began Monday as two officers took Owens, who said voices warned him that "everyone wants to kill me," to Yuba County Hospital for a mental examination after he tried to drink a bottle of bleach.

While at the hospital, Owens grabbed the revolver of one of the officers, and then forced the other to turn over his weapon.

Owens ran into the home of James Brown, who later escaped.

During the next 20 hours, officers erected sandbag barricades around the house and tried to talk the gunman out.

During the long standoff, Owens alternately fingered his weapons, threatened officers, read from a Bible and muttered prayers. He finally dozed and Miss Midgett broke from the house, a pistol in each hand.

Victim Identified

CLEVELAND (AP)—A relative has identified Wasyl Tymocio, 67, of Cleveland, as the man who was killed Monday night when hit by a car as he was crossing Professor St. at Literary Road S. W.

The kiwi bird of New Zealand stamps its foot when irritated.

U.S. Cites Significant Data From Picture Of Red Air Base

WASHINGTON (AP)—U. S. experts have deduced some significant information from the picture of a Soviet air base that Moscow claims was taken from an American spy plane.

The picture, made available for world publication by the Soviets after it had appeared in the Moscow newspaper, Pravda, purports to show an airfield on which aircraft are arranged in two rows.

Specialists in the analysis of aerial photographs agreed that it was possible to get a picture as clear as the Soviet-supplied photo from an aircraft flying at an altitude of from 10 to 12 miles.

The most significant fact deduced from studies of the Soviet photograph, however, is that the aircraft shown are probably obsolete TU4's, the Soviet copy of the American B29 bomber that won fame in World War II. The Soviets were known to have mass produced this type of bomber that is powered by four conventional piston engines.

The identity of these Soviet planes has led to two alternative conclusions:

1. That the Soviet picture was taken long ago; or,

2. That the Soviet air force is still maintaining a type of bomber that the United States has long since retired.

Since building the TU4's in great numbers, the Soviets moved into jet power for their bomber force. They have several hundred turboprop bombers and a substantial number of Bison turbojet bombers.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Woman Hostage Breaks Siege By Grabbing Gunman's Pistol

MARYSVILLE, Calif. (AP) — A plucky woman hostage broke up a 20-hour siege Tuesday when she grabbed two pistols from a Bible-reading gunman and broke for police lines.

The gunman, James W. Owens, 34, raced after the woman and was wrestled to the ground by four of the 50 policemen who surrounded the house Owens commandeered Monday.

Owen's hostage was Laverne Midgett, 25, a girl friend brought from Stockton to try to persuade him to give up.

Owens, a Negro, who is married and has nine children, let Miss Midgett come into the house but grabbed her as she started to leave.

The ordeal began Monday as two officers took Owens, who said voices warned him that "everyone wants to kill me," to Yuba County Hospital for a mental examination after he tried to drink a bottle of bleach.

While at the hospital, Owens grabbed the revolver of one of the officers, and then forced the other to turn over his weapon.

Owens ran into the home of James Brown, who later escaped.

During the next 20 hours, officers erected sandbag barricades around the house and tried to talk the gunman out.

During the long standoff, Owens alternately fingered his weapons, threatened officers, read from a Bible and muttered prayers. He finally dozed and Miss Midgett broke from the house, a pistol in each hand.

Victim Identified

CLEVELAND (AP)—A relative has identified Wasyl Tymocio, 67, of Cleveland, as the man who was killed Monday night when hit by a car as he was crossing Professor St. at Literary Road S. W.

U.S. Cites Significant Data From Picture Of Red Air Base

WASHINGTON (AP)—U. S. experts have deduced some significant information from the picture of a Soviet air base that Moscow claims was taken from an American spy plane.

The picture, made available for world publication by the Soviets after it had appeared in the Moscow newspaper, Pravda, purports to show an airfield on which aircraft are arranged in two rows.

Specialists in the analysis of aerial photographs agreed that it was possible to get a picture as clear as the Soviet-supplied photo from an aircraft flying at an altitude of from 10 to 12 miles.

The most significant fact deduced from studies of the Soviet photograph, however, is that the aircraft shown are probably obsolete TU4's, the Soviet copy of the American B29 bomber that won fame in World War II. The Soviets were known to have mass produced this type of bomber that is powered by four conventional piston engines.

The identity of these Soviet planes has led to two alternative conclusions:

1. That the Soviet picture was taken long ago; or,

2. That the Soviet air force is still maintaining a type of bomber that the United States has long since retired.

Since building the TU4's in great numbers, the Soviets moved into jet power for their bomber force. They have several hundred turboprop bombers and a substantial number of Bison turbojet bombers.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Newell Women's Club Sets Dinner For Girl Graduates

The Newell Women's Club will honor girl seniors of Wells High School with a dinner May 18 at 6:30 o'clock in the Masonic Temple in Chester.

Plans were completed at the club's final session of the season Monday night in the American Legion home in Newell. About 40 attended. A coverdish supper was served at 6:30 o'clock by the social committee.

A decorating committee for the dinner will meet tonight at 8 o'clock in the home of Mrs. Ronald Eckleberry of Grant St. Reservations for the dinner must be made by Thursday with Mrs. J. Fred Allison. Mrs. Tony LaNeve is program chairman.

Mrs. George Cawthon, president, presided for business.

Approximately $450 has been collected in the annual Cancer Fund campaign, Mrs. Walter Collins, chairman, reported. All collections must be in by Saturday, she said.

Members were asked to co-operate with the Finance committee in operating a goldfish booth at the Newell volunteer firemen's carnival in July.

The club renewed its membership with the North Hancock County Council for Retarded Children. Delegates to attend meetings will be announced later.

A discussion was held on the need of repairs to the Clark Field playground. The committee was authorized to make repairs. The playground will open in mid-June. Repair of the playlot is an annual project.

The president announced that members who didn't receive tickets from the City Federation of Women's Clubs for the children's play, "Le Po's Paper Dargon," may purchase them at the door of Westgate Junior High School May 21. The play is produced by Grace Price Productions, Inc., of Pittsburgh.

Mrs. Cawthon also announced that the Adult Education Institute sponsored by the state federation will be held at West Virginia University Aug. 17-19. Members desiring to attend are to make reservations with Mrs. Cawthon before Aug. 8.

Plans were outlined for sponsoring a council of Chester and Newell organizations to furnish emergency medical and dental aid to needy school children in both communities.

The committee named to organize the council includes Mrs. Albert Logston, chairman, Mrs. V. E. McEldowney, Mrs. Francis Stephens, Mrs. George Gogol, Mrs. Jacob Turner and Mrs. Eckleberry.

The pledge to the flag was given in unison. The club creed was read by Mrs. Alvin Stevens. Devotions were led by Mrs. George McIntosh.

Drive Pushed For Books At Beaver Local

"Friends of the Library" were pushing their campaign today to solicit funds and books for libraries in the Beaver Local School District.

With Mrs. R. J. Schiff as chairman, the 24 volunteer workers are canvassing residents in the school area. This is the second annual drive, with the ultimate objective to have at least 7,000 volumes on the shelves at the Beaver Local High School library in line with state requirements.

The solicitation, which began last week, will close May 20. Anyone interested in contributing money or books may do so by contacting Mrs. Schiff or officials at the school.

Last year the books in the high school library were increased from 1,500 to 4,000 through efforts of the "Friends". Some 300 more books also were added to the library at Beaver Local Public School.

OSU Agricultural Aide Will Speak At Lisbon

LISBON — Lester Arnold, agriculture economist at Ohio State University, will lead the discussion during the farm and home development meeting Friday at 8:30 p. m. in the county extension offices, according to Don Myers, county extension agent in agriculture.

Topics of discussion will be the efficient use of farm machinery and labor, including labor management and investment. Thirty Columbiana County families are enrolled in the farm and home development program, which is conducted by the agricultural extension service.

There are only 30 calories in a medium - sized tomato, and there's plus value in the vegetable's vitamin C.

Steel Orders Continue Low

NEW YORK (AP)—New steel orders may be approaching the low point but a pickup will not reverse the week-to-week downtrend in steel production, Iron Age Magazine said today.

Current new order rates are as low as 42 to 48 per cent of capacity in individual mills, the publication said. It added that production is still well over that level.

"Even if orders do pick up," Iron Age said, "production will have to continue its decline to the rate of new business."

The national metalworking weekly made these additional comments:

"Products which had been considered the strongest have shown sudden signs of weakening. Galvanized has weakened in the Midwest while tinplate inventories are piling up at the mills as releases are coming in slower than expected.

"There is little indication of a pick up in already depressed products, while the indications are that sheets (currently in good demand) will inevitably fall off.

"Mills are ranging far from their own geographic area for orders, absorbing freight to distant places to get orders."

No Soviet Aerial Spy Flights, NORAD Says

COLORADO SPRINGS, Colo. (AP)—If the Soviet Union has sent aerial spies over the continental United States or Alaska, the North American Air Defense Command says it has no knowledge or report of it.

A NORAD spokesman made the comment Tuesday in response to calls prompted by the downing of what Soviet leaders say was an American-built jet on an intelligence flight.

Households' Gain Shown In County

The number of households in Columbiana County increased from 29,353 to 32,720 between 1950 and 1960, according to an economic study of the Ohio Department of Industrial and Economic Development's Division of Research and Planning.

The increase between April 1950 and January 1960 is a 11.5 per cent change.

In Jefferson County, the increase amounted to 4.5 per cent, a change of 27,182 to 28,395, the report shows.

The percentage in both counties is less than the 21.7 per cent listed for all of Ohio. The number of households in the state increased from 2,391,833 in 1950 to an estimated 2,911,292 this year.

A household in Ohio a decade ago represented 3.32 persons; this year, it is expected to represent 3.34 persons.

Officers Inducted For First Baptist Missionary Group

"Know the Gift of God" was the theme for the installation ceremony presented by Mrs. Mildred Boso for the meeting of the Elizabeth Fleming Missionary Society Monday night in the soical rooms of the First Baptist Church.

Officers inducted were Mrs. Arzelia Green, president; Mrs. Merle Starr, vice president; Mrs. Jessie McCune, secretary; Miss Suzette Beaver, assistant secretary, and Mrs. Vera Hendricks, treasurer.

Chairmen are Mrs. Ruth Welch, missions; Mrs. Roxie Shenkel, Christian service, and Miss Ora McElroy, leadership.

Mrs. Boso read Scripture from 1 Sam. and Luke. The group sang "Dear Lord and Father of Mankind." Mrs. Welch conducted devotions on the topics "Gifts of God" and "Life's Disappointments." Mrs. Wilma Beaver offered prayer.

Mrs. Shenkel gave a musical narration, "Father of Light," accompanied by Mrs. Boso, and dedicated the love gifts with the meditation, "Love—Worldwide."

Mrs. Green presided for business. The group will purchase gifts for the graduates of the high school belonging to the church and several graduates of the Baptist Mission Training School at Chicago.

Miss McElroy was in charge of the first in the series of lessons prepared for officers' training.

Several members will attend the house party June 16-18 at Denison University at Granville.

A report on the recent May Fellowship Day luncheon sponsored by United Church Women was given by Miss McElroy.

Lunch was served by Mrs. Starr and Mrs. Green. A Maypole with apple blossoms highlighted table decorations.

The next meeting will be June 13 at the church.

Georgetown Fund Adopted

The Georgetown Board of Education Tuesday evening adopted its final budget of $19,120 for the 1960-1961 school year and raised the tax rate by 4 mills to 24 mills.

The new budget is $2,267 higher than last year's $16,853. Millage during 1959 was dropped from 30 to 20 mills due to higher assessments under the new Beaver County tax program.

The budget breakdown includes general control, $650, instruction, including tuition, $14,050; auxiliary, $1,800; operation, $1,070; maintenance, $1,000, and fixed charges, $550.

The Midland First National Bank was selected as depository. In other business, the board decided to cover the school hallway and floors of both rooms with vinyl tile. The work may be done by the members.

Lester Rowley, president, presided. Paul Brandon, secretary, said the next meeting will be June 7.

Steel Orders Continue Low

NEW YORK (AP)—New steel orders may be approaching the low point but a pickup will not reverse the week-to-week downtrend in steel production, Iron Age Magazine said today.

Current new order rates are as low as 42 to 48 per cent of capacity in individual mills, the publication said. It added that production is still well over that level.

"Even if orders do pick up," Iron Age said, "production will have to continue its decline to the rate of new business."

The national metalworking weekly made these additional comments:

"Products which had been considered the strongest have shown sudden signs of weakening. Galvanized has weakened in the Midwest while tinplate inventories are piling up at the mills as releases are coming in slower than expected.

"There is little indication of a pick up in already depressed products, while the indications are that sheets (currently in good demand) will inevitably fall off.

"Mills are ranging far from their own geographic area for orders, absorbing freight to distant places to get orders."

No Soviet Aerial Spy Flights, NORAD Says

COLORADO SPRINGS, Colo. (AP)—If the Soviet Union has sent aerial spies over the continental United States or Alaska, the North American Air Defense Command says it has no knowledge or report of it.

A NORAD spokesman made the comment Tuesday in response to calls prompted by the downing of what Soviet leaders say was an American-built jet on an intelligence flight.

THESE MOUNT UNION COLLEGE juniors will play a featured role in the school's annual May Day observance next Saturday. In the front row, left to right, are members of the court: Judy Hall, Sandusky; Janet Leahy, Louisville, and Joyce Mosser, Chester, W. Va. Back row: Carol Sweeney, Pittsburgh; Queen Elca Swigart, Clinton, Pa.; maid of honor Dorothy Grabe, Pittsburgh, and Cynthia Houser, East Aurora, N. Y.

Officers Elected For Auxiliary Of City Eagles Aerie

Mrs. Beverly Lynden was elected president of the auxiliary of Eagles Aerie 457 Monday night at the lodge home.

Others who will serve are Mrs. Flora Mae Miller, vice president; Mrs. Etta Burlingame, chaplain; Mrs. Margaret Martin, conductor; Mrs. Grace Price, secretary; Mrs. Myrtle Richardson, treasurer; Mrs. Wilma Fetteroff, inside guard; Mrs. Garnet Heckathorn, outside guard, and Mrs. Marie Dunn, Mrs. Susie Price and Mrs. Garnet Dally, trustees.

Mrs. Peggy Coursin, president, conducted business. Mrs. Grace Price reported on the recent meeting when Mrs. Elizabeth Daugherty and Mrs. Bessie Morrell were initiated into membership.

A report on the Mother's Day program held Sunday night was given by Mrs. Coursin. Members presented flowers were Mrs. Susie Price, oldest mother; Mrs. Ida Sanford, youngest, and Mrs. Richardson, chosen "Mother of the Year."

Mrs. Burlingame won the drill prize. Refreshments were served by Mrs. Susie Price, Mrs. Heckathorn and Mrs. Grace Price.

Installation will be held May 23 at the home.

The drainage area of the Mississippi River is about 1,[illegible] square miles and is one of the greatest in the world, comprising all of that portion of the United States lying between the Rockies and the Allegheny - Appalachian divides.

Households' Gain Shown In County

The number of households in Columbiana County increased from 29,353 to 32,720 between 1950 and 1960, according to an economic study of the Ohio Department of Industrial and Economic Development's Division of Research and Planning.

The increase between April 1950 and January 1960 is a 11.5 per cent change.

In Jefferson County, the increase amounted to 4.5 per cent, a change of 27,182 to 28,395, the report shows.

The percentage in both counties is less than the 21.7 per cent listed for all of Ohio. The number of households in the state increased from 2,391,833 in 1950 to an estimated 2,911,292 this year.

A household in Ohio a decade ago represented 3.32 persons; this year, it is expected to represent 3.34 persons.

Officers Inducted For First Baptist Missionary Group

"Know the Gift of God" was the theme for the installation ceremony presented by Mrs. Mildred Boso for the meeting of the Elizabeth Fleming Missionary Society Monday night in the soical rooms of the First Baptist Church.

Officers inducted were Mrs. Arzelia Green, president; Mrs. Merle Starr, vice president; Mrs. Jessie McCune, secretary; Miss Suzette Beaver, assistant secretary, and Mrs. Vera Hendricks, treasurer.

Chairmen are Mrs. Ruth Welch, missions; Mrs. Roxie Shenkel, Christian service, and Miss Ora McElroy, leadership.

Mrs. Boso read Scripture from 1 Sam. and Luke. The group sang "Dear Lord and Father of Mankind." Mrs. Welch conducted devotions on the topics "Gifts of God" and "Life's Disappointments." Mrs. Wilma Beaver offered prayer.

Mrs. Shenkel gave a musical narration. "Father of Light," accompanied by Mrs. Boso, and dedicated the love gifts with the meditation, "Love—Worldwide."

Mrs. Green presided for business. The group will purchase gifts for the graduates of the high school belonging to the church and several graduates of the Baptist Mission Training School at Chicago.

Miss McElroy was in charge of the first in the series of lessons prepared for officers' training.

Several members will attend the house party June 16-18 at Denison University at Granville.

A report on the recent May Fellowship Day luncheon sponsored by United Church Women was given by Miss McElroy.

Lunch was served by Mrs. Starr and Mrs. Green. A Maypole with apple blossoms highlighted table decorations.

The next meeting will be June 13 at the church.

Canada is the largest producer of nickel in the world.

Hadassah Inducts New Officers At Candlelight Rites

A candlelight installation ceremony was held at the meeting of the East Liverpool Chapter of Hadassah Monday night at the B'nai Israel Temple.

Officers who were inducted and received corsages were Mrs. William Sulkes, president; Mrs. Nathan Weinbren, first vice president; Mrs. Myer Pearlman, second vice president; Mrs. Myer Alpern, recording secretary; Mrs. Sam Berman, board secretary; Mrs. Leo Greenburg, corresponding secretary; Mrs. George Moidel, financial secretary, and Miss Rebecca Resnick, treasurer.

Mrs. Alfred Bahm, retiring president, expressed appreciation for the group's support and presented the gavel to the newly-elected president, who in turn gave Mrs. Bahm the past president's pin.

Business was conducted by Mrs. Bahm and Miss Resnick read the annual financial report. Mrs. Greenburg offered prayer.

A card party will be held Sunday night at the Midland Synagogue and a rummage sale is slated June 6-8 at the rear of the City Market Building.

Reports were given on the Western Pennsylvania Regional Conference held recently in Greensburg by Mrs. Sulkes, who was co-chairman for the event, and Mrs. Weinbren, Mrs. Harry Henkins and Mrs. Bahm.

Refreshments were served by the Midland members. Blue and white spring flowers with matching lighted tapers formed the setting for the buffet table.

Meetings will resume in the fall.

Will Close Saturdays

LISBON — After May 21, the Columbiana County Agriculture Extension service office at 113 S. Market St. will be closed all day on Saturdays, according to Agent Floyd Lower. This action was taken by the Columbiana Extension Advisory Committee "in keeping with the trend of the times and to facilitate the work in the extension office," Lower said.

Named Warren Judge

COLUMBUS, Ohio (AP)—Robert G. Ray of Morrow has been named probate judge of Warren County for a term ending next Feb. 8. Ray, appointed by Gov. Michael V. DiSalle, fills a vacancy created by the death of Probate Judge Ralph H. Carey. DiSalle named Paul Herdman of Lebanon to succeed Ray in his present post of Warren County judge until a successor is elected and qualified.

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown has granted a non-profit corporation charter to the Robert A. Taft Memorial Assn. of Erie County. Trustees of the association are John R. Py, Charles J. Stark and Richard D. Holzapfel, all of Sandusky.

Georgetown Fund Adopted

The Georgetown Board of Education Tuesday evening adopted its final budget of $19,120 for the 1960-1961 school year and raised the tax rate by 4 mills to 24 mills.

The new budget is $2,267 higher than last year's $16,853. Millage during 1959 was dropped from 30 to 20 mills due to higher assessments under the new Beaver County tax program.

The budget breakdown includes general control, $650, instruction, including tuition, $14,050; auxiliary, $1,800; operation, $1,070; maintenance, $1,000, and fixed charges, $550.

The Midland First National Bank was selected as depository. In other business, the board decided to cover the school hallway and floors of both rooms with vinyl tile. The work may be done by the members.

Lester Rowley, president, presided. Paul Brandon, secretary, said the next meeting will be June 7.

County Breeding Unit To Meet On Thursday

LISBON—The Columbiana County unit of the Central Ohio Breeding Association will hold a planning meeting Thursday at 8:30 p. m. in the Edwin Copeland residence at Hanoverton R. D. 1, according to Don Myers, county extension agent in agriculture.

Business will include fair exhibits and awards, advertising and annual meeting plans. Frank Morris of Columbiana R. D. 2 is the chairman of the group.

Woman May Have Set Multiple Birth Record

WILLIAMSTON, N. C. (AP) — Viola Rogers Brown, 31, may have set a record for multiple births, her physician said after delivering a set of triplets Monday night.

A hospital reported them alive and doing fine.

Since 1946, Mrs. Brown has given birth 20 times and eight of the children survive. They were quintuplets, quadruplets, two sets of twins, two sets of triplets and one single birth.

Wheat Output Cited

WASHINGTON (AP)—Ohio is expected to produce 46,010,000 bushels of winter wheat this year, the Agriculture Department reports. The nation's total production is predicted at 991,618,000 bushels, 14,661,000 more than last month's official forecast of 976,957,000 bushels. The department said Ohio will harvest 1,534,000 acres of winter wheat at a rate of 30 bushels per acre.

U.S.-Soviet

(Continued from Page One)

threatened to retaliate against the United States if it continued to send spy planes over Russia.

Asked whether he regarded that as a threat in the category he had mentioned previously in relation to the summit meeting, Eisenhower replied that he did not. That particular threat, he went on, belongs in a special category and should not be regarded as an ultimatum.

In his prepared statement, Eisenhower touched on these points: The need for intelligence-collection activities, the nature of these activities, how should we view them and that the United States must not be distracted from the current real problems of the world.

On the point of need for intelligence, Eisenhower said no one wants another Pearl Harbor. This country, he went on, needs to have knowledge that will protect the nation's security.

The President said the Soviets make a "fetish of secrecy and concealment," and that this is a major cause of international tension today.

He spoke of gathering intelligence as a war deterrent.

As for the nature of intelligence activities, they are of a special and secret character, he said. Such activities are intended to protect a nation's own military establishment, but at the same time are activities divorced from the military establishment.

We do not use the Army, Navy or Air Force in this intelligence-seeking program, the President said. It was at this point that Eisenhower spoke of discrepancies in the Soviet account of what happened to the American U2 plane, and voiced doubt that the aircraft was in fact shot down from a high altitude.

The President said espionage activities are distasteful but vital to the safety of nations conducting them. He recalled that at the 1955 Geneva summit conference the United States proposed a policy of "open skies"—mutual inspection from the air—but Russia rejected that proposal.

Colds And Moths Go With Governor Home

COLUMBUS, Ohio (AP) — The executive mansion has been less than a dream house for Gov. Michael V. DiSalle of Ohio.

He's gotten several colds because the heating plant overheats some rooms and leaves others chilly, and there also have been sewer problems.

Now workmen are coping with the latest problem — moths in the expensive carpeting.

U.S.-Soviet

(Continued from Page One)

threatened to retaliate against the United States if it continued to send spy planes over Russia.

Asked whether he regarded that as a threat in the category he had mentioned previously in relation to the summit meeting, Eisenhower replied that he did not. That particular threat, he went on, belongs in a special category and should not be regarded as an ultimatum.

In his prepared statement, Eisenhower touched on these points: The need for intelligence-collection activities, the nature of these activities, how should we view them and that the United States must not be distracted from the current real problems of the world.

On the point of need for intelligence, Eisenhower said no one wants another Pearl Harbor. This country, he went on, needs to have knowledge that will protect the nation's security.

The President said the Soviets make a "fetish of secrecy and concealment," and that this is a major cause of international tension today.

He spoke of gathering intelligence as a war deterrent.

As for the nature of intelligence activities, they are of a special and secret character, he said. Such activities are intended to protect a nation's own military establishment, but at the same time are activities divorced from the military establishment.

We do not use the Army, Navy or Air Force in this intelligence-seeking program, the President said. It was at this point that Eisenhower spoke of discrepancies in the Soviet account of what happened to the American U2 plane, and voiced doubt that the aircraft was in fact shot down from a high altitude.

The President said espionage activities are distasteful but vital to the safety of nations conducting them. He recalled that at the 1955 Geneva summit conference the United States proposed a policy of "open skies"—mutual inspection from the air—but Russia rejected that proposal.

Colds And Moths Go With Governor Home

COLUMBUS, Ohio (AP) — The executive mansion has been less than a dream house for Gov. Michael V. DiSalle of Ohio.

He's gotten several colds because the heating plant overheats some rooms and leaves others chilly, and there also have been sewer problems.

Background To The Summit

A Step In Red Scheme Of Things

By WILLIAM L. RYAN
Associated Press News Analyst

In November 1957, Moscow summoned leaders of 64 countries to an important conference.

From it came a declaration which has colored Soviet policy ever since. It is the very essence of world communism's approach to next week's summit meeting in Paris.

Disarmament and the dynamite laden Berlin-German questions will dominate the summit talks of President Eisenhower, Premier Khrushchev, President De Gaulle and Prime Minister Macmillan. But Communist preparation was concentrated elsewhere, on the real core of the East-West global conflict: the intense struggle over the future of underdeveloped countries in Asia, Africa and Latin America.

Issuing instructions to the world movement, Moscow has been unable to hide this.

Here's how the instructions have been reading:

The foundation of Soviet policy is "peaceful coexistence."

The summit signals a "new phase" in world development. The decision to convene the meeting was an enormous victory for world communism.

Authoritative Communist pronouncements in connection with 90th anniversary provide a treasure trove of Soviet aims and intentions. Stripped of double talk, this is the thesis:

1. Since World War II, capitalism achieved further development because of huge spending for arms. A relaxed atmosphere will bring demands for relief from the tax burden for arms.

2. Whatever happens at the summit, efforts will be made to retain a relaxed mood for a while, in expectation of Western economic dislocations. The capitalist world will fall into quarrels and contradictions and a world crisis will follow.

3. While preparing for this, Communists will trust Moscow's "political wisdom," conduct themselves as "proletarian internationalists" and believe whatever is good for Moscow is good for world communism.

4. Communist leaders are chiefly concerned with "the ceaseless process of liberating more and more peoples" from imperialism. Events in Asia signaled the inevitable collapse of Western capitalism. The battle now shifts to the Middle East, Africa, and, as one Communist leader wrote, "to another continent where the people of Cuba have shown all Latin America an example of how a people can liberate itself from the yoke of American imperialist interests."

5. Communists, supported by Soviet economic and military power, will exploit such developments while marking time in Europe.

Moscow warns Communists to make no mistake about "peaceful coexistence." This does not mean an end of political war for Communist world supremacy. It does not even mean cessation of armed conflict. Red pronouncements are laying heavy stress on these words of Lenin:

"Peaceful proposals of Socialist (Communist) states, broad propaganda for the idea of coexistence of two systems, in no way signify renunciation by Communists of their ideological principles as they enter into any sort of arrangement with the bourgeoisie (capitalism)."

So, it appears that to Moscow the summit meeting is just an incident on the path to world Communist domination.

Partially Integrated Basis

8 Nashville Stores Give Negroes Counter Service

By The Associated Press

Six Nashville stores have begun serving Negroes at previously all-white lunch counters on a partially integrated basis.

Small groups of Negroes sat without incident at the six counters Tuesday under a previously secret agreement to serve them during slack periods. Others planned a second test of the plan today.

Officials of the six Nashville stores said they reached an agreement with white and Negro civic leaders to serve Negro customers at the previously all-white counters during slack periods. The agreement was not announced in advance.

All six stores had closed their counters at various times in recent months during sit-in demonstrations which resulted in the arrest of nearly 150 Negroes.

As part of the agreement, Negroes ended a boycott of downtown stores which store officials said had not been effective. They said the agreement was made to bring an end to the threat of violence which had caused many customers to shift their business to suburban shopping centers.

A demonstration by about 200 Negroes in Winston-Salem, N.C., resulted in two arrests. But a temporary truce was arranged by City Manager John D. Gold who agreed to call a meeting of store managers and Negro protest leaders.

Lunch counters in three Winston-Salem stores and one in Durham, N.C., were closed when the demonstrators crowded in demanding service.

Conviction of Dr. Richard Nesmith of MacMurray College, Jacksonville, Ill., who ate lunch with Negroes in Montgomery, Ala., may have set the stage for a test of a new city law enacted to deal with racial incidents.

Nesmith was fined $100 and costs on a charge of disorderly conduct. His wife and 10 white students were acquitted. All were charged under a new city ordinance which makes disorderly conduct any act "calculated to provoke a breach of peace."

The separate trial of seven Negroes and another white student who ate with the Illinois party, is still in progress in another court.

Democrats Urge 90% Of Parity On Farm Price Props

WASHINGTON (AP) — Democrats may propose a return to the farm programs of the Roosevelt-Truman administration to win farm votes in this year's elections.

A 24-member advisory committee on Democratic farm policy proposed Tuesday that the government return farm price support levels to 90 per cent of parity and impose more rigid crop controls to halt accumulation of surpluses.

Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them.

Production controls and supports at these levels were the keystones of farm programs evolved under Democratic Presidents Franklin D. Roosevelt and Harry S. Truman.

The Eisenhower administration, which inherited them, has backed away from them, contending they encouraged overexpansion of farm productive capacity with resulting surpluses.

The committee recommendations will be laid before the Democrats' platform drafters at the party's national convention in Los Angeles in July.

Bandit Orders Dozen Doughnuts And Money

CINCINNATI (AP) — A bandit ordered a dozen doughnuts and all the money in the cash register at a central Cincinnati bakery Tuesday night.

Mrs. Cynthia Freese, 53, said she was forced to put doughnuts and $86 in cash into a paper bag while the man had his hand in his pocket, as if grasping a gun. Then he fled.

Cuyahoga GOP Meets

CLEVELAND (AP) — Cuyahoga County Republican precinct committeemen met here Tuesday night in their first convention in about 30 years not attended by former U. S. Sen. George H. Bender. He was defeated last week in a precinct race, losing to a woman. The committeemen re-elected A. L. (Sonny) DeMaioribus as GOP county chairman and named Ray C. Miller, elections board clerk, as vice chairman to replace Bender.

Ohio 5-Day Forecast

Temperatures will average 7 to 12 degrees below normal. Normal high 69 north to 71 south, normal low 48-51. Cool through Saturday, warmer Sunday and Monday. Precipitation will total one-quarter inch or less in occasional rain Thursday and again about Sunday or Monday.

Top Panama Candidates Are Claiming Victories

PANAMA (AP) — Leading candidates for the Panamanian presidency today stood on their own voting tabulations, claiming victory in last Sunday's balloting.

Ricardo Arias Espinosa, the administration's candidate, claimed a margin of 5,504 votes over Roberto Chiari in a compilation of 142,685 ballots.

Chiari claimed a lead of 15,846 votes over Arias.

The National Vote Counting Board said it would wait until Saturday to make its tally because electoral law provides for a five-day waiting period to gather all returns.

Bolton Heads Bonus Group

COLUMBUS, Ohio (AP) — The Korean Bonus Commission unanimously has chosen Walter U. Bolton, Newark attorney, to head the commission.

He succeeds Maj. Gen. Chester W. Goble who resigned as non-salaried director in protest over the discharge of 11 of the 23 staff members.

Following Tuesday's action, Finance Director James H. Maloon said Bolton probably would continue as a $7,500-a-year attorney for the commission in addition to taking the director's post.

Bolton agreed to determine whether the commission could complete its work without the 11 employes and report on it Friday before the dismissals are effective. Goble had questioned whether the commission could finish its work with the staff cutback.

State Treasurer Joseph T. Ferguson, commission member who offered the staff cut proposal, estimated a saving of $52,000 annually in salaries.

Bolton is also Licking County Democratic chairman and a member of the county election board at $1,750 a year.

Salesmen Swarm In Rural Regions; Warning Renewed

An unusually large number of telephone inquiries from householders who have been approached by out-of-town salesmen for aluminum siding and storm window concerns indicates the suburban region just outside the city limits is being canvassed by many concerns, the Chamber of Commerce said today.

The Chamber issued its traditional warning to householders to "Investigate Before You Invest" when dealing with out-of-town concerns, particularly those from other states.

Within a 10-minute interval yesterday afternoon the Chamber received inquiries about the reliability of two concerns whose salesmen are offering aluminum siding and storm window deals in the suburban areas. Virtually all inquiries in the last few weeks have been from districts such as Westfield, Shadyside and Glenmoor, indicating the salesmen are staying away from the city's closer restrictions on door-to-door canvassing, the Chamber said.

E. R. Chandler, secretary-manager, gave this general warning to the householders: "Investigate thoroughly; obtain prices and then get a quotation on comparable products from a reputable local dealer; don't sign anything until you're thoroughly satisfied that the contract puts all the salesman's representations in writing."

Once a home improvement job is completed, some local householders have experienced difficulty in persuading out-of-town concerns to respond to complaints or make adjustments, he said. Some salesmen lead householders to believe that they represent nationally-known companies when in actuality they're selling a product that uses some of the nationally-known company's material, such as aluminum, he added.

Noted Educator Dies

ANDERSON, Ind. (AP) — Dr. Clarence H. Robertson, 89, internationally known educator and holder of scores of patents on mechanical devices, died Tuesday.

Gen. Beauchamp To Take Over At Ft. Hayes June 15

COLUMBUS, Ohio (AP)—Maj. Gen. Charles E. Beauchamp expects to report to Ft. Hayes, Columbus, about June 15 to assume his duties as newly designated commanding general of the 20th U.S. Army Corps.

The general left Korea by air Tuesday. He has commanded the 1st Cavalry Division there since April, 1959.

He succeeds Maj. Gen. Ralph W. Zwicker, who retired from the Army April 30, and Col. Theodore R. Kimpton, who is commanding the 20th Corps in the interim.

Before reporting at Columbus, Gen. Beauchamp will take a leave and attend conferences at the Pentagon.

From Corps headquarters at Ft. Hayes, the general will direct Army Reserve, ROTC and some active Army activities in the corps area of Ohio, West Virginia and Kentucky.

Gen. Beauchamp commanded two infantry regiments during some of the bitterest fighting of the Korean war.

Plan New Airport

PARIS (AP) — Housing authorities want to take over Le Bourget Airport—the historic field where Lindbergh landed—for apartments in the swollen suburbs. A new airport to replace Le Bourget is planned.

Democratic Club Plans Picnic In Early August

First plans for a picnic early in August were made Tuesday night when the East Liverpool Democrat Club met in its headquarters in the Washington Building on Washington St.

M. J. Sweeney and Vincent Fricano will be co-chairmen. Other committees are: Grounds: Leo Payne, Rudy Halpate and Albert E. Kittridge; refreshments, Frank Bennett, Walter Hornbeck and Thomas Ferlaino, guests, Sharon Quigley, Donal Burcham and James Flasco.

Plans also were discussed for a dinner in October to mark the opening of the November election campaign. More committees for the picnic will be named at the next meeting Tuesday night.

Background To The Summit

A Step In Red Scheme Of Things

By WILLIAM L. RYAN
Associated Press News Analyst

In November 1957, Moscow summoned leaders of 64 countries to an important conference.

From it came a declaration which has colored Soviet policy ever since. It is the very essence of world communism's approach to next week's summit meeting in Paris.

Disarmament and the dynamite laden Berlin-German questions will dominate the summit talks of President Eisenhower, Premier Khrushchev, President De Gaulle and Prime Minister Macmillan. But Communist preparation was concentrated elsewhere, on the real core of the East-West global conflict: the intense struggle over the future of underdeveloped countries in Asia, Africa and Latin America.

Issuing instructions to the world movement, Moscow has been unable to hide this.

Here's how the instructions have been reading:

The foundation of Soviet policy is "peaceful coexistence."

The summit signals a "new phase" in world development. The decision to convene the meeting was an enormous victory for world communism.

Authoritative Communist pronouncements in connection with 90th anniversary provide a treasure trove of Soviet aims and intentions. Stripped of double talk, this is the thesis:

1. Since World War II, capitalism achieved further development because of huge spending for arms. A relaxed atmosphere will bring demands for relief from the tax burden for arms.

2. Whatever happens at the summit, efforts will be made to retain a relaxed mood for a while, in expectation of Western economic dislocations. The capitalist world will fall into quarrels and contradictions and a world crisis will follow.

3. While preparing for this, Communists will trust Moscow's "political wisdom," conduct themselves as "proletarian internationalists" and believe whatever is good for Moscow is good for world communism.

4. Communist leaders are chiefly concerned with "the ceaseless process of liberating more and more peoples" from imperialism. Events in Asia signaled the inevitable collapse of Western capitalism. The battle now shifts to the Middle East, Africa, and, as one Communist leader wrote, "to another continent where the people of Cuba have shown all Latin America an example of how a people can liberate itself from the yoke of American imperialist interests."

5. Communists, supported by Soviet economic and military power, will exploit such developments while marking time in Europe.

Moscow warns Communists to make no mistake about "peaceful coexistence." This does not mean an end of political war for Communist world supremacy. It does not even mean cessation of armed conflict. Red pronouncements are laying heavy stress on these words of Lenin:

"Peaceful proposals of Socialist (Communist) states, broad propaganda for the idea of coexistence of two systems, in no way signify renunciation by Communists of their ideological principles as they enter into any sort of arrangement with the bourgeoisie (capitalism)."

So, it appears that to Moscow the summit meeting is just an incident on the path to world Communist domination.

Partially Integrated Basis

8 Nashville Stores Give Negroes Counter Service

By The Associated Press

Six Nashville stores have begun serving Negroes at previously all-white lunch counters on a partially integrated basis.

Small groups of Negroes sat without incident at the six counters Tuesday under a previously secret agreement to serve them during slack periods. Others planned a second test of the plan today.

Officials of the six Nashville stores said they reached an agreement with white and Negro civic leaders to serve Negro customers at the previously all-white counters during slack periods. The agreement was not announced in advance.

All six stores had closed their counters at various times in recent months during sit-in demonstrations which resulted in the arrest of nearly 150 Negroes.

As part of the agreement, Negroes ended a boycott of downtown stores which store officials said had not been effective. They said the agreement was made to bring an end to the threat of violence which had caused many customers to shift their business to suburban shopping centers.

A demonstration by about 200 Negroes in Winston-Salem, N.C., resulted in two arrests. But a temporary truce was arranged by City Manager John D. Gold who agreed to call a meeting of store managers and Negro protest leaders.

Lunch counters in three Winston-Salem stores and one in Durham, N.C., were closed when the demonstrators crowded in demanding service.

Conviction of Dr. Richard Nesmith of MacMurray College, Jacksonville, Ill., who ate lunch with Negroes in Montgomery, Ala., may have set the stage for a test of a new city law enacted to deal with racial incidents.

Nesmith was fined $100 and costs on a charge of disorderly conduct. His wife and 10 white students were acquitted. All were charged under a new city ordinance which makes disorderly conduct any act "calculated to provoke a breach of peace."

The separate trial of seven Negroes and another white student who ate with the Illinois party, is still in progress in another court.

Democrats Urge 90% Of Parity On Farm Price Props

WASHINGTON (AP) — Democrats may propose a return to the farm programs of the Roosevelt-Truman administration to win farm votes in this year's elections.

A 24-member advisory committee on Democratic farm policy proposed Tuesday that the government return farm price support levels to 90 per cent of parity and impose more rigid crop controls to halt accumulation of surpluses.

Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them.

Production controls and supports at these levels were the keystones of farm programs evolved under Democratic Presidents Franklin D. Roosevelt and Harry S. Truman.

The Eisenhower administration, which inherited them, has backed away from them, contending they encouraged overexpansion of farm productive capacity with resulting surpluses.

The committee recommendations will be laid before the Democrats' platform drafters at the party's national convention in Los Angeles in July.

Top Panama Candidates Are Claiming Victories

PANAMA (AP) — Leading candidates for the Panamanian presidency today stood on their own voting tabulations, claiming victory in last Sunday's balloting.

Ricardo Arias Espinosa, the administration's candidate, claimed a margin of 5,504 votes over Roberto Chiari in a compilation of 142,685 ballots.

Chiari claimed a lead of 15,846 votes over Arias.

The National Vote Counting Board said it would wait until Saturday to make its tally because electoral law provides for a five-day waiting period to gather all returns.

Bandit Orders Dozen Doughnuts And Money

CINCINNATI (AP) — A bandit ordered a dozen doughnuts and all the money in the cash register at a central Cincinnati bakery Tuesday night.

Mrs. Cynthia Freese, 53, said she was forced to put doughnuts and $86 in cash into a paper bag while the man had his hand in his pocket, as if grasping a gun. Then he fled.

Cuyahoga GOP Meets

CLEVELAND (AP) — Cuyahoga County Republican precinct committeemen met here Tuesday night in their first convention in about 30 years not attended by former U. S. Sen. George H. Bender. He was defeated last week in a precinct race, losing to a woman. The committeemen re-elected A. L. (Sonny) DeMaioribus as GOP county chairman and named Ray C. Miller, elections board clerk, as vice chairman to replace Bender.

Ohio 5-Day Forecast

Bolton Heads Bonus Group

COLUMBUS, Ohio (AP) — The Korean Bonus Commission unanimously has chosen Walter U. Bolton, Newark attorney, to head the commission.

He succeeds Maj. Gen. Chester W. Goble who resigned as nonsalaried director in protest over the discharge of 11 of the 23 staff members.

Following Tuesday's action, Finance Director James H. Maloon said Bolton probably would continue as a $7,500-a-year attorney for the commission in addition to taking the director's post.

Bolton agreed to determine whether the commission could complete its work without the 11 employes and report on it Friday before the dismissals are effective. Goble had questioned whether the commission could finish its work with the staff cutback.

State Treasurer Joseph T. Ferguson, commission member who offered the staff cut proposal, estimated a saving of $52,000 annually in salaries.

Bolton is also Licking County Democratic chairman and a member of the county election board at $1,750 a year.

Salesmen Swarm In Rural Regions; Warning Renewed

An unusually large number of telephone inquiries from householders who have been approached by out-of-town salesmen for aluminum siding and storm window concerns indicates the suburban region just outside the city limits is being canvassed by many concerns, the Chamber of Commerce said today.

The Chamber issued its traditional warning to householders to "Investigate Before You Invest" when dealing with out-of-town concerns, particularly those from other states.

Within a 10-minute interval yesterday afternoon the Chamber received inquiries about the reliability of two concerns whose salesmen are offering aluminum siding and storm window deals in the suburban areas. Virtually all inquiries in the last few weeks have been from districts such as Westfield, Shadyside and Glenmoor, indicating the salesmen are staying away from the city's closer restrictions on door-to-door canvassing, the Chamber said.

E. R. Chandler, secretary-manager, gave this general warning to the householders: "Investigate thoroughly; obtain prices and then get a quotation on comparable products from a reputable local dealer; don't sign anything until you're thoroughly satisfied that the contract puts all the salesman's representations in writing."

Once a home improvement job is completed, some local householders have experienced difficulty in persuading out-of-town concerns to respond to complaints or make adjustments, he said. Some salesmen lead householders to believe that they represent nationally-known companies when in actuality they're selling a product that uses some of the nationally-known company's material, such as aluminum, he added.

ANDERSON, Ind. (AP) — Dr. Clarence H. Robertson, 89, internationally known educator and holder of scores of patents on mechanical devices, died Tuesday.

Gen. Beauchamp To Take Over At Ft. Hayes June 15

COLUMBUS, Ohio (AP)—Maj. Gen. Charles E. Beauchamp expects to report to Ft. Hayes, Columbus, about June 15 to assume his duties as newly designated commanding general of the 20th U.S. Army Corps.

The general left Korea by air Tuesday. He has commanded the 1st Cavalry Division there since April, 1959.

He succeeds Maj. Gen. Ralph W. Zwicker, who retired from the Army April 30, and Col. Theodore R. Kimpton, who is commanding the 20th Corps in the interim.

Before reporting at Columbus, Gen. Beauchamp will take a leave and attend conferences at the Pentagon.

From Corps headquarters at Ft. Hayes, the general will direct Army Reserve, ROTC and some active Army activities in the corps area of Ohio, West Virginia and Kentucky.

Gen. Beauchamp commanded two infantry regiments during some of the bitterest fighting of the Korean war.

PARIS (AP) — Housing authorities want to take over Le Bourget Airport—the historic field where Lindbergh landed—for apartments in the swollen suburbs. A new airport to replace Le Bourget is planned.

Democratic Club Plans Picnic In Early August

First plans for a picnic early in August were made Tuesday night when the East Liverpool Democrat Club met in its headquarters in the Washington Building on Washington St.

M. J. Sweeney and Vincent Fricano will be co-chairmen. Other committees are: Grounds: Leo Payne, Rudy Halpate and Albert E. Kittridge; refreshments, Frank Bennett, Walter Hornbeck and Thomas Ferlaino, guests, Sharon Quigley, Donal Burcham and James Flasco.

Plans also were discussed for a dinner in October to mark the opening of the November election campaign. More committees for the picnic will be named at the next meeting Tuesday night.

Plight Of Leprosy Victims Outlined At Rotary Event

The centuries-old plight of the leprosy victim — "loathed, shunned and considered cursed by the Gods" — was described by James I. Wallover to fellow members of the Rotary Club at Tuesday's noon luncheon meeting in the Travelers Hotel.

Wallover emphasized that only a small portion of the 10 to 20 million victims of the once mysterious disease are receiving any care at all because of lack of funds to establish and operate medical centers.

The disease is believed to have originated in the Valley of the Nile in Egypt, where it may have existed as far back as the 15th century, B. C., Wallover pointed out.

Leprosy later was spread to Europe by armies returning from the East, while others believe that the disease was carried to the continent by crusaders of the Middle Ages.

"As trade routes opened up throughout the world, a major commodity traveling over them was the disease of leprosy," Wallover declared. "Portugese explorers probably carried it to Brazil, Spaniards to Columbia, and the slave trade to the West Indies."

"Wherever the disease appeared, it was surrounded by myth, superstition and fear," Wallover continued. He described how Egyptians called leprosy a "death before death," Persians said victims were called "the avoided ones" and in India victims were said to "have been cursued by the Gods."

Followers of Jesus Christ established the first institutions for care of the victims, Wallover explained. Christian saints also aided in caring for victims throughout the Middle Ages.

Then, in 1941, doctors at a leprosy hospital in Carville, La., received encouraging reports of a new drug called Promin, Wallover declared. When tried on victims, ulcers began to heal, eye lesions cleared up and skin patches began to disappear.

The Carville doctors declared "it can be regarded as the most hopeful experimental treatment for Leprosy ever undertaken."

Another drug called Diamino-Diphnyl-Sulfone — or DDS — was later developed and has become generally accepted by leprosy specialists as the basic remedy for the disease, Wallover said.

"The American Leprosy Missions is worthy of your consideration and support. It supports 160 treatment centers, including hospitals, settlements and village dispensaries, in 32 countries, reaching 70,000 patients.

"But this is just a small portion of the 10 to 20 million victims of leprosy who could be made whole with the financial help of those of us who are able."

Wallover was introduced by George Hargraves, president - elect.

Mrs. Evelyn Popp Will Retire From Job With C. Of C.

Mrs. Evelyn W. Popp of Glenmoor, for 16 years assistant secretary of the Chamber of Commerce, advised the Board of Trustees Tuesday afternoon she plans to retire July 31.

In a letter of resignation submitted to the board at its monthly meeting, Mrs. Popp said she plans to "retire to Glenmoor and my flower gardens." She has held the position since 1943, serving with 4 secretary-managers — the late Patrick J. O'Farrell, John W. Ridder, now an Episcopal minister, John Krizan, now of Niles, and E. R. Chandler, the incumbent.

The assistant secretary's post is concerned mainly with stenographic and clerical work. The Chamber indicated it hopes to name a successor in about 30 days. Mrs. Popp has worked in all three headquarters occupied by the Chamber since its organization — in the Little Building, in the Ohio Valley Gas Co. Building and most lately in the former Weaver Building on W. 6th St.

Warren Gets Warning On Pollution Permit

COLUMBUS, Ohio (AP) — The Ohio Water Pollution Control Board told the city of Warren Tuesday that unless the city lets contracts for sewers for its sewage plant by June its pollution permit will not be renewed.

Warren has a water treatment plant half completed but it has not let contracts for the sewer work.

The board said Warren should have contracted for construction of sewers when its permit expired in February. If the contract has not been let by June, the board said, representatives from Warren will have to appear before the board.

Air Force Plans To Continue Operations At Clinton Base

WASHINGTON (AP)—The Air Force says it will continue operating its Clinton County base at Wilmington, Ohio, for the foreseeable future—despite curtailed activities there.

This was disclosed today in the transcript of testimony made public by a House appropriations subcommittee.

Subcommittee members had expressed concern at the Air Force's sudden abandonment of a plan to spend three million dollars on military housing alone there in the coming year.

They also questioned whether this kind of planning doesn't involve a lot of wasted money that could have been saved if the decision had been made a year ago.

Brig. Gen. Augustus M. Minton replied that it was simply a matter of deciding that the KC-97 tanker planes there are becoming obsolete.

The Air Force also placed in the hearing record a statement on the Clinton base by Brig. Gen. Joseph T. Kingsley Jr.

"The Air Force Reserve mission is planned to continue for the foreseeable future," Kingsley said.

"Rather than assigning two squadrons (about 30 planes) of KC-97 tankers to the base beginning this summer we now plan to stage in 12 to 15 KC-97's.

"These aircraft and their crews will not be permanently assigned but will remain for a staging period and then be relieved by other aircraft and crews."

It was Rep. Jamie L. Whitten (D-Miss) who raised the question about possible waste.

He told Minton that he thought Minton himself, as chief of civil engineering for the Air Force, has done a good job in general.

He also asked how much money has been spent on the Clinton base. The answer was, from 1955 to now, about 25 million dollars.

Minton said the Air Force did manage to hold up advertisements for bids on the housing last January.

"We had a tremendous amount of pressure to go ahead, but they were held up because there was a bit of suspicion about this base," Minton said.

Officers Named For Wellsville Parochial Group

The Confraternity of Christian Mothers of Wellsville elected Mrs. Frances Farina president at the monthly meeting Monday night in the Pine Room of the Immaculate Conception Parochial School.

Other officers are Mrs. Martha McCune, vice president; Mrs. Virginia Crea, treasurer, and Mrs. Shirley Tarnovich, secretary. Mrs. Madge Miller is the outgoing president.

Plans were completed for the annual dinner June 7 at 6:30 p. m. at the Hammond House with Mrs. Imogene Bonadie and Mrs. Mary DeSenze in charge.

Members are to contact any of the present officers for transportation. Mrs. Mary Hawk, Mrs. Betty Corbisello, Mrs. Viola Cuffaro, Mrs. Mary Carraher and Mrs. Crea will comprise the committee for the school picnic at Hammond Park June 10.

The first Friday Communion breakfast for children will be supervised by Mrs. Tarnovich, Mrs. Corbisello, Mrs. Mary Helen Hanselman, Mrs. Lucy Biacco and Mrs. Pat Carlson, mothers of the first Communion Class. A bake sale will be held May 29 following the 8, 9:30 and 11 a. m. Masses with Mrs. Corbisello and Mrs. Peggy Rawlings co-chairmen.

The attendance banner was won by the fifth and sixth grades taught by Sister Francis deSales. Prizes were won by Mrs. Sadie Surace and Mrs. Mary Prezzia. Lunch was served by Mrs. Cuffaro, Mrs. Ernie D'Angelo, Mrs. Kathryn Trainer and Mrs. Surace.

Leprosy later was spread to Europe by armies returning from the East, while others believe that the disease was carried to the continent by crusaders of the Middle Ages.

"As trade routes opened up throughout the world, a major commodity traveling over them was the disease of leprosy," Wallover declared. "Portugese explorers probably carried it to Brazil, Spaniards to Columbia, and the slave trade to the West Indies."

"Wherever the disease appeared, it was surrounded by myth, superstition and fear," Wallover continued. He described how Egyptians called leprosy a "death before death," Persians said victims were called "the avoided ones" and in India victims were said to "have been cursued by the Gods."

Followers of Jesus Christ established the first institutions for care of the victims, Wallover explained. Christian saints also aided in caring for victims throughout the Middle Ages.

Then, in 1941, doctors at a leprosy hospital in Carville, La., received encouraging reports of a new drug called Promin, Wallover declared. When tried on victims, ulcers began to heal, eye lesions cleared up and skin patches began to disappear.

The Carville doctors declared "it can be regarded as the most hopeful experimental treatment for Leprosy ever undertaken."

Another drug called Diamino-Diphnyl-Sulfone — or DDS — was later developed and has become generally accepted by leprosy specialists as the basic remedy for the disease, Wallover said.

"The American Leprosy Missions is worthy of your consideration and support. It supports 160 treatment centers, including hospitals, settlements and village dispensaries, in 32 countries, reaching 70,000 patients.

"But this is just a small portion of the 10 to 20 million victims of leprosy who could be made whole with the financial help of those of us who are able."

Wallover was introduced by George Hargraves, president - elect.

Mrs. Evelyn Popp Will Retire From Job With C. Of C.

Mrs. Evelyn W. Popp of Glenmoor, for 16 years assistant secretary of the Chamber of Commerce, advised the Board of Trustees Tuesday afternoon she plans to retire July 31.

In a letter of resignation submitted to the board at its monthly meeting, Mrs. Popp said she plans to "retire to Glenmoor and my flower gardens." She has held the position since 1943, serving with 4 secretary-managers — the late Patrick J. O'Farrell, John W. Ridder, now an Episcopal minister, John Krizan, now of Niles, and E. R. Chandler, the incumbent.

The assistant secretary's post is concerned mainly with stenographic and clerical work. The Chamber indicated it hopes to name a successor in about 30 days. Mrs. Popp has worked in all three headquarters occupied by the Chamber since its organization — in the Little Building, in the Ohio Valley Gas Co. Building and most lately in the former Weaver Building on W. 6th St.

Warren Gets Warning On Pollution Permit

COLUMBUS, Ohio (AP) — The Ohio Water Pollution Control Board told the city of Warren Tuesday that unless the city lets contracts for sewers for its sewage plant by June its pollution permit will not be renewed.

Warren has a water treatment plant half completed but it has not let contracts for the sewer work.

The board said Warren should have contracted for construction of sewers when its permit expired in February. If the contract has not been let by June, the board said, representatives from Warren will have to appear before the board.

Air Force Plans To Continue Operations At Clinton Base

WASHINGTON (AP)—The Air Force says it will continue operating its Clinton County base at Wilmington, Ohio, for the foreseeable future—despite curtailed activities there.

This was disclosed today in the transcript of testimony made public by a House appropriations subcommittee.

Subcommittee members had expressed concern at the Air Force's sudden abandonment of a plan to spend three million dollars on military housing alone there in the coming year.

They also questioned whether this kind of planning doesn't involve a lot of wasted money that could have been saved if the decision had been made a year ago.

Brig. Gen. Augustus M. Minton replied that it was simply a matter of deciding that the KC-97 tanker planes there are becoming obsolete.

The Air Force also placed in the hearing record a statement on the Clinton base by Brig. Gen. Joseph T. Kingsley Jr.

"The Air Force Reserve mission is planned to continue for the foreseeable future," Kingsley said.

"Rather than assigning two squadrons (about 30 planes) of KC-97 tankers to the base beginning this summer we now plan to stage in 12 to 15 KC-97's.

"These aircraft and their crews will not be permanently assigned but will remain for a staging period and then be relieved by other aircraft and crews."

It was Rep. Jamie L. Whitten (D-Miss) who raised the question about possible waste.

He told Minton that he thought Minton himself, as chief of civil engineering for the Air Force, has done a good job in general.

He also asked how much money has been spent on the Clinton base. The answer was, from 1955 to now, about 25 million dollars.

Minton said the Air Force did manage to hold up advertisements for bids on the housing last January.

"We had a tremendous amount of pressure to go ahead, but they were held up because there was a bit of suspicion about this base," Minton said.

Officers Named For Wellsville Parochial Group

The Confraternity of Christian Mothers of Wellsville elected Mrs. Frances Farina president at the monthly meeting Monday night in the Pine Room of the Immaculate Conception Parochial School.

Other officers are Mrs. Martha McCune, vice president; Mrs. Virginia Crea, treasurer, and Mrs. Shirley Tarnovich, secretary. Mrs. Madge Miller is the outgoing president.

Plans were completed for the annual dinner June 7 at 6:30 p. m. at the Hammond House with Mrs. Imogene Bonadie and Mrs. Mary DeSenze in charge.

Members are to contact any of the present officers for transportation. Mrs. Mary Hawk, Mrs. Betty Corbisello, Mrs. Viola Cuffaro, Mrs. Mary Carraher and Mrs. Crea will comprise the committee for the school picnic at Hammond Park June 10.

The first Friday Communion breakfast for children will be supervised by Mrs. Tarnovich, Mrs. Corbisello, Mrs. Mary Helen Hanselman, Mrs. Lucy Biacco and Mrs. Pat Carlson, mothers of the first Communion Class. A bake sale will be held May 29 following the 8, 9:30 and 11 a. m. Masses with Mrs. Corbisello and Mrs. Peggy Rawlings co-chairmen.

The attendance banner was won by the fifth and sixth grades taught by Sister Francis deSales. Prizes were won by Mrs. Sadie Surace and Mrs. Mary Prezzia. Lunch was served by Mrs. Cuffaro, Mrs. Ernie D'Angelo, Mrs. Kathryn Trainer and Mrs. Surace.

Plane

(Continued from Page One)

America recalled that Washington had repeatedly announced that at the first sight of enemy planes approaching the United States, American bombers would be ordered to deliver a return blow.

"Why then shouldn't the U.S.S.R. do likewise when it finds a U.S. plane in its territory?" the commentator demanded.

The United States meanwhile requested permission for a U.S. Embassy officer to interview Powers, 30-year-old former Air Force pilot from Pound, Va., who the Soviets said confessed he was spying for the Central Intelligence Agency (CIA).

The Soviet note said the American flier "will be brought to account under the laws of the Soviet state."

The Soviets were expected to stage a news conference today to show reporters the escape kit, the poisoned needle, pistol with silencer, maps and other gear they say the pilot carried.

Foreign Minister Andrei A. Gromyko handed the Soviet protest note to U.S. Charge d'Affaires Edward L. Frears Tuesday.

"Hostile acts of American aviation which have taken place numerous times in relation to the Soviet Union are not simply the result of the activity of the military command of the U.S.A. in various areas, but are an expression of a calculated U.S.A. policy," the note said.

him and pinned on his tunic the Legion of Merit.

Triton throbbed on northward this morning toward home base, New London, Conn., where its outsized crew of 182 officers and men were due for a well-deserved shore leave.

No one mentioned it, but the Triton's world-girdling feat was timed nicely to give the President a boost at the Paris summit conference, which starts next Monday.

Beach, 42, jut-jawed and crewcut, is the picture of a modern naval officer. Decorated several times for submarine forays against Japan in World War II, he is both a fighting man and a writing man. His "Submarine" was a personal account of his wartime service in the Trigger. He followed it with a spine-tingling novel, "Run Silent, Run Deep."

Although submerged for nearly 84 days, Triton retraced Magellan's course in just 60 days, thus beating by 20 days the feat of Jules Verne's hero, Phileas Fogg, who made it "Around The World in 80 Days."

It took Magellan's ship three years.

The crewmen were able to catch a glimpse by periscope of the monument that marks the spot where Magellan died on Mactan Island in the Philippines. And on the way home the sub came awash to the surface to pay homage to Magellan's point of departure, Cadiz, Spain.

Only one other time did the Triton "broach,," or come up with its conning tower out of the water. This was off Argentina, where it made rendezvous with the cruiser Macon to remove a crewman seriously ill from kidney stones.

The ill crewman was sworn to secrecy about Triton's mission, and those aboard the Macon, perishing with curiosity, learned nothing of what it was up to. At no time during the voyage, Beach believes, was the Triton identified, although it startled several fisherfolk in the Philippines when it poked up its periscope for a look.

The Triton is a radar picket ship, a submersible electronic island, that can act as a distant warning sentinel against enemy bombers. It does not fire missiles, as the new Polaris subs are equipped to do.

FPC Head Admits Improper Call In Gas Pipeline Case

WASHINGTON (AP) — Jerome K. Kuykendall, chairman of the Federal Power Commission, concedes he got an improper private phone call about a gas pipeline case from lawyer Thomas G. Corcoran.

Why didn't Kuykendall report this when it happened, House committee members asked him Tuesday. Kuykendall had this explanation.

Corcoran was a prominent Democrat. Kuykendall was a Republican appointee to the FPC. People would have thought "I was gunning for him," Kuykendall said. "I would have been publicized as pulling the lowest sort of trick."

The FPC chairman was recalled today for further questioning about a half-dozen such "ex parte" contacts he says he has had with industry figures.

The Corcoran phone call was last October. It was improper, Kuykendall said, because Corcoran brought up the rate of return his pipeline company wanted —a matter the FPC had not yet decided. Kuykendall reported the call to Robert Lishman, counsel for the House Legislativer Oversight subcommittee, only after it was disclosed in an gas industry trade publication.

Corcoran, an intimate adviser to the late President Franklin D. Roosevelt, is Washington counsel for Tennessee Gas Transmission Co., parent firm of Midwestern Gas Transmission Co., which got FPC permission to import gas from Canada.

Bandsman Gets Award At Junior High Concert

Ted Waters, son of Mr. and Mrs. Oliver Spencer of Pennsylvania Ave., and president of the East Junior High School band, received the outstanding bandsman award Tuesday night at the annual band concert in the school auditorium. About 400 attended.

On behalf of the band, Waters presented a gift to Vincent L. Maola, instrumental music instructor.

Soloists and ensemble groups featured the two-band program. The eighth and ninth grade students presented the first half, seventh graders, the second portion.

Township Firemen Called In Smoke Alarm

The Liverpool Township West volunteer fire department was called to the home of Dr. F. D. Irwin of Radio Heights Tuesday night at 9:50 when a clogged incinerator filled the house with smoke.

The chimney of the incinerator in an attached garage was clogged, firemen said. It was out on arrival. Eight men and three trucks responded.

A training session will be held tonight at 7 at the LaCroft station.

Mother, 35, Is Held In Bartender's Death

HUNTINGTON, W. Va. (AP)—A 35-year-old mother, who told police she shot a bartender after he took her purse containing $200, was held today without bond on a murder charge.

Mrs. Stella Louise Dean is accused in the death Monday night of Orbin Banks, 50.

She was taken into custody Tuesday, at a beauty parlor in Ironton, Ohio.

In a signed statement, Mrs. Dean said it happened like this:

She left a tavern, and upon returning found her purse missing and her husband sleeping. Banks denied taking the money. She went home, got a gun, returned and fired twice.

Ted Waters, son of Mr. and Mrs. Oliver Spencer of Pennsylvania Ave., and president of the East Junior High School band, received the outstanding bandsman award Tuesday night at the annual band concert in the school auditorium. About 400 attended.

On behalf of the band, Waters presented a gift to Vincent L. Maola, instrumental music instructor.

Soloists and ensemble groups featured the two-band program. The eighth and ninth grade students presented the first half, seventh graders, the second portion.

The first steels containing three alloying elements, nickel, chromium and molybdenum, where introduced during World War I.

Township Firemen Called In Smoke Alarm

The Liverpool Township West volunteer fire department was called to the home of Dr. F. D. Irwin of Radio Heights Tuesday night at 9:50 when a clogged incinerator filled the house with smoke.

The chimney of the incinerator in an attached garage was clogged, firemen said. It was out on arrival. Eight men and three trucks responded.

A training session will be held tonight at 7 at the LaCroft station.

New York Employes Must Use Seat Belts

CHICAGO (AP) — New York state employes driving state vehicles have been ordered to use seat belts, says the International City Managers' Assn.

Studies show seat belts cut fatalities and major injuries in accidents more than 50 per cent, the association says.

Mother, 35, Is Held In Bartender's Death

HUNTINGTON, W. Va. (AP)—A 35-year-old mother, who told police she shot a bartender after he took her purse containing $200, was held today without bond on a murder charge.

Mrs. Stella Louise Dean is accused in the death Monday night of Orbin Banks, 50.

She was taken into custody Tuesday, at a beauty parlor in Ironton, Ohio.

In a signed statement, Mrs. Dean said it happened like this:

She left a tavern, and upon returning found her purse missing and her husband sleeping. Banks denied taking the money. She went home, got a gun, returned and fired twice.

Speed Limits Set

COLUMBUS, Ohio (AP)—The official speed limits on Ohio's 1,500-mile interstate system are 65 m.p.h. for cars and 55 m.p.h. for trucks weighing over two tons empty. The limits, set Tuesday by the Highway Department, are the same as those on the Ohio Turnpike. They stand for both day and night. Legal limits on other Ohio highways are 60 and 50 m.p.h.

- This PRE-21 CLUB Honor Pledge is strictly your own. Your parents are not required to sign nor are they held responsible for your purchases.
- We'll help you arrange special low PRE-21 CLUB payments that you can easily meet from your own earnings.
- Come in to your *Shaw's* Jewelers' Store and ask to join the PRE-21 CREDIT CLUB in your own name. You'll receive your PRE-21 CREDIT CLUB card right away stating that you're a member in good standing, entitled to choose and charge your purchases to your very own credit account.
- Of course, you are entitled to all the advantages of shopping at *Shaw's* that adults enjoy . . . famous-name merchandise at substantial savings, backed by *Shaw's* Jewelers' 30-day money-back guarantee.

PARENTS PLEASE NOTE: Under no circumstances will you ever be asked to pay on a PRE-21 CREDIT CLUB account.

HONOR PLEDGE

This certifies that I am a member of the *Shaw's* PRE-21 CREDIT CLUB. As such I have made my own selection of merchandise and concluded this transaction by myself. Upon my honor, I promise to pay *Shaw's* Jewelers out of my allowance or earnings, on the basis of One Dollar per week, for the articles I have purchased.

Canton Firm Low Bidder On Road Project

LISBON — Ohio Tar and Asphalt Co., Inc., of Canton was awarded two contracts totaling $161,731 Tuesday afternoon by county commissioners for material that will be used in the county's summer road improvement program.

The Canton concern will supply and spread 907,968 gallons of asphalt for $143,231 and furnish 2,500 tons of cold patching material at a total cost of $18,500.

The summer program will cover 174½ miles of roads. The company's bid was $32,674 under the $193,905 which County Engineer Charles O. Snyder had estimated the work would cost.

Other bidders were: Lytle Construction Co., Inc., of Wooster, $156,587 for tar and distribution; Howbet Grading and Paving, Inc., of North Canton, $166,540 for tar and $20,250 for cold patch; Buckeye Tar and Asphalt Co. of Navarre, $18,750 for cold patch, and Ralph H. Fulk of Hebron, $156,566 for tar and distribution.

The Lytle concern and Fulk did not submit bids on the cold patch and the Navarre concern did not bid on the asphalt and distribution.

The program includes 125 projects throughout the county. They are listed below, with the mileage scheduled in each township or village:

2 Youths Held For Car Theft

Two East Liverpool district youths are being held in the juvenile detention room at County Jail in Lisbon today following their arrest Tuesday night for the theft of an auto from a downtown East Liverpool parking lot.

Police said the juveniles, 15 and 16, are accused of taking a 1951 two-door hardtop which Kenneth R. Kibler, 2409 St. Clair Ave., reported stolen between 1 and 7:15 p. m. yesterday from the Bosco Parking Lot on E. 6th St.

The boys were apprehended by Deputy Sheriff Robert Beresford with the aid of St. Clair Township constables, officers said. Kibler's auto was recovered at 8:05 on the Bloomfield Rd., officers said.

Hearings for the two boys are set Thursday before Juvenile Judge Louis Tobin, the sheriff's office said. One resides at Wellsville and the other is of the Calcutta-Smiths Ferry Rd.

The deputy spotted the two in the car on St. Clair Ave. Ext., but they jumped from the auto and ran. East Liverpool police and St. Clair constables aided in a search of the area, which led to apprehension of one youth. The second was picked up a short time afterward.

Another auto stolen in the downtown area late yesterday afternoon was recovered in a little over an hour, officers said.

Harry L. Gill, 565 Williams Ave., editor of the Potters Herald, told police his 1956 four-door sedan was taken from the parking lot alongside the IBOP Building on W. 6th St. between 1 and 4:47 p. m. It was found on W. 5th St. at 6:01 by Lt. Clyde W. Boso, police said.

Motorist Cited On 2 Charges

A 22-year-old Midland man was cited on two charges late Tuesday night after his auto hit the rear of a policeman's private car on the Pennsylvania Ave. "Hill Rd." near Ravine St.

Donald Young of the Midcrest Apartments was fined $25 and costs today in Municipal Court on a reckless driving charge and $10 and costs on an illegal auto registration count.

He was cited after a collision at 11:29 in which his 1957 four-door sedan struck the rear of a 1959 model station wagon operated by Patrolman Paul E. Carter, 34, of Box 561. Patrolman Orin Smith investigated the crash.

Officer Carter said he was headed east when he slowed for a car ahead, which had halted for a car pulling off Ravine St. onto the "Hill Rd." The policeman said his car was almost halted when it was hit from the rear by Young's car.

The policeman's auto was scratched on the rear bumper and the front bumper of the Midland man's car was scratched, officers said.

A 7-year-old West End girl was hurt slightly in another mishap Tuesday afternoon and a local driver was cited as the aftermath of a third mishap early today.

Kay Creamer, daughter of Mrs. Gloria Creamer of Alton St., suffered contusions and abrasions of the left thigh at 3:30 yesterday at Lisbon and Fairview Sts. when she ran into the side of a 1951 auto operated by Charles W. Barnhart, 64, of 1174 Lisbon St., the driver told police.

The child was treated at the office of an East End physician. Barnhart told police he was driving south about 20 to 25 miles an hour when the girl ran into the street from behind a car, bumping the right rear fender of his car.

Donald Coleman, 36, of 5th Ave., LaCroft, was cited for driving without an operator's permit as an aftermath of a collision at 6:10 this morning at the intersection of the W. 8th St. "super-road" and former W. 8th St.

Police said his car was involved in a collision with an auto driven by Alvin J. Coil, 23, of 305 Gardendale Ave. Coleman posted a $56 bond for a hearing Thursday morning at 9 in Municipal Court.

Police said Coil was driving west on the four-lane stretch and Coleman was pulling out of the side street. The crash damaged the entire front end of Coil's car and the left side of Coleman's auto, officers reported.

Midland Band Awaits Trip To Capital

The 114-member Midland Lincoln High School band will leave Thursday at 7 a. m. by 4 chartered buses to participate in the National Safety Patrol parade Saturday evening at Washington.

There will be about 39,000 marchers in the parade and Midland will be one of the five Pennsylvania high school bands participating.

Charles P. Henderson said all is in readiness for the trip. Chaperones and other personnel have been selected.

The first stop will be at Midway for lunch. Buses will arrive in Washington late Thursday evening and band members will stay at the Washingtonian Motel. Meals will be served at the South Grove Country Club.

Tours include a moonlight boat ride down the Potomac River Thursday evening and a guided tour of Washington and a ball game between the Yankees and Senators Friday. Shopping trips are planned Saturday afternoon and church Sunday. The band is expected back late Sunday.

Funds for the trip were raised through various projects of the band, the Boosters Club and donations from clubs.

Donations Made By Boosters Club

The Beaver Local Boosters Club turned over $500 to the Athletic Association at its meeting Tuesday night at the high school. The club also donated $25 to the post-prom committee.

New officers were installed. Foyn Wright, the new president, conducted business. George Wilkinson gave the opening prayer.

Reports were heard on the Columbiana Boy Scout Council dinner Thursday night and the Democratic political rally Friday night. The club served at both.

Plans were outlined for a spring sports banquet May 24. Mr. and Mrs. Mike Klembara are chairmen.

Basketball movies were screened during the social period. The trustees will meet Friday at 6:30 in the school. The coaching staff will provide the program at the next meeting June 14.

McDonald Due At USW Event

David J. McDonald, president of the United Steelworkers, will keynote the opening of the District 20 steelworker's conference, opening at the Brodhead Hotel, Beaver Falls, on May 27, Kay Kluz, the district's acting director, said today at Ambridge.

Approximately 275 delegates, representing the district's steelworkers are expected, making this the largest conference of its kind ever held in the county.

Keen interest is being centered about the election of the four wage policy committeemen to the union's 176-man Wage Policy Board. The elections are scheduled for the Friday afternoon session. The present Wage Policy Committee is: Ben Riccitelli, Local 2501, Ambridge - Leetsdale Area; Michael J. Hohan, Local 1212, Rochester - Midland - East Liverpool Area; Michael Teleha, Local 1211, Aliquippa Area, and William Sepesie, Local 1112, Beaver Falls - Monaca - New Brighton Area.

Scheduled to address the conference Friday afternoon are Howard R. Hague, union vice president, and Rep. Frank M. Clark.

Driver Demerits Hike Wisconsin Suspensions

CHICAGO (AP) — Driver demerits in the violation point system in Wisconsin have caused license suspensions to increase 18 per cent, reports the Council of State Governments.

The plan, installed three years ago, adds a set number of points against a driver's record. When demerits reach 12 points in one year, 18 in two, 24 in three, the license is revoked.

The Council says while Wisconsin driver suspensions have increased, traffic deaths have dropped about 7 per cent.

Canton Firm Low Bidder On Road Project

LISBON — Ohio Tar and Asphalt Co., Inc., of Canton was awarded two contracts totaling $161,731 Tuesday afternoon by county commissioners for material that will be used in the county's summer road improvement program.

The Canton concern will supply and spread 907,968 gallons of asphalt for $143,231 and furnish 2,500 tons of cold patching material at a total cost of $18,500.

The summer program will cover 174½ miles of roads. The company's bid was $32,674 under the $193,905 which County Engineer Charles O. Snyder had estimated the work would cost.

Other bidders were: Lytle Construction Co., Inc., of Wooster, $156,587 for tar and distribution; Howbet Grading and Paving, Inc., of North Canton, $166,540 for tar and $20,250 for cold patch; Buckeye Tar and Asphalt Co. of Navarre, $18,750 for cold patch, and Ralph H. Fulk of Hebron, $156,566 for tar and distribution.

The Lytle concern and Fulk did not submit bids on the cold patch and the Navarre concern did not bid on the asphalt and distribution.

2 Youths Held For Car Theft

Two East Liverpool district youths are being held in the juvenile detention room at County Jail in Lisbon today following their arrest Tuesday night for the theft of an auto from a downtown East Liverpool parking lot.

Police said the juveniles, 15 and 16, are accused of taking a 1951 two-door hardtop which Kenneth R. Kibler, 2409 St. Clair Ave., reported stolen between 1 and 7:15 p. m. yesterday from the Bosco Parking Lot on E. 6th St.

The boys were apprehended by Deputy Sheriff Robert Beresford with the aid of St. Clair Township constables, officers said. Kibler's auto was recovered at 8:05 on the Bloomfield Rd., officers said.

Hearings for the two boys are set Thursday before Juvenile Judge Louis Tobin, the sheriff's office said. One resides at Wellsville and the other is of the Calcutta-Smiths Ferry Rd.

The deputy spotted the two in the car on St. Clair Ave. Ext., but they jumped from the auto and ran. East Liverpool police and St. Clair constables aided in a search of the area, which led to apprehension of one youth. The second was picked up a short time afterward.

Another auto stolen in the downtown area late yesterday afternoon was recovered in a little over an hour, officers said.

Harry L. Gill, 565 Williams Ave., editor of the Potters Herald, told police his 1956 four-door sedan was taken from the parking lot alongside the IBOP Building on W. 6th St. between 1 and 4:47 p. m. It was found on W. 5th St. at 6:01 by Lt. Clyde W. Boso, police said.

Charles F. Kennedy, a former resident of 309 15th St. Wellsville, died Tuesday morning at 2:10 in the Kennedy Memorial Christian Home at Martinsville, Ind., where he had resided since Nov. 5. He was 77.

A retired locomotive engineer for the Pennsylvania Railroad Co., he was born in Marion County July 9, 1882, son of the late Tommy Kennedy and Emma Monnett Kennedy. He resided in Bellefontaine for several years before moving to Wellsville 42 years ago.

He retired in 1952 after 50 years with the railroad. He was a member and former deacon of the Wellsville First Christian Church and belonged to the Wellsville Masonic 180 and the Brotherhood of Locomotive Engineers.

He leaves two daughters, Mrs. Wilbur B. Kerr of Wellsville, and Mrs. Alfred L. Rafuse of Chicago; a step-son, Carl F. Allebaugh of Steubenville; a sister, Miss Bell Kennedy of Wichita, Kan., and two grandchildren. His wife, Mrs. Mary Packer Kennedy, died Oct. 14, 1959.

Services will be held Friday at 2 p. m. at the MacLean Funeral Home in Wellsville by the Rev. Robert E. Andrews. Burial will be in Springhill Cemetery.

Friends may call at the funeral home Thursday afternoon and night.

Mrs. Mathew Stipec

Mrs. Josephine Stipec of Chester R. D. 1, wife of Mathew Stipec, died Tuesday at 4:15 p. m. at City Hospital after a brief illness. She was 48.

Born in Pittsburgh, March 19, 1912, she was the daughter of the late Mr. and Mrs. Anthony Steiminger. She was a member of the Sacred Heart Catholic Church of Chester, a past member of the Grandview Parent-Teacher Association, past president of the Grandview Farm Women's Club and a member of the Croatian Fraternal Union of Weirton.

Besides her husband, she leaves a son, Mathew Stipec Jr., and a daughter, Miss Marie Stipec, all at home; four brothers, Andrew Steiminger, George Steiminger, Anthony Steiminger and Frank Steiminger, all of Slovan, Pa.; three sisters, Miss Amelia Steiminger and Mrs. Mary Sherlock, both of Pittsburgh, and Mrs. Albert Moore of Youngstown, and several nephews and nieces.

A Requiem High Mass will be sung Friday morning at 9 at the church with Fr. Eugene Jacobs in charge. Burial will be in Millcreek Cemetery near Hookstown.

Friends may call at the Chester Arner Chapel this evening and Thursday afternoon and evening. The rosary will be recited at the Chapel Thursday at 7 p. m.

Mrs. Nellie Sherwood

Mrs. Nellie M. Sherwood, 80, a former resident of Toronto, died Tuesday at 1:10 p. m. at the home of a daughter, Mrs. O. R. Steele, of Warren, after an illness of 4 months.

She was born in Centralia, Ill., Sept. 14, 1879, daughter of the late John Robinson and Mary Robinson. She was a member of the Toronto Church of the Nazarene.

She leaves another daughter, Mrs. Gilt Roberts of East St. Louis, Ill.; five sons, Clifford Sherwood of Toronto, Harvey Sherwood of East St. Louis, Charles Sherwood of Chicago, Ted Sherwood of Youngstown and Carl Sherwood of Hammondsville; a sister, Mrs. Daisy Sappington, of Trenton, Ill., and 25 grandchildren and 21 great-grandchildren. Her husband, Charles Sherwood, died in 1940 and a son, Earl Sherwood, in 1928.

Services will be held Friday at 1:30 p. m. at the Clarke Funeral Home in Toronto by the Rev. John Eppler. Burial will be in Toronto Union Cemetery.

Friends may call at the funeral home after 7 tonight.

Mrs. Helen Chapman

Services for Mrs. Helen I. Chapman, 414 Blackmore St., a teacher at the elementary school at Westgate, will be held Thursday at 2 p. m. at the Dawson Funeral Home.

John N. Mostoller, minister of the First Church of Christ, and the Rev. D. Park Chapman, former pastor will officiate. Burial will be in Columbiana County Memorial Park.

She died Tuesday morning at the Osteopathic Hospital after a brief illness.

Friends may call at the funeral home tonight.

Motorist Cited On 2 Charges

A 22-year-old Midland man was cited on two charges late Tuesday night after his auto hit the rear of a policeman's private car on the Pennsylvania Ave. "Hill Rd." near Ravine St.

Donald Young of the Midcrest Apartments was fined $25 and costs today in Municipal Court on a reckless driving charge and $10 and costs on an illegal auto registration count.

He was cited after a collision at 11:29 in which his 1957 four-door sedan struck the rear of a 1959 model station wagon operated by Patrolman Paul E. Carter, 34, of Box 561. Patrolman Orin Smith investigated the crash.

Officer Carter said he was headed east when he slowed for a car ahead, which had halted for a car pulling off Ravine St. onto the "Hill Rd." The policeman said his car was almost halted when it was hit from the rear by Young's car.

The policeman's auto was scratched on the rear bumper and the front bumper of the Midland man's car was scratched, officers said.

A 7-year-old West End girl was hurt slightly in another mishap Tuesday afternoon and a local driver was cited as the aftermath of a third mishap early today.

Kay Creamer, daughter of Mrs. Gloria Creamer of Alton St., suffered contusions and abrasions of the left thigh at 3:30 yesterday at Lisbon and Fairview Sts. when she ran into the side of a 1951 auto operated by Charles W. Barnhart, 64, of 1174 Lisbon St., the driver told police.

The child was treated at the office of an East End physician. Barnhart told police he was driving south about 20 to 25 miles an hour when the girl ran into the street from behind a car, bumping the right rear fender of his car.

Donald Coleman, 36, of 5th Ave., LaCroft, was cited for driving without an operator's permit as an aftermath of a collision at 6:10 this morning at the intersection of the W. 8th St. "super-road" and former W. 8th St.

Police said his car was involved in a collision with an auto driven by Alvin J. Coil, 23, of 305 Gardendale Ave. Coleman posted a $56 bond for a hearing Thursday morning at 9 in Municipal Court.

Police said Coil was driving west on the four-lane stretch and Coleman was pulling out of the side street. The crash damaged the entire front end of Coil's car and the left side of Coleman's auto, officers reported.

Midland Band Awaits Trip To Capital

The 114-member Midland Lincoln High School band will leave Thursday at 7 a. m. by 4 chartered buses to participate in the National Safety Patrol parade Saturday evening at Washington.

There will be about 39,000 marchers in the parade and Midland will be one of the five Pennsylvania high school bands participating.

Charles P. Henderson said all is in readiness for the trip. Chaperones and other personnel have been selected.

The first stop will be at Midway for lunch. Buses will arrive in Washington late Thursday evening and band members will stay at the Washingtonian Motel. Meals will be served at the South Grove Country Club.

Tours include a moonlight boat ride down the Potomac River Thursday evening and a guided tour of Washington and a ball game between the Yankees and Senators Friday. Shopping trips are planned Saturday afternoon and church Sunday. The band is expected back late Sunday.

Funds for the trip were raised through various projects of the band, the Boosters Club and donations from clubs.

Donations Made By Boosters Club

The Beaver Local Boosters Club turned over $500 to the Athletic Association at its meeting Tuesday night at the high school. The club also donated $25 to the post-prom committee.

New officers were installed. Foyn Wright, the new president, conducted business. George Wilkinson gave the opening prayer.

Reports were heard on the Columbiana Boy Scout Council dinner Thursday night and the Democratic political rally Friday night. The club served at both.

Plans were outlined for a spring sports banquet May 24. Mr. and Mrs. Mike Klembara are chairmen.

Basketball movies were screened during the social period. The trustees will meet Friday at 6:30 in the school. The coaching staff will provide the program at the next meeting June 14.

McDonald Due At USW Event

David J. McDonald, president of the United Steelworkers, will keynote the opening of the District 20 steelworker's conference, opening at the Brodhead Hotel, Beaver Falls, on May 27, Kay Kluz, the district's acting director, said today at Ambridge.

Approximately 275 delegates, representing the district's steelworkers are expected, making this the largest conference of its kind ever held in the county.

Keen interest is being centered about the election of the four wage policy committeemen to the union's 176-man Wage Policy Board. The elections are scheduled for the Friday afternoon session. The present Wage Policy Committee is: Ben Riccitelli, Local 2501, Ambridge - Leetsdale Area; Michael J. Hohan, Local 1212, Rochester - Midland - East Liverpool Area; Michael Teleha, Local 1211, Aliquippa Area, and William Sepesie, Local 1112, Beaver Falls - Monaca - New Brighton Area.

Scheduled to address the conference Friday afternoon are Howard R. Hague, union vice president, and Rep. Frank M. Clark.

Driver Demerits Hike Wisconsin Suspensions

CHICAGO (AP) — Driver demerits in the violation point system in Wisconsin have caused license suspensions to increase 18 per cent, reports the Council of State Governments.

The plan, installed three years ago, adds a set number of points against a driver's record. When demerits reach 12 points in one year, 18 in two, 24 in three, the license is revoked.

The Council says while Wisconsin driver suspensions have increased, traffic deaths have dropped about 7 per cent.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I think it's time somebody said something about the wife of the married student. There seems to be quite an epidemic of married men going to college these days while the wife works to pay the bills.

I'm not saying this shouldn't be done but I'd like to pass on a little first-hand advice to the girls. I was married right out of high school to a boy who was ambitious and very bright. He had a partial scholarship but for eight years I worked at an eight-hour job and did the housework, cooking, washing and ironing besides. I kept telling myself the future would be worth all the hard work and doing without.

Well, today he's a professional man but I don't seem to fit into his life anywhere. He uses big words that I don't even understand. He goes places without me because I don't mix well with his egghead friends. I'm sure people feel he married out of his intellectual class and feel sorry for him.

If your young man wants to go to school until he's 29, girls, fine—but make sure YOU GO, TOO! So long as he's a student developing his mind, develop yours. Instead of carrying the whole load and working eight hours, let him work four. Divide everything.

I made the mistake of stagnating at the high school level and now we don't speak the same language In brief, I'm what is known in brainy circles as—"THE OUTGROWN WIFE."

-:-

Dear Outgrown: Well said. And this type of tragedy isn't restricted to putting a man through college. Many a successful gus, when he reaches the top, forgests who helped him get there.

Wedding Guests

Dear Ann: Aren't the early arrivals at a wedding entitled to the choice seats? Recently we went to a wedding and got seats on the center aisle.

Every time a couple was ushered to our row my husband motioned for me to scoot over. One couple just stood there until we moved down. We ended up at the very end of the row which made me mad.

There's another wedding coming up and I'd like to know what's proper. If you say we should move down and surrender our choice seats to the late comers, I'm going to start arriving late instead of early.—AKRON READER.

-:-

Dear Akron: The early arrivals are entitled to the choice seats. Tell your husband it's not impolite for people who have snagged the aisle seats to hang on to them. If late comers motion for you to move down, simply stand there as if your feet were embedded in cement and signify with a gesture for them to move on down.

Time For A Change

Dear Ann: I'm 16 and went steady for seven months with a fellow I'll call Ron. He always seemed to break up with me just before a big dance, Valentine's Day or Christmas. My girl friends told me he was too cheap to buy me a corsage or a present but I always thought the timing just worked out that way.

I've been loyal to him through thick and thin and have phoned him every single night for months at the appointed time. Yesterday he told me his mother didn't like the phone calls and I'd better quit for awhile. My birthday is next week. Do you think he's pulling the same old stuff? — TWINKLE TOES.

-:-

Dear Twinkle: You've been temporarily disconnected. Find a new boy friend and don't be so aggressive. Let him call you at the appointed time. Yes, I, too, am suspicious of Ron's "timing." It was too good.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Toledo Girl Declared Winner Of National Cooking Contest

CINCINNATI (AP) — Sixteen-year-old Barbara Speiss of Toledo, Ohio, who finished her "hot 'n' hearty sandwich loaf" and was out shopping while most of the entrants still were hard at work, Tuesday was named winner of the second annual National Junior Cook of the Year Contest.

By her victory over 48 other girls and 2 boys, Barbara won a $5,000 cash award and a trip to Europe for three.

The contest, which drew entrants from many parts of the nation was sponsored by the Kroger Co., grocery chain, and the Westinghouse Electric Co.

Other prize winners were:

Senior first place — Rosemarie Diosy, 16, of Grafton, Ohio, for a baked chicken recipe which she enhanced with her own additives; $2,000 cash prize.

Junior first place—Carol LeGorie a 13-year-old eighth grader, from Dixon, Ill., for her "walnut wonder cake"; $2,000 cash prize.

Senior second place—Annie Herrington, a 20-year-old University of Mississippi junior from Albany, Miss., for her "lemon fluff tarts"; $1,000 cash prize.

Junior second place — Carlinda Kay Patterson, 12-year-old Chattanooga, Tenn., girl for her "candy bar cake"; $1,000 cash prize.

The junior division was for entrants 12 through 14 years of age and the senior division was for those 15 through 20.

Neither of the two boy entrants —Ronald Lee Hasken, 15, of Shively, Ky., and James E. Sack, 17, of Wyandotte, Mich.—finished among the top prize winners. Each entrant, however, received the electric range used in the contest, $100 in cash and the free trip for three to Cincinnati.

Miss Speiss said she would use her $5,000 to finance a college education in home economics. Her recipe is for a hamburger that tastes like pizza.

She said she first tried out the recipe on her high school cooking class in Toledo and her teacher, Mildred Russell, watched from the balcony Monday as Barbara quickly prepared two batches of her dish for the panel of judges.

She finished hours ahead of many of the finalists.

Coroner Rules Woman Died Of Natural Causes

CLEVELAND (AP) — Mrs. Thomas Shelton, 36, found dead in her apartment Monday, apparently died of natural causes, not from a blow on the head with a heavy, frozen steak, Coroner Samuel R. Gerber said Tuesday. However, further tests were being made.

Police said Mrs. Shelton told them last Friday her husband hit her with the steak and that she stabbed him with a knife in a fight. Shelton, 37, was under guard in fair condition in Metropolitan General Hospital with a chest wound.

Ike Invited To Spend Vacation In Newport

PROVIDENCE, R. I. (AP)—President Eisenhower has been invited to spend his summer vacation in Newport.

Gov. Christopher Del Sesto (R) signed Tuesday a General Assembly resolution extending the invitation.

The President and Mrs. Eisenhower vacationed at Newport in '1957 and 1958.

Cleveland Concern Grants Wage Increase

CLEVELAND (AP)— Thompson Ramo Wooldridge, Inc., one of Greater Cleveland's major employers, has signed a new, three-year contract with the independent Aircraft Workers Alliance (AWA), providing some 7,000 wage earners with increases of 6 to 9 cents an hour starting June 1. The pact includes various fringe benefits.

The company also said salaried workers could expect pay "adjustments" to be announced before June 1.

Cleveland Presbytery Plans Homes For Aged

CLEVELAND (AP)—Plans for the construction of three homes for the aged by 1966 were approved Tuesday by the Cleveland Presbytery. Two of the homes will be built in Cleveland—one each on the east and west sides—and the third in the Akron-Kent area.

Representatives of the 59 congregations comprising the seven-county presbytery, meeting in Wickliffe Presbyterian Church, approved the recommendations of a 20-member study committee.

3 Members Are Enrolled By VFW Post

Three new members were accepted when Post 66, VFW, met Tuesday night at the post home on Minerva St.

They are Virgil F. Boso of East Liverpool, Wayne R. Dillon of Rogers and Robert F. Wiant of Los Angeles. Wiant is the son of Fleming Wiant, former quartermaster of the post.

Nick Turkaly, membership chairman, reported that the post hit the 100 per cent membership mark as of Tuesday, with Robert K. Greenwood the 544th member signed. Post 66 is the fifth largest in the state of Ohio.

A delegation will attend the 6th District convention Saturday and Sunday at Canton. Making the trip will be Sherwood Robinson, commander; Turkaly, senior vice commander; James Rose, junior vice commander; Hap Martin, trustee, and Ed Hayhurst, life member. Roibnson is 6th District adjutant.

The annual Poppy Day will be May 28, with John Wright, past chaplain, in charge. Members wishing to assist should contact Wright, Robinson said.

A fishing rodeo will be held May 28 at the Tri-State Casting Club, with Turkaly, youth activities chairman, in charge.

A spaghetti supper was served before last night's meeting by Sherman Rohr, Rose and Turkaly, assisted by Mrs. Rohr of the Ladies Auxiliary.

Heart Ailment Fatal

TEL AVIV, Israel (AP)—Maurice Schwartz, 72, one of the greats of the Yiddish theater, died Tuesday of a heart ailment.

Cotton Carnival To Hit Full Stride With Parade

MEMPHIS, Tenn. (AP) — The Cotton Carnival hits full stride tonight with the first of the great cotton parades.

King Frank Norfleet and Queen Louise Crump got the five-day festival off to a chilly, windswept start Tuesday night with the arrival of the gaudy "royal barge."

The carnival shows and rides were in full swing, stretched along a downtown section of the riverfront.

Face Juvenile Court

CINCINNATI (AP)—Two boys, age 11 and 12, who police say admitted setting fire that destroyed a $10,000 horse barn Monday at River Downs race track, face juvenile Court June 1. Referee Sam Englender referred the two to court Tuesday.

She Had Re-Election As Mayor Wrapped Up

LOST SPRINGS, Wyo. (AP)—Nora Wanek was re-elected mayor of Lost Springs Tuesday.

It wasn't much of a surprise.

Not only was she unopposed on the ballot but the community has only six residents and three of them are in her daughter's family.

Dear Ann: I'm 16 and went steady for seven months with a fellow I'll call Ron. He always seemed to break up with me just before a big dance, Valentine's Day or Christmas. My girl friends told me he was too cheap to buy me a corsage or a present but I always thought the timing just worked out that way.

I've been loyal to him through thick and thin and have phoned him every single night for months at the appointed time. Yesterday he told me his mother didn't like the phone calls and I'd better quit for awhile. My birthday is next week. Do you think he's pulling the same old stuff? — TWINKLE TOES.

-:-

Dear Twinkle: You've been temporarily disconnected. Find a new boy friend and don't be so aggressive. Let him call you at the appointed time. Yes, I, too, am suspicious of Ron's "timing." It was too good.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Toledo Girl Declared Winner Of National Cooking Contest

CINCINNATI (AP) — Sixteen-year-old Barbara Speiss of Toledo, Ohio, who finished her "hot 'n' hearty sandwich loaf" and was out shopping while most of the entrants still were hard at work, Tuesday was named winner of the second annual National Junior Cook of the Year Contest.

By her victory over 48 other girls and 2 boys, Barbara won a $5,000 cash award and a trip to Europe for three.

The contest, which drew entrants from many parts of the nation was sponsored by the Kroger Co., grocery chain, and the Westinghouse Electric Co.

Other prize winners were:

Senior first place — Rosemarie Diosy, 16, of Grafton, Ohio, for a baked chicken recipe which she enhanced with her own additives; $2,000 cash prize.

Junior first place—Carol LeGorie a 13-year-old eighth grader, from Dixon, Ill., for her "walnut wonder cake"; $2,000 cash prize.

Senior second place—Annie Herrington, a 20-year-old University of Mississippi junior from Albany, Miss., for her "lemon fluff tarts"; $1,000 cash prize.

Junior second place — Carlinda Kay Patterson, 12-year-old Chattanooga, Tenn., girl for her "candy bar cake"; $1,000 cash prize.

The junior division was for entrants 12 through 14 years of age and the senior division was for those 15 through 20.

Neither of the two boy entrants —Ronald Lee Hasken, 15, of Shively, Ky., and James E. Sack, 17, of Wyandotte, Mich.—finished among the top prize winners. Each entrant, however, received the electric range used in the contest, $100 in cash and the free trip for three to Cincinnati.

Miss Speiss said she would use her $5,000 to finance a college education in home economics. Her recipe is for a hamburger that tastes like pizza.

She said she first tried out the recipe on her high school cooking class in Toledo and her teacher, Mildred Russell, watched from the balcony Monday as Barbara quickly prepared two batches of her dish for the panel of judges.

She finished hours ahead of many of the finalists.

Coroner Rules Woman Died Of Natural Causes

CLEVELAND (AP) — Mrs. Thomas Shelton, 36, found dead in her apartment Monday, apparently died of natural causes, not from a blow on the head with a heavy, frozen steak, Coroner Samuel R. Gerber said Tuesday. However, further tests were being made.

Police said Mrs. Shelton told them last Friday her husband hit her with the steak and that she stabbed him with a knife in a fight. Shelton, 37, was under guard in fair condition in Metropolitan General Hospital with a chest wound.

Ike Invited To Spend Vacation In Newport

PROVIDENCE, R. I. (AP)—President Eisenhower has been invited to spend his summer vacation in Newport.

Gov. Christopher Del Sesto (R) signed Tuesday a General Assembly resolution extending the invitation.

The President and Mrs. Eisenhower vacationed at Newport in '957 and 1958.

Cleveland Concern Grants Wage Increase

CLEVELAND (AP)— Thompson Ramo Wooldridge, Inc., one of Greater Cleveland's major employers, has signed a new, three-year contract with the independent Aircraft Workers Alliance (AWA), providing some 7,000 wage earners with increases of 6 to 9 cents an hour starting June 1. The pact includes various fringe benefits.

The company also said salaried workers could expect pay "adjustments" to be announced before June 1.

Cleveland Presbytery Plans Homes For Aged

CLEVELAND (AP)—Plans for the construction of three homes for the aged by 1966 were approved Tuesday by the Cleveland Presbytery. Two of the homes will be built in Cleveland—one each on the east and west sides—and the third in the Akron-Kent area.

Representatives of the 69 congregations comprising the seven-county presbytery, meeting in Wickliffe Presbyterian Church, approved the recommendations of a 20-member study committee.

3 Members Are Enrolled By VFW Post

Three new members were accepted when Post 66, VFW, met Tuesday night at the post home on Minerva St.

They are Virgil F. Boso of East Liverpool, Wayne R. Dillon of Rogers and Robert F. Wiant of Los Angeles. Wiant is the son of Fleming Wiant, former quartermaster of the post.

Nick Turkaly, membership chairman, reported that the post hit the 100 per cent membership mark as of Tuesday, with Robert K. Greenwood the 544th member signed. Post 66 is the fifth largest in the state of Ohio.

A delegation will attend the 6th District convention Saturday and Sunday at Canton. Making the trip will be Sherwood Robinson, commander; Turkaly, senior vice commander; James Rose, junior vice commander; Hap Martin, trustee, and Ed Hayhurst, life member. Roibnson is 6th District adjutant.

The annual Poppy Day will be May 28, with John Wright, past chaplain, in charge. Members wishing to assist should contact Wright, Robinson said.

A fishing rodeo will be held May 28 at the Tri-State Casting Club, with Turkaly, youth activities chairman, in charge.

A spaghetti supper was served before last night's meeting by Sherman Rohr, Rose and Turkaly, assisted by Mrs. Rohr of the Ladies Auxiliary.

Heart Ailment Fatal

TEL AVIV, Israel (AP)—Maurice Schwartz, 72, one of the greats of the Yiddish theater, died Tuesday of a heart ailment.

Cotton Carnival To Hit Full Stride With Parade

MEMPHIS, Tenn. (AP) — The Cotton Carnival hits full stride tonight with the first of the great cotton parades.

King Frank Norfleet and Queen Louise Crump got the five-day festival off to a chilly, windswept start Tuesday night with the arrival of the gaudy "royal barge."

The carnival shows and rides were in full swing, stretched along a downtown section of the riverfront.

Face Juvenile Court

CINCINNATI (AP)—Two boys, age 11 and 12, who police say admitted setting fire that destroyed a $10,000 horse barn Monday at River Downs race track, face juvenile Court June 1. Referee Sam Englender referred the two to court Tuesday.

She Had Re-Election As Mayor Wrapped Up

LOST SPRINGS, Wyo. (AP)—Nora Wanek was re-elected mayor of Lost Springs Tuesday.

It wasn't much of a surprise.

Not only was she unopposed on the ballot but the community has only six residents and three of them are in her daughter's family.

Piersall's Blast Leads Tribe To 5-1 Victory Over Yanks

Trade Rumors Circulate In Tribe Camp

NEW YORK (AP)—Rumors of trades again revolve 'round the Cleveland Indians locker room.

There has been no report that General Manager Frank (Trader) Lane has told his Tribesmen to continue sending out their laundry—a remark he makes occasionally when the trading itch subsides. So, anything could happen.

Outfielder Don Dillard was optioned to Toronto Tuesday on 24-hour recall, and Lane says there are no other transactions pending.

But the Indians' chieftain has been trying to get Truman Clevenger (not Russ Kemmerer as rumored) and Ken Aspromonte from Washington, according to reliable sources. Lane also is reported interested in Dick Williams of Kansas City.

Among the Indians who needn't worry about losing laundry is pitcher Gary Bell, who has a 3-1 record. He has never beaten the Yankees, but he'll try again today in a clash with Duke Maas, who was 5-0 against Cleveland last year.

Wynn Hawkins' shoulder is reported much better, and he probably will hurl Thursday. Dick Stigman would then open against the White Sox in Cleveland Friday night.

Stigman's second victory, posted here Tuesday night, is one he may never forget.

In the Tribe's 5-1 triumph over New York, Stigman gave a memorable performance in relief after Jim Perry, who allowed only one hit in seven innings, suddenly ran out of gas in the eighth. Elston Howard led off the eighth with his fourht homer of the season, tying the game 1-1.

Stigman relieved Perry with runners on second and third and one out. He struck out Gil McDougald, walked Mickey Mantle and made Roger Maris pop a 3-2 pitch to Vic Power for the third out.

The 24-year-old southpaw retired pinch-hitter Hector Lopez on a grounder with two on in the ninth, and then set down the Yankees in order in the 10th.

Jim Piersall turned the game into a walkaway with a three-run homer into the right field stands in the 10th inning, handing a loss to Ryne Duren, the Yankee relief ace. Duren hadn't given up a run this season and had a nine-inning hitless streak.

John Temple had looped a single to right field earlier in the 10th frame, sending Walter Bond sliding home. Temple reached second on a throw to the plate and took third when Harvey Kuenn chopped a single over Duren's head. That brought up Piersall, who had failed to hit in four attempts.

Pittsburgh Has Joined New Professional Cage Circuit

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP) — If Abe Saperstein's new American Basketball League starts operating in 1961-62 as scheduled, the little guy and the long shot specialist may have their day.

Saperstein is chock full of ideas for a new type of cage warfare, and the term is literal, for an eight-team pro circuit intended as a rival to the National Basketball Assn.

Saperstein Tuesday disclosed that his projected league was expanded from six to eight teams, but instead of starting next fall, as first planned, will begin in the 1961-62 season.

Pittsburgh and Portland, Ore., have joined an original charter group including Chicago, San Francisco, Los Angeles, Cleveland, Kansas City and Washington, D.C.

Saperstein said Pittsburgh and Portland must wait a year for construction of new arenas in those cities and the other cities decided to mark time a year so everybody could start from scratch.

Saperstein holds a fine scorn for the free-scoring tactics of the NBA, even though he owns 35 per cent of the Philadelphia Warriors in that loop. He said he soon will sell his interest in the Warriors.

Abe has come up with a number of novel rules changes which will be tested this summer by his Harlem Globetrotters and used in the league if feasible.

Saperstein would have his league play 40 minute games, instead of 48 minutes as the NBA plays. Bonus fouls would be out.

But that's only a starter. Abe proposes to widen the free throw lanes from 12 to 18 feet under the basket to whittle down rebounding by skyscraper players. This three-second parking zone would taper to 12 feet at the free throw line.

He would give three points for baskets shot beyond the rim of the free throw circle, about 21 feet out. He would permit use of hands by a defensive player while facing an offensive player.

There would be no 24-second rule, as employed by the NBA, for shooting. Instead, if a defensive player touches the ball held by the offensive man, a jump ball would be called.

The playing court would be extended three feet beyond each backboard to allow more maneuvering under the hoop.

Skidding Bucs Top LA, 3-2

By ED WILKS
Associated Press Sports Writer

It isn't how many you win in a row that counts in the National League race, it's whom you beat and when. Ask the San Francisco Giants, who have a modest, four-game winning streak but a 1½-game lead.

They matched their longest success string since 1958 with a 4-2 victory over the Philadelphia Phillies Tuesday night after replacing Pittsburgh in first place with a three-game sweep over the Pirates.

And they needed this one to keep the Bucs from making up any lost ground. The second place Pirates, who had lost four straight after winning 10 of 12, defeated Los Angeles 3-2.

The only other NL game scheduled, Cincinnati at Chicago, was rained out. It was the Cubs' fifth straight postponement.

In the American League, Boston defeated Chicago 9-7 on a pinch-hit grand-slam home run by ex-Dodger Rip Repulski, but the White Sox retained a one-game lead as Cleveland beat second place New York 5-1 in 10 innings. The Detroit Tigers ended their slump at 10 games, winning 1-0 at Washington on Don Mossi's three-hitter and Rocky Colavito's two-out home run in the ninth. Kansas City whipped Baltimore 10-0, backing ex-Pirate Dick Hall's six-hitter with a nine-run fifth inning.

The Giants, getting a pair of unearned runs as the Phils made three errors, won it on Don Blasingame's tie-breaking single in the seventh after blowing a 2-0 lead. The Phils caught up with Wally Post's two-run homer in the seventh off Johnny Antonelli, who was working on a two-hit shutout. Stu Miller (1-1) won it by facing and retiring just one man, loser Gene Conley (0-1) in the seventh.

Right-hander Vern Law became the first pitcher to win five in the majors this season as the Pirates backed his eight-hitter with home runs by Hal Smith and Bill Mazeroski. Southpaw Johnny Podres (2-2) lost to Pittsburgh at Los Angeles for the first time in four decisions, giving up both homers. Norm Sherry, who hit a home run in the second inning, and Junior Gilliam, who tripled and scored on an infield out in the eighth, had five of the Dodgers' hits between them.

Giants Notch 4th In Row

Improvement Program Continues At Waterford

An improvement program, aggregating a quarter of a million dollars in cost, is nearing completion at Waterford Park where a 60 - day summer racing season opens next May 30, Memorial Day, to continue through August 6.

The major improvement on the grounds is the grandstand mezzanine floor which has been tripled in size, including a vastly enlarged mutuels department. The crowding which characterized this area in the past has now been eliminated.

The clubhouse dining terrace has also been increased, the clubhouse is completely air-conditioned, tote boards in the infield and paddock have been improved and refurbished and many other conveniences have been added in Waterford Park's continuing program of progress.

Horse-wise, conditions were never brighter at the West Virginia mile oval. Applications are on hand for more than 1,500 runners, with approximately 375 of this number due in from Beulah Park, another 200 from Ascot Park, more than 150 from the Laurel and Shenandoah area, and the balance from Toledo, Wheeling and widespread points.

Capacity of the stable grounds is approximately 1,000 so many outfits will necessarily be turned down. The thoroughbred colony will be bolstered this year by the addition of 75 portable feed rooms which can be wheeled into position wherever needed. This means an added 75 stalls for horses.

Many tack rooms have also been built during the winter months to improve living conditions for stable help, and the back - stretch grounds have been graded and conditioned for the summer season.

All work is now being rushed to completion, with the opening of the 1960 meeting, less than three weeks away.

Giants 'Stealing' First Place In National Loop

By ALAN CLINE
Associated Press Sports Writer

SAN FRANCISCO (AP) —Despite their vaunted power, the San Francisco Giants are going to the stolen base to maintain their National League lead.

Three swipes Tuesday night played a major part in the Giants 4-2 victory over Philadelphia. The triumph was the fourth straight for the San Franciscans and kept them 1½ games in front.

Manager Bill Rigney, asked if he had some inside information on the Phil's rookie catcher Jim Coker, said, "no, we're going to run on every team we play."

The statistics bear him out.

Willie Mays, the league's leading hitter who struck out three times against Gene Conley and Humberto Robinson, stole his eighth base of the season in the sixth. Last year at this time Willie had two steals.

Don Blasingame stole second in the third for his fourth theft. Daryl Spencer, last year's Giant second baseman, had five stolen bases all season.

Willie Kirkland stole five bases during the entire season. The powerful left-handed swinger, who tripled and got two singles against the Phils, already has four.

Orlando Cepeda after 22 games in 1959 had three stolen bases. He got his fourth of 1960 Tuesday night.

The Giants total stands at 22. For the entire 1959 season it was 81.

Wheeling Downs Adds Golf Star To Staff

WHEELING (AP) — A name familiar in West Virginia amateur golf circles — Louis Cuffaro — has been added to the staff at Wheeling Downs race track.

Cuffaro has been appointed public relations representative at the track. He will be official host in the clubhouse and will represent the track in outside activities, too.

The 37-year-old Cuffaro was a semifinalist in the past three state amateur tournaments. He twice won the Ohio Valley Invitational and has played out of state in amateur tournaments.

Cuffaro was graduated from West Virginia University, where he played on the football team. He was an All-State fullback at nearby Triadelphia High School.

A JUBILANT Jimmy Piersall of the Cleveland Indians is greeted at home by teammate Harvey Kuenn (6) who he drove in with a 10th inning homer Tuesday night at Yankee Stadium. Cleveland won, 5-1. (UPI Telephoto)

Aliquippa Appoints New Basketball Coach

ALIQUIPPA, Pa. (AP) — Frank Janosek was named head basketball coach at Aliquippa High School Tuesday night. He succeeds Nick Uram, whose contract expires in June.

Janosek has been basketball coach at Monessen High School. Aliquippa gave him a three-year contract at $8,200 a year.

Former North Carolina State basketball star George Stepanovich tried out with Vancouver of the Pacific Coast League this spring. He's a pitcher.

The 24-year-old southpaw retired pinch-hitter Hector Lopez on a grounder with two on in the ninth, and then set down the Yankees in order in the 10th.

Jim Piersall turned the game into a walkaway with a three-run homer into the right field stands in the 10th inning, handing a loss to Ryne Duren, the Yankee relief ace. Duren hadn't given up a run this season and had a nine-inning hitless streak.

John Temple had looped a single to right field earlier in the 10th frame, sending Walter Bond sliding home. Temple reached second on a throw to the plate and took third when Harvey Kuenn chopped a single over Duren's head. That brought up Piersall, who had failed to hit in four attempts.

Little, Minor League Meeting Set Tonight

Pittsburgh Has Joined New Professional Cage Circuit

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP) — If Abe Saperstein's new American Basketball League starts operating in 1961-62 as scheduled, the little guy and the long shot specialist may have their day.

Saperstein is chock full of ideas for a new type of cage warfare, and the term is literal, for an eight-team pro circuit intended as a rival to the National Basketball Assn.

Saperstein Tuesday disclosed that his projected league was expanded from six to eight teams, but instead of starting next fall, as first planned, will begin in the 1961-62 season.

Pittsburgh and Portland, Ore., have joined an original charter group including Chicago, San Francisco, Los Angeles, Cleveland, Kansas City and Washington, D.C.

Saperstein said Pittsburgh and Portland must wait a year for construction of new arenas in those cities and the other cities decided to mark time a year so everybody could start from scratch.

Saperstein holds a fine scorn for the free-scoring tactics of the NBA, even though he owns 35 per cent of the Philadelphia Warriors in that loop. He said he soon will sell his interest in the Warriors.

Abe has come up with a number of novel rules changes which will be tested this summer by his Harlem Globetrotters and used in the league if feasible.

Saperstein would have his league play 40 minute games, instead of 48 minutes as the NBA plays. Bonus fouls would be out.

But that's only a starter. Abe proposes to widen the free throw lanes from 12 to 18 feet under the basket to whittle down rebounding by skyscraper players. This three-second parking zone would taper to 12 feet at the free throw line.

He would give three points for baskets shot beyond the rim of the free throw circle, about 21 feet out. He would permit use of hands by a defensive player while facing an offensive player.

There would be no 24-second rule, as employed by the NBA, for shooting. Instead, if a defensive player touches the ball held by the offensive man, a jump ball would be called.

The playing court would be extended three feet beyond each backboard to allow more maneuvering under the hoop.

Skidding Bucs Top LA, 3-2

By ED WILKS
Associated Press Sports Writer

It isn't how many you win in a row that counts in the National League race, it's whom you beat and when. Ask the San Francisco Giants, who have a modest, four-game winning streak but a 1½-game lead.

They matched their longest success string since 1958 with a 4-2 victory over the Philadelphia Phillies Tuesday night after replacing Pittsburgh in first place with a three-game sweep over the Pirates.

And they needed this one to keep the Bucs from making up any lost ground. The second place Pirates, who had lost four straight after winning 10 of 12, defeated Los Angeles 3-2.

The only other NL game scheduled, Cincinnati at Chicago, was rained out. It was the Cubs' fifth straight postponement.

In the American League, Boston defeated Chicago 9-7 on a pinch-hit grand-slam home run by ex-Dodger Rip Repulski, but the White Sox retained a one-game lead as Cleveland beat second place New York 5-1 in 10 innings. The Detroit Tigers ended their slump at 10 games, winning 1-0 at Washington on Don Mossi's three-hitter and Rocky Colavito's two-out home run in the ninth. Kansas City whipped Baltimore 10-0, backing ex-Pirate Dick Hall's six-hitter with a nine-run fifth inning.

The Giants, getting a pair of unearned runs as the Phils made three errors, won it on Don Blasingame's tie-breaking single in the seventh after blowing a 2-0 lead. The Phils caught up with Wally Post's two-run homer in the seventh off Johnny Antonelli, who was working on a two-hit shutout. Stu Miller (1-1) won it by facing and retiring just one man, loser Gene Conley (0-1) in the seventh.

Right-hander Vern Law became the first pitcher to win five in the majors this season as the Pirates backed his eight-hitter with home runs by Hal Smith and Bill Mazeroski. Southpaw Johnny Podres (2-2) lost to Pittsburgh at Los Angeles for the first time in four decisions, giving up both homers. Norm Sherry, who hit a home run in the second inning, and Junior Gilliam, who tripled and scored on an infield out in the eighth, had five of the Dodgers' hits between them.

Improvement Program Continues At Waterford

An improvement program, aggregating a quarter of a million dollars in cost, is nearing completion at Waterford Park where a 60 - day summer racing season opens next May 30, Memorial Day, to continue through August 6.

The major improvement on the grounds is the grandstand mezzanine floor which has been tripled in size, including a vastly enlarged mutuels department. The crowding which characterized this area in the past has now been eliminated.

The clubhouse dining terrace has also been increased, the clubhouse is completely air-conditioned, tote boards in the infield and paddock have been improved and refurbished and many other conveniences have been added in Waterford Park's continuing program of progress.

Horse-wise, conditions were never brighter at the West Virginia mile oval. Applications are on hand for more than 1,500 runners, with approximately 375 of this number due in from Beulah Park, another 200 from Ascot Park, more than 150 from the Laurel and Shenandoah area, and the balance from Toledo, Wheeling and widespread points.

Capacity of the stable grounds is approximately 1,000 so many outfits will necessarily be turned down. The thoroughbred colony will be bolstered this year by the addition of 75 portable feed rooms which can be wheeled into position wherever needed. This means an added 75 stalls for horses.

Many tack rooms have also been built during the winter months to improve living conditions for stable help, and the back - stretch grounds have been graded and conditioned for the summer season.

All work is now being rushed to completion, with the opening of the 1960 meeting, less than three weeks away.

Giants 'Stealing' First Place In National Loop

By ALAN CLINE
Associated Press Sports Writer

SAN FRANCISCO (AP) —Despite their vaunted power, the San Francisco Giants are going to the stolen base to maintain their National League lead.

Three swipes Tuesday night played a major part in the Giants 4-2 victory over Philadelphia. The triumph was the fourth straight for the San Franciscans and kept them 1½ games in front.

Manager Bill Rigney, asked if he had some inside information on the Phil's rookie catcher Jim Coker, said, "no, we're going to run on every team we play."

The statistics bear him out.

Willie Mays, the league's leading hitter who struck out three times against Gene Conley and Humberto Robinson, stole his eighth base of the season in the sixth. Last year at this time Willie had two steals.

Don Blasingame stole second in the third for his fourth theft. Daryl Spencer, last year's Giant second baseman, had five stolen bases all season.

Willie Kirkland stole five bases during the entire season. The powerful left-handed swinger, who tripled and got two singles against the Phils, already has four.

Orlando Cepeda after 22 games in 1959 had three stolen bases. He got his fourth of 1960 Tuesday night.

The Giants total stands at 22. For the entire 1959 season it was 81.

Wheeling Downs Adds Golf Star To Staff

WHEELING (AP) — A name familiar in West Virginia amateur golf circles — Louis Cuffaro — has been added to the staff at Wheeling Downs race track.

Cuffaro has been appointed public relations representative at the track. He will be official host in the clubhouse and will represent the track in outside activities, too.

The 37-year-old Cuffaro was a semifinalist in the past three state amateur tournaments. He twice won the Ohio Valley Invitational and has played out of state in amateur tournaments.

Cuffaro was graduated from West Virginia University, where he played on the football team. He was an All-State fullback at nearby Triadelphia High School.

A JUBILANT Jimmy Piersall of the Cleveland Indians is greeted at home by teammate Harvey Kuenn (6) who he drove in with a 10th inning homer Tuesday night at Yankee Stadium. Cleveland won, 5-1. (UPI Telephoto)

Aliquippa Appoints New Basketball Coach

ALIQUIPPA, Pa. (AP) — Frank Janosek was named head basketball coach at Aliquippa High School Tuesday night. He succeeds Nick Uram, whose contract expires in June.

Janosek has been basketball coach at Monessen High School. Aliquippa gave him a three-year contract at $8,200 a year.

Former North Carolina State basketball star George Stepanovich tried out with Vancouver of the Pacific Coast League this spring. He's a pitcher.

Colavito's 9th Inning HR Snaps Detroit's Losing Streak

Wertz, Repulski Club Grandslammers To Top League Leading Chisox

By ED WILKS
Associated Press Sports Writer

After dropping 10 in a row and going scoreless for 21 2-3 innings, the Detroit Tigers finally broke through Tuesday night, winning 1-0 at Washington on Rocky Colavito's two-out home run in the ninth inning and the three-hit pitching of left-hander Don Mossi.

That ended Detroit's longest non-winning slump since 1952, a skid that plunked the Tigers from top to bottom in the American League standings.

Chicago's White Sox were beaten 9-7 at Boston by two grand-slam home runs, but retained a one-game lead as Cleveland knocked off second place New York 5-1 in 10 innings. Kansas City walloped Baltimore 10-0 with a nine-run fifth inning and a six-hitter by Dick Hall.

In the National League, San Francisco stayed 1½ games ahead of Pittsburgh with a 4-2 job on Philadelphia. The Pirates, who had lost four straight, defeated Los Angeles 3-2 as right-hander Vern Law became the first pitcher to win five in the majors this season. The only other game scheduled, Cincinnati at Chicago, was rained out—the Cubs' fifth consecutive postponement.

Colavito, the slugger Detroit got from Cleveland in an effort to avoid such things as a 10-game losing streak, broke up a three-hit shutout by Washington's Tex Clevenger (1-1). It was Rocky's fourth home run, all in victories.

Mossi struck out seven and walked just one for his first victory in three decisions. He gave up singles by Billy Gardner and Reno Bertoia and a triple by Bob Allison while putting away the third three-hitter of his career.

Pinch-hitter Rip Repulski and Vic Wertz slammed the White Sox. Repulski, in his first AL at-bat after Friday's trade with Los Angeles, won it with a tie-breaking shot in the eighth off reliever Don Ferrarese — after borrowing the bat Wertz used for his bases-loaded homer in the first inning. Wertz' wallop made him the fourth active AL player with 1,000 RBI.

Cleveland got rolling in the four-run 10th with a hit batter, a sacrifice and Johnny Temple's RBI single. It was the first hit off Ryne Duren (1-1) in 9 1-3 innings of relief stretched over six appearances. Jim Piersall's three-run homer capped it for the Indians. Rookie Dick Stigman (2-1) won it, leaving five Yankee runners stranded in 2 2-3 innings.

Yesterday's Stars

Pitching — Don Mossi, Tigers, allowed only three hits, walked one and struck out seven for 1-0 victory over Washington that ended Tigers' losing streak at 10 games.

Hitting — Rip Repulski, Red Sox, made American League debut with pinch-hit grand slam home run that broke 5-5 tie for 9-7 victory over the White Sox.

'GRAND SLAMMERS' Vic Wertz (left) and Rip Repulski, the latter batting for the first time in the American League, both blasted grand slam homers Tuesday in Boston to give the Red Sox a 9-7 victory over the first place Chicago White Sox. It also was Wertz's 1,001 RBI in his baseball career and Repulski helps show the figure. (UPI Telephoto)

Derby Stars Arrive At Pimlico Track

BALTIMORE (AP) — Preparations for the May 21 Preakness at Pimlico moved into high gear Tuesday with the arrival of Venetian Way and Bally Ache, the one-two finishers in Saturday's Kentucky Derby.

The two colts were flown from Louisville.

Their arrival brought to five the number of candidates on the grounds for the $150,000 Preakness, second leg of racing's triple crown.

Llangollen Farm's pair of Divine Comedy, ninth in the derby, and Command Pilot, a non-starter at Churchill Downs, were flown in Monday night, joining T. V. Lark, the California colt.

There is a chance that both Venetian Way and Bally Ache will join the field for Saturday's mile and one-sixteenth Preakness prep. T. V. Lark, Divine Comedy and Command Pilot are definite starters in the prep.

Future Brave Scores

SACRAMENTO, Calif. (AP)—Tony Diaz, 21 - year - old Cuban owned by the Milwaukee Braves, made his Pacific Coast League debut with a 5-1 victory over Vancouver. He's pitching for Sacramento.

New County-City Loop To Open Season May 29

Two local entries and three states will be represented when the new county-city Baseball League opens its season May 29.

An East Liverpool entry managed by John Andrason and the Lawrenceville American Legion directed by Paul Gill are two of the clubs in the six-team loop.

Other entries include Negley, Salem, East Palestine and Chippewa.

Andrason is counting on local talent to bolster the Liverpool entry. They include veteran hurler Dick Chamberlain, Jim Laughlin, Don Fraley, Joe Urich, Buth Mathias, Bob Gessford, Lorin Howard, Duck Rogers, Larry Vermillion and Jim Dickey.

Andrason is conducting practice sessions at Patterson Field.

Lawrenceville, the only West Virginia team in the league, is bolstered this season by Don Shaw who is back this season after pitching minor league ball last year in the Chicago Cubs' chain.

Other hurlers are Vic Reed and Ron Pugh who pitched for Lawrenceville last season. Gill said he also will be counting on some players from the Chester High team. In the outfield Lawrenceville has added John Martin of Wellsville.

Anyone interested in playing should contact Gill at FU. 5-9097.

Chicago's White Sox were beaten 9-7 at Boston by two grand-slam home runs, but retained a one-game lead as Cleveland knocked off second place New York 5-1 in 10 innings. Kansas City walloped Baltimore 10-0 with a nine-run fifth inning and a six-hitter by Dick Hall.

In the National League, San Francisco stayed 1½ games ahead of Pittsburgh with a 4-2 job on Philadelphia. The Pirates, who had lost four straight, defeated Los Angeles 3-2 as right-hander Vern Law became the first pitcher to win five in the majors this season. The only other game scheduled, Cincinnati at Chicago, was rained out—the Cubs' fifth consecutive postponement.

Colavito, the slugger Detroit got from Cleveland in an effort to avoid such things as a 10-game losing streak, broke up a three-hit shutout by Washington's Tex Clevenger (1-1). It was Rocky's fourth home run, all in victories.

Mossi struck out seven and walked just one for his first victory in three decisions. He gave up singles by Billy Gardner and Reno Bertoia and a triple by Bob Allison while putting away the third three-hitter of his career.

Pinch-hitter Rip Repulski and Vic Wertz slammed the White Sox. Repulski, in his first AL at-bat after Friday's trade with Los Angeles, won it with a tie-breaking shot in the eighth off reliever Don Ferrarese — after borrowing the bat Wertz used for his bases-loaded homer in the first inning. Wertz' wallop made him the fourth active AL player with 1,000 RBI.

Cleveland got rolling in the four-run 10th with a hit batter, a sacrifice and Johnny Temple's RBI single. It was the first hit off Ryne Duren (1-1) in 9 1-3 innings of relief stretched over six appearances. Jim Piersall's three-run homer capped it for the Indians. Rookie Dick Stigman (2-1) won it, leaving five Yankee runners stranded in 2 2-3 innings.

Yesterday's Stars

Pitching — Don Mossi, Tigers, allowed only three hits, walked one and struck out seven for 1-0 victory over Washington that ended Tigers' losing streak at 10 games.

Hitting — Rip Repulski, Red Sox, made American League debut with pinch-hit grand slam home run that broke 5-5 tie for 9-7 victory over the White Sox.

'GRAND SLAMMERS' Vic Wertz (left) and Rip Repulski, the latter batting for the first time in the American League, both blasted grand slam homers Tuesday in Boston to give the Red Sox a 9-7 victory over the first place Chicago White Sox. It also was Wertz's 1,001 RBI in his baseball career and Repulski helps show the figure. (UPI Telephoto)

Derby Stars Arrive At Pimlico Track

BALTIMORE (AP) — Preparations for the May 21 Preakness at Pimlico moved into high gear Tuesday with the arrival of Venetian Way and Bally Ache, the one-two finishers in Saturday's Kentucky Derby.

The two colts were flown from Louisville.

Their arrival brought to five the number of candidates on the grounds for the $150,000 Preakness, second leg of racing's triple crown.

Llangollen Farm's pair of Divine Comedy, ninth in the derby, and Command Pilot, a non-starter at Churchill Downs, were flown in Monday night, joining T. V. Lark, the California colt.

There is a chance that both Venetian Way and Bally Ache will join the field for Saturday's mile and one-sixteenth Preakness prep. T. V. Lark, Divine Comedy and Command Pilot are definite starters in the prep.

Future Brave Scores

SACRAMENTO, Calif. (AP)—Tony Diaz, 21 - year - old Cuban owned by the Milwaukee Braves, made his Pacific Coast League debut with a 5-1 victory over Vancouver. He's pitching for Sacramento.

New County-City Loop To Open Season May 29

Two local entries and three states will be represented when the new county-city Baseball League opens its season May 29.

An East Liverpool entry managed by John Andrason and the Lawrenceville American Legion directed by Paul Gill are two of the clubs in the six-team loop.

Other entries include Negley, Salem, East Palestine and Chippewa.

Andrason is counting on local talent to bolster the Liverpool entry. They include veteran hurler Dick Chamberlain, Jim Laughlin, Don Fraley, Joe Urich, Buth Mathias, Bob Gessford, Lorin Howard, Duck Rogers, Larry Vermillion and Jim Dickey.

Andrason is conducting practice sessions at Patterson Field.

Lawrenceville, the only West Virginia team in the league, is bolstered this season by Don Shaw who is back this season after pitching minor league ball last year in the Chicago Cubs' chain.

Other hurlers are Vic Reed and Ron Pugh who pitched for Lawrenceville last season. Gill said he also will be counting on some players from the Chester High team. In the outfield Lawrenceville has added John Martin of Wellsville.

Anyone interested in playing should contact Gill at FU. 5-9097.

By R. L. LIDE

On May 16, with the weatherman's blessing, a water safety program will be presented for the junior and senior classes of Columbiana County schools under the direction of Supt. James L. McBride and with the approval of the county heads of schools.

Being only a layman and not an educator, this is an extreme challenge to me to improvise a program of water safety in the hope it might save some youngster's life during the vacation period.

Most students will be around or on the water during vacation and I think it is fine that the county heads of schools think about the safety of the students they teach.

The demonstrations will be carried on at Marks Landing, and the public is not excluded. One thing to keep in mind is that the students must have the front row, however. Anyone interested is welcome and the general lay of the land will provide "grandstand seats" for spectators.

—:—

THIS WILL be a "first" in water safety for school-age students on the state and county level and a program that will be repeated every third year.

The water in Lake Guilford has been lowered all winter to get rid of some of the undesirable vegetation, and unless we get the rains necessary to fill the lake to normal the demonstrations will have to be carried on beyond the desired depth for close scrutiny.

Raymond Votaw, the parks manager, will be on hand to answer questions regarding boating regulations. And, as Raymond put it, "I will answer all questions that I can on the spot. The regulations are new and what I don't know will be answered eventually."

The Lake Guilford Fire Department will be on hand to provide any assistance needed and will provide the public address system.

FISHING HAS been fair in Lake Guilford and Zepernick Lake, with bass, bluegills, sunfish, bullheads and carp providing the most action.

Bow-and-arrow fishermen can get set to go after the lunker carp any day now as they soon will be spawning and feeding in the shallows, making them a fairly easy target.

The test nets in operation at Guilford last week captured some large walleyes, which proves some still remain in the waters after being stocked a few years ago. No reproduction has been found, nor expected, as the waters are not suitable for walleye spawning.

Newell Rates Olympic Stars Best He Ever Coached

By ROBERT L. MOORE

DENVER — Pete Newell will take at least six members of the "finest collection of basketball players I've ever coached" to the Summer Olympic Games in Rome.

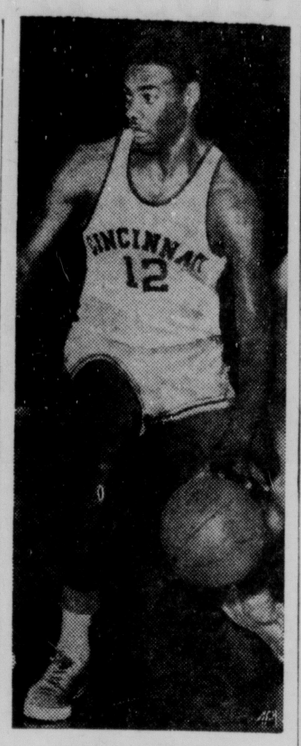
"I've had some great ones," says Newell, University of California coach who guided the NCAA University All-Stars through the U. S. Olympic basketball trials in Denver early in April.

"That All-Star team in 1956 with Bill Russell and K. C. Jones was a real great one. But this bunch is more explosive than any I've ever seen."

The U. S. Olympic Committee has plucked six of Newell's "explosive bunch" for the Rome showdown. The six are the greatest college scoring ace in history, Oscar Robertson of Cincinnati; Jerry West of West Virginia, Terry Dischinger of Purdue, Darrall Imhoff of California, Jay Arnette of Texas and Walt Bellamy of Indiana.

Newell will have the services of a seventh collegian who wasn't a member of Pete's "explosive bunch" but a great player in his own right in Jerry Lucas of Ohio State.

One member of the 12-player squad comes from the armed forces. He is Adrian Smith, 6-foot-1 captain of Kentucky's team two years ago.



OSCAR ROBERTSON
Big Man For U. S.

Rounding out the squad are four stars from the National Industrial Basketball League's AAU ranks. One is Bob Boozer, the 6-foot-8 ex-Kansas Stater, who plays in the NIBL with Peoria. Another is Burdie Haldorson, 6-foot-8 center with Bartlesville, Okla., and only repeater from the previous Olympics.

The others are Allen Kelley of Peoria and Les Lane of Wichita, who played with Bartlesville in the trials. At 5-feet-10, Lane is the midget of the squad. Haldorson played his college basketball at Colorado, Kelly at Kansas and Lane at Oklahoma.

The University All-Stars knocked off Bartlesville 96-79, Akron 103-88 and Peoria 124-97 in that order in their flight to the Olympic Trials crown.

"I knew I had two great ones — Robertson and West — when I took over the team for the trials," says Newell. "They gave us out standing leadership. Without it, we couldn't have won, but it was a real revelation the way the rest of the boys worked together.

"They are all stars in their own right, you know, but they merged their talents to give us truly great team play."

Newell asserts the nonchalant Robertson took a beating from Peoria in the final game.

"He (Robertson) got shoved all over out there," adds Newell, "but he took the beating, passed off and set the other boys up for scores."

West turned out as the big hero in the finale against Peoria. The All-America from West Virginia went on a 16-point scoring spree in the first eight minutes. This drive demoralized Peoria and gave the All-Stars an advantage they never lost. In all, West dropped 39 points.

JERRY WEST
Everybody's All-American.

The team that will represent the United States in the Olympics will have plenty of height with Imhoff and Bellamy standing 6-11 and Lucas, Boozer and Haldorson all 6-8. Bellamy is known as perhaps the finest rebounder in college circles.

The squad will assemble for training at West Point, N. Y., about Aug. 1. The Olympics open Aug. 25.

Dodgers Are About Ready To Recall Frank Howard

By CHARLES MAHER
Associated Press Sports Writer

LOS ANGELES (AP)—The meager-muscled Los Angeles Dodgers apparently are about ready to recall robust Frank Howard.

But they have at least temporarily given up the idea of retiring veteran Carl Furillo to make room for the Ohio strongboy.

The latest rumble was that Howard would be brought up from Spokane — where he is hitting .385 and leading the league in RBIs — as soon as his expectant wife had her baby. The baby arrived Tuesday night. So Howard's arrival here may be only days away.

The Dodgers, who have lost 12 of their last 18 games, said they had talked to Furillo about the possibility of his going on the voluntarily retired list, but he had decided to stay on. Furillo, who hit .290 in 50 games last season, has been troubled by a sore leg.

There was general speculation earlier that rookie catcher Norm Sherry — brother of pitcher Larry — would be among the first to leave if a cut were necessary. But Sherry won a game Saturday with an 11th inning homer, hit another one Tuesday night as the Dodgers lost 3-2 to Pittsburgh. He will be in the lineup again tonight.

With Sherry apparently assured of a job, the guess is that the Dodgers may cut shortstop Bob Lillis to stay within the 25-player limit.

Young Fullmer Faces Redl In TV Bout Tonight

WEST JORDAN, Utah (AP) — Manager Marv Jenson says 21-year-old Don Fullmer may have trouble knocking out veteran Stefan Redl of Germany, but Fullmer is going to try for a KO anyway in their 10-round nationally televised (ABC) middleweight bout here tonight.

But then Redl says he'll try for a knockout, too.

"Redl is pretty hard to knock out," Jenson said. "He gets underneath the punches and is very aggressive."

Redl says he hasn't seen Fullmer fight, but figures his knockout record is better than the Utahn's, who is the youngster of the "fighting Fullmers" which includes NBA middleweight champ Gene and lightweight Jay.

Redl, the 27-year-old German, has a 26-5-1 record with 14 knockouts. Fullmer's record is 20-3 with eight knockouts. Early this year he won a decision over former welterweight champ Virgil Akins.

If Don wins tonight's battle, Jenson says he will continue to campaign in the middleweight division, possibly with an eye on replacing his brother as middleweight champion.

Golembiewski Faces Formidable ABC Foe

TOLEDO, Ohio (AP) — Bill Golembiewski, who lost the 1959 American Bowling Congress Masters Tournament in the last game, faces a formidable foe this afternoon as the 1960 championship comes into view.

Golembiewski's first opponent today is Therman Gibson, his teammate on the Detroit Pfeiffer team.

Since Gibson and Golembiewski are the only unbeaten bowlers from the original finals field of 64, the winner of the duel automatically moves into the championship match tonight. The loser goes down to a series of matches between other once-beaten finalists to decide the other partner in the title clash.

Champ Will Mix Business With Pleasure Again

GROSSINGER, N.Y. (AP)—The world heavyweight boxing champion intends to mix business with pleasure once more as he prepares for his June 20 defense against ex-champ Floyd Patterson.

Ingemar Johansson, widely criticized last summer because he didn't worry about his boxing 24 hours a day, can point to the record to back up his strategy.

"I box six or seven rounds every day," he said. (He only went four Tuesday). "I think I actually worked harder for our last fight than Patterson. He just kept staying in the training room all the time.

"Nobody sits in the workroom after he is finished work. Why not leave the place when you are through with your job?"

Johansson, 27, said he and his fiance, Birgit Lundgren, who is on the premises, had set no date for their wedding.

The champ insisted he had given no thought to retirement from the ring.

"I do not know how many more fights I will have," he said. "I have not thought about it. If I beat Patterson again there is no more rematch contract."

Everybody's All-American.

The team that will represent the United States in the Olympics will have plenty of height with Imhoff and Bellamy standing 6-11 and Lucas, Boozer and Haldorson all 6-8. Bellamy is known as perhaps the finest rebounder in college circles.

The squad will assemble for training at West Point, N. Y., about Aug. 1. The Olympics open Aug. 25.

Champ Will Mix Business With Pleasure Again

GROSSINGER, N.Y. (AP)—The world heavyweight boxing champion intends to mix business with pleasure once more as he prepares for his June 20 defense against ex-champ Floyd Patterson.

Ingemar Johansson, widely criticized last summer because he didn't worry about his boxing 24 hours a day, can point to the record to back up his strategy.

"I box six or seven rounds every day," he said. (He only went four Tuesday). "I think I actually worked harder for our last fight than Patterson. He just kept staying in the training room all the time.

"Nobody sits in the workroom after he is finished work. Why not leave the place when you are through with your job?"

Johansson, 27, said he and his fiance, Birgit Lundgren, who is on the premises, had set no date for their wedding.

The champ insisted he had given no thought to retirement from the ring.

"I do not know how many more fights I will have," he said. "I have not thought about it. If I beat Patterson again there is no more rematch contract."

Dodgers Are About Ready To Recall Frank Howard

By CHARLES MAHER
Associated Press Sports Writer

LOS ANGELES (AP)—The meager-muscled Los Angeles Dodgers apparently are about ready to recall robust Frank Howard.

But they have at least temporarily given up the idea of retiring veteran Carl Furillo to make room for the Ohio strongboy.

The latest rumble was that Howard would be brought up from Spokane — where he is hitting .385 and leading the league in RBIs — as soon as his expectant wife had her baby. The baby arrived Tuesday night. So Howard's arrival here may be only days away.

The Dodgers, who have lost 12 of their last 18 games, said they had talked to Furillo about the possibility of his going on the voluntarily retired list, but he had decided to stay on. Furillo, who hit .290 in 50 games last season, has been troubled by a sore leg.

There was general speculation earlier that rookie catcher Norm Sherry — brother of pitcher Larry — would be among the first to leave if a cut were necessary. But Sherry won a game Saturday with an 11th inning homer, hit another one Tuesday night as the Dodgers lost 3-2 to Pittsburgh. He will be in the lineup again tonight.

With Sherry apparently assured of a job, the guess is that the Dodgers may cut shortstop Bob Lillis to stay within the 25-player limit.

Young Fullmer Faces Redl In TV Bout Tonight

WEST JORDAN, Utah (AP) — Manager Marv Jenson says 21-year-old Don Fullmer may have trouble knocking out veteran Stefan Redl of Germany, but Fullmer is going to try for a KO anyway in their 10-round nationally televised (ABC) middleweight bout here tonight.

But then Redl says he'll try for a knockout, too.

"Redl is pretty hard to knock out," Jenson said. "He gets underneath the punches and is very aggressive."

Redl says he hasn't seen Fullmer fight, but figures his knockout record is better than the Utahn's, who is the youngster of the "fighting Fullmers" which includes NBA middleweight champ Gene and lightweight Jay.

Redl, the 27-year-old German, has a 26-5-1 record with 14 knockouts. Fullmer's record is 20-3 with eight knockouts. Early this year he won a decision over former welterweight champ Virgil Akins.

If Don wins tonight's battle, Jenson says he will continue to campaign in the middleweight division, possibly with an eye on replacing his brother as middleweight champion.

Golembiewski Faces Formidable ABC Foe

TOLEDO, Ohio (AP) — Bill Golembiewski, who lost the 1959 American Bowling Congress Masters Tournament in the last game, faces a formidable foe this afternoon as the 1960 championship comes into view.

Golembiewski's first opponent today is Therman Gibson, his teammate on the Detroit Pfeiffer team.

Since Gibson and Golembiewski are the only unbeaten bowlers from the original finals field of 64, the winner of the duel automatically moves into the championship match tonight. The loser goes down to a series of matches between other once-beaten finalists to decide the other partner in the title clash.

Reds Must Cut One Player To Reach Limit

CHICAGO (AP)—Rain and cold weather kept the Cincinnati Reds idle Tuesday, but team brass were hard at work.

Manager Fred Hutchinson and General Manager Gabe Paul in a closed door conference mulled over which player to cut to reach the maximum of 25 permitted after midnight tonight.

There was no indication which player would go, although it may be a pitcher. The Reds have 11 throwers.

And Hutchinson said recently a team "can get into trouble with too many pitchers."

Hutchinson and Paul also put in a four-hour session of trade talk with Chicago Cubs officials who announced to the world last week they would trade anybody but slugger Ernie Banks.

That conference also produced only rumors.

While the executive conferences went on, the Reds organization in California signed an 18-year-old pitcher—John Flavin, of El Cerrito, Calif., for a big bonus.

Scout Bobby Mattick hooked the southpaw who stands 6-feet-2 and weighs 190 pounds. Flavin will report to Columbia of the South Atlantic League.

The Reds, idle two days, expected to get today's scheduled game in with the Cubs, who have been idle five days due to bad weather.

Bot Purkey was slated to oppose Chicago's Glen Hobbie on the mound.

Casey Begins 2nd Century In Baseball

NEW YORK (AP) —Casey Stengel started his second half century in baseball today with his usual sly wink and a long look back to Kankakee, Ill.

It was on May 10, 1910, that Stengel, 19 years old, took his spot in center field for the Kankakee club in the old Northern Assn.

"They called me 'Dutch' in them days," rasped the 69-year-old New York Yankee pilot. "I dunno why, but they did. I remember the team like it was yesterday.

"The league only lasted until July 4, and no records were kept. I never did find out what I was hitting. After the last game, the owners split up all the dough they pulled in and beat it.

"I didn't know it during the last two weeks, but I was playing for nothing. I never did collect that pay."

Stengel recalled that the field in Kankakee was right across the street from the state mental institution and the inmates were his most loyal fans.

Hayes Sees Possibility Of Football Tourney

MANSFIELD, Ohio (AP) — A football tournament to determine a national champion is a "possibility," says Ohio State coach Woody Hayes.

He commented Tuesday night after speaking to the sixth annual junior achievement banquet here:

"I think there is a chance, and a pretty good chance—I know certain members of our administration who favor the playing of a football tournament the same as they have been doing in basketball and baseball. An NCAA-sponsored football tournament would be played with several teams selected."

Gauthier To Retire As Coach At Wesleyan

DELAWARE, Ohio (AP) — George Gauthier, active coach at Ohio Wesleyan University for 40 years, will retire as head of the cross country team this year—the last of his coaching duties. Gauthier, who retired in 1955 after 26 years as football coach and 35 as athletic director and track coach, was recalled to the cross country job in 1957.

Sterling Geesman, football tackle coach since 1946 and track coach since 1955, will drop his football duties and take over the cross country chores, with Ray Leech moving up to the head line coaching job. Gauthier has reached the mandatory full retirement age of 70.

One of the longest losing streaks in racing came to an end at Jamaica, N. Y., Oct. 29, 1951, when Kader staggered home in front. He had lost his first 46 races.

Leafs Win, 4-1, To Take IL Lead

By The Associated Press

The Toronto Maple Leafs are perched atop the International League by 21 percentage points over the Buffalo Bisons today, but both teams had better keep an eye on the Richmond Vees.

Toronto handed Montreal its seventh consecutive home loss (the Royals are winless in Montreal) 4-1 Tuesday night to take first place as Buffalo's game at Rochester was rained out.

Richmond, winning its eighth game in the last 10, took third place with a 5-1 victory over Miami and is only two and a half games out of first. Columbus and Havana were rained out.

Ron Negray won his third without a loss for the Leafs, scattering seven hits. Don Dillard's double scored the first run in the first inning and he scored on Jim King's single. Rod Graber's double drove in two in the seventh.

Hayes Sees Possibility Of Football Tourney

MANSFIELD, Ohio (AP) — A football tournament to determine a national champion is a "possibility," says Ohio State coach Woody Hayes.

He commented Tuesday night after speaking to the sixth annual junior achievement banquet here:

"I think there is a chance, and a pretty good chance—I know certain members of our administration who favor the playing of a football tournament the same as they have been doing in basketball and baseball. An NCAA-sponsored football tournament would be played with several teams selected."

Leafs Win, 4-1, To Take IL Lead

By The Associated Press

The Toronto Maple Leafs are perched atop the International League by 21 percentage points over the Buffalo Bisons today, but both teams had better keep an eye on the Richmond Vees.

Toronto handed Montreal its seventh consecutive home loss (the Royals are winless in Montreal) 4-1 Tuesday night to take first place as Buffalo's game at Rochester was rained out.

Richmond, winning its eighth game in the last 10, took third place with a 5-1 victory over Miami and is only two and a half games out of first. Columbus and Havana were rained out.

Ron Negray won his third without a loss for the Leafs, scattering seven hits. Don Dillard's double scored the first run in the first inning and he scored on Jim King's single. Rod Graber's double drove in two in the seventh.

Gauthier To Retire As Coach At Wesleyan

DELAWARE, Ohio (AP) — George Gauthier, active coach at Ohio Wesleyan University for 40 years, will retire as head of the cross country team this year—the last of his coaching duties. Gauthier, who retired in 1955 after 26 years as football coach and 35 as athletic director and track coach, was recalled to the cross country job in 1957.

Sterling Geesman, football tackle coach since 1946 and track coach since 1955, will drop his football duties and take over the cross country chores, with Ray Leech moving up to the head line coaching job. Gauthier has reached the mandatory full retirement age of 70.

One of the longest losing streaks in racing came to an end at Jamaica, N. Y., Oct. 29, 1951, when Kader staggered home in front. He had lost his first 46 races.

District Group Waits Meeting On Industries

Plans for an East Liverpool district delegation to attend a meeting of the West Virginia Industrial Development Conference Tuesday were discussed at a meeting of the Board of Trustees of the Chamber of Commerce yesterday afternoon.

Scheduled to attend the session at Blackwater Falls at Davis are: E. R. Chandler, secretary-manager of the Chamber; Walter L. Myers Jr. of Steubenville, executive manager of the Upper Ohio Valley Development Council; James Flenniken, executive secretary of the Weirton Chamber; Walter Durkin of Wellsburg, representing the industrial development department of the Monongahela Power Co.; Dan Sweaney of the industrial relations department of the Weirton Steel Co., and Clayton Gill of Pittsburgh, representing the industrial department of the Pennsylvania Railroad Co.

In addition to representing their own concerns and organizations, the men will attend as members of the UOVDC, the development group serving six counties in Eastern Ohio and the West Virginia Panhandle.

At the board's meeting yesterday, Atty. Francis H. Lang reported on plans for the annual meeting of the Lake Erie - Ohio River Highway Association, also scheduled next Tuesday. The four-county group will meet at the Trumbull Country Club at Warren. Atty. Lang is president.

Chandler reported on the annual meeting of the U. S. Chamber, which he and Paul Bloor attended last week in Washington.

Weir-Cove Enterprises, Inc., new owner of the Skyview Drive - In Theater near Calcutta, was accepted as a new member. The concern recently acquired the theater from Lawrence Black of Glenmoor.

Heart Attack Claims Warren Firm Executive

CEDAR HILL, Tenn. (AP)—Augustus Silliman Blagden, 80, chairman of the board of Federal Machine and Welder Co., Warren, Ohio, died Tuesday at his home. Death was attributed to a heart attack.

He was a former president of the Warren firm, the Air Reduction Co. of New York City and Beaverboard Co. of Buffalo, N.Y.

Appointed At Armco

MIDDLETOWN, Ohio (AP)—Lee F. Weitzenkorn, an expert on metallurgy, is the new assistant to the vice president of the Armco Division of Armco Steel Corp., the firm announced today. Weitzenkorn has been assistant to the manager of Armco's Baltimore works since 1957.

Philadelphian Among Officers

3 Executives Appointed For Patterson Foundry

The appointment of two vice presidents and a treasurer was announced today by the Patterson Foundry & Machine Co. in East End.

Joseph Epstein of Philadelphia has been named vice president in charge of manufacturing and engineering while Richard R. Heddleston, 1304 St. Clair Ave., has been named vice president of sales, a new post.

William P. Barker of the Salineville Rd., Wellsville, has been appointed treasurer.

Espstein was vice president of Perry Products Co., Philadelphia-based producer of stainless steel tanks. He also had been the firm's plant superintendent, chief engineer and sales consultant. He has been a mechanical design consultant for a number of years and is a mechanical engineering graduate of Newark College of Engineering.

He is in East Liverpool now and looking for a permanent residence.

Heddleston formerly was sales manager while Barker has been serving as controller. All three are members of the Board of Directors.

Both Heddleston and Barker have been with the firm for some time.

Future Events Are Outlined By CD Group

Plans for future events were discussed at the meeting of the 2nd and 5th platoons of the 31st Mobile Support Group of Civilian Defense Tuesday night at the Glenmoor fire station, with Herman Heiney, fire chief, and Kenneth Long, 5th Platoon leader, presiding.

The rescue truck and team will go to Uhrichsville Saturday for an alert and demonstration and the police team will assist with the Jaycees' "Autorama" auto show May 22 at Skyview Theater.

Registration was opened for the fire school to be held at Wellsville Sunday and May 22 and participation in the Memorial Day program will be planned in time for a report at the next meeting May 24.

William Lockhart and William Sparks reported on the rescue team's attendance at an alert May 1 at Wellsville.

Heiney announced anyone interested in participating in CD activities may contact him for details on membership. His number is FU. 5-0849.

Midland Stores Visited In Check On Sales Tax

Eight Beaver County towns were the latest checked in a "new, hard-hitting" campaign to collect all funds owed Pennsylvania from sales tax.

State investigators visited business establishments Tuesday in Ambridge, Aliquippa, Baden, Beaver, Midland, Monaca, New Brighton and New Galilee. The drive began last Thursday at Beaver Falls.

Jerome Seder, director of the Western Regional office of the Revenue Department at Pittsburgh, said he cannot estimate the amount of money the state will receive from the "surprise" campaign.

Baby Nearly Strangles In Tumble Into Water

An 8-month-old city child who started strangling after falling headfirst into a pan of water at home Tuesday night was quickly restored to normal by a few strong slaps on the back, according to city firemen who were called at 9:45 to provide a resuscitator.

Firemen said Christy Lynn, daughter of Mr. and Mrs. Paul Madison, 713 Laura Ave., tumbled into the pan of water and nearly strangled. The child first couldn't get its breath properly and the firemen were summoned.

In the meantime, the father held the child upside down and patted it on the back. The child was breathing normal when firemen arrived.

Musical Style Program Set At Chester Friday

The annual musical style show of the home economics department and Chester High School Choir will be presented Friday night at 8 in the school auditorium.

Mrs. John Clovis will play background piano music. The girls' clothing classes will model 150 garments they made during the year. John Clovis, band director, will direct the choir.

Mrs. Dorothy Murray is home economics instructor. Proceeds will be used for the two departments.

Ohio Soldier Claimed While Doing Exercises

DAHLONEGA, Ga. (AP)—PFC. Curtis A. Bond, 23, of Hamden, Ohio, died Monday while doing exercises at an Army Ranger training camp. He was the son of Mr. and Mrs. G. A. Bond.

An Army spokesman said Bond, on duty at the camp from Ft. Benning, Ga., was not assigned to Ranger training but was doing the pullup bar exercises "on his own." Bond was with a supporting unit.

Out Of The Air

By JOHN CROSBY

Herb Shriner—Traveling Hoosier

Herb Shriner, a fresh breeze from Indiana, who has not been seen much on television, alas, these many years, blew through town the other day and paused long enough to emit a few opinions.

John Crosby

He's been traveling the country with a television special which has been everywhere but on television. It's called Pops Americana and it's full of folk songs, sea chanties and square dances.

"I do the narrating," said Shriner. "When I do it on television, I'll already have it road tested. Lots of people love simple music and there are few orchestras playing music the average person understands.

"Well, there is the Boston Pops which does everything from 'Yankee Doodle' to TV jingles (you'd be surprised how nice some of those melodies are). The orchestra we're using gives simple melodies like 'The Street of Loredo' the classical treatment.

"On television I expect to use a name symphony and add some folk dances to its repertoire. After all, the Russian Moyseyev dancers made a big hit out of our own Virginia Reel."

-:-

SHRINER SAYS he has been entertaining groups both large and small: the smallest, a group of 10 millionaires — the largest, 80,000 people.

"The Madison Avenue guys don't realize there is such a thing as wholesome entertainment that doesn't consist of Frank Sinatra or Dean Martin.

"They ought to get out into the country. There's more to be done in television than having the same eight guys appearing on each others shows. I'm a habitual 'moseyer' and I've found some great talent lying around the country."

Shriner has been an entertainer for 23 years and the present state of the art he finds not only disheartening but frequently shocking.

-:-

"I WON'T LET my kids go to the pictures these days without checking it first," he said. "They're swearing in all of them. I was shocked at the language in 'Anatomy of Murder.'

"I love to watch the Late Show—people like Wallace Beery. When you see those old movies, you realize what moral fiber went through them and nobody died of undernourishment. I've been around more than anybody else in the state fairs and night clubs and people are tired of all that violence."

He mused a moment and then said:

"You know I'd like to do a series called 'The World of Herb Shriner' which would be a kind of cross between 'We, the People' and 'Wide Wide World.' On this, I'd go after real interesting people, take pictures of their life.

"For instance, I'd sit down on Carl Sandburg's porch with him and the neighbors and talk about some things.

"I'd like to talk to ship wreckers—you know, the guys who used to lure ships on the rocks and then loot them for a living. There are still some of them around.

"Then there's a country doctor in Virginia who has adopted 200 kids. Nobody with a sense of humor ever has tried to talk to people like that."

-:-

ON THE QUESTION of violence, I'd like to add that never in my memory has there been such a wild attempt to cover up, to apologize for, to deny that it exists.

Sponsor magazine has an article in its current issue in which industry heads variously laugh it up with the arguments: there isn't really that much violence. The classics are full of violence. Violence doesn't really harm children. Even Dinah Shore suggests violence. And so forth.

All this is, of course, malarkey. There is too much violence—shootings, sluggings, pistol whippings on television. Most of this violence is already in the can (much of it out of Warner Bros.) and all these apologies are meant to safeguard the bankrolls of the people who produced these films.

The idea is to unload all this junk on your living rooms before the heat gets too great.

-:-

IN THE MEANTIME, all the hogwash in the world is being used to placate the National Council of Parents and Teachers (12 million members) and other aroused groups in the hope the whole furor will go away.

The industry is being very foolish. It's laying itself wide open to censorship either by the government or by some really militant body of citizens like the Legion of Decency which gutted the movies for years.

There will be a slight decline in the shoot-'em-ups next year — 49 network shows as compared to 54. As usual, most of them will be on the American Broadcasting Co. which has done more to degrade television standards than any other group except Warner Bros., with which it is in league.

Forty-nine gunfests and, at present writing, only one serious dramatic program on all of network television.

Gen. Fleet's Famous Dog, Happy, Missing

WINTER HAVEN, Fla. (AP)—Gen. James Van Fleet's internationally famous dog, Happy, is missing.

The dog was a gift to the retired general from Syngman Rhee, the recently ousted president of Korea.

Happy, a Korean husky, disappeared from the home of Van Flet's brother, R. R. Van Fleet, who was keeping the dog for the general.

Killed In Collision

EATON, Ohio (AP) — A car-truck collision on U.S. 40 near here Tuesday night killed Thomas Commons, 42, a cemetery worker from Lewisburg.

Saline Township in Jefferson County had expenditures of $21,220, receipts of $20,202, leaving a balance of $5,097.

Pool Room Operator Faces Fines On Liquor

HAMILTON, Ohio (AP)—Harold O'Bannon, 30, operator of a pool room, faces fines totaling $450 and costs on charges of illegal liquor sales stemming from a raid early Saturday by state liquor agents and sheriff's deputies. Judge Frank Wessell in Municipal Court suspended a five-day jail term for O'Bannon Tuesday.

Five others were fined and given suspended jail sentences on illegal liquor and gambling charges. O'Bannon also faces a charge of contributing to delinquency in the case of a girl, age 16, arrested by the raiding party.

Judge Agrees To Hear Report On Probation

CINCINNATI (AP)—Judge Carl Weinman has agreed to hear a probation report before passing sentence on Charles W. Tennant Jr. Tennant, also known as Herbert C. Engle, owner of King Bee Auto Leading Corp., pleaded guilty Tuesday in U. S. District Court to seven charges of concealing assets and perjury.

The charges grew out of King Bee bankruptcy proceedings. The firm reportedly owed over one million dollars. Tennant was accused of concealing $450,000 worth of assets.

160 Attend Mother-Daughter Dinner For Guilds At Lisbon

Approximately 160 attended the mother-daughter banquet of the Women's and Girls' Guilds in the Fellowship Hall of the St. Jacob's United Church of Christ at Lisbon Monday night.

Mrs. Homer Ferguson, Mrs. John Starret and Misses Linda Calvin and Norma Shade prepared the dinner, which was served by the Men's Brotherhood.

Lilac Bouquets Used

Lilac bouquets prevailed throughout the hall and table decorations were arranged by Mrs. Mary Weaver, Mrs. Audrey Gerrard and Misses Judy Lovejoy and Eleanor Calvin. Black silhouettes of mothers with daughters in ponytails and dolls carrying nut cups, dressed in pastel shades, were spotted through the tables. The dolls were dressed by Mrs. John Halverstadt and Mrs. Ralph Cook.

The program opened with grace by the Women's Guild president, Mrs. Howard Wilhelm, and Mrs. A. A. Kosower welcomed the group.

A tribute to daughters was given by Mrs. Ada Bates with the tribute to mothers by Mrs. Vivian Bates Tullis. Tribute to mothers-in-law was presented by Mrs. Kenneth Clapsaddle.

Recognition was given Mrs. Maud Koons, 85, as the oldest mother present; Mrs. Janet Sadler Boyer, youngest; Mrs. Lavina Sadler, mother with the most daughters, 4, and Mrs. Donald Stoffer and Mrs. Frank Carnes were tied for the smallest waistline.

Mrs. John Schnader led group singing of "Songs Through the Years."

Miss Cathy Aiken played a piano solo and Mrs. Clifford Aiken gave a poem, "Mother."

Style Show Given

A style show was narrated by Mrs. Clapsaddle with Mrs. Olin Baker, Miss Geneva Zimmerman, Miss Rhonda Hill, Miss Linda Manning, Mrs. Weaver and Mrs. Ralph Cook as models. The script was written by Miss Donna Arter.

Mrs. Eunice Carnes and daughter, Ann, gave a duet selection and devotions were conducted by Mrs. Viola Harold and the Girls' Guild.

Music throughout the dinner and the evening was furnished by the Ernie Tullis orchestra.

Mrs. Clapsaddle, Mrs. Aiken and Miss Manning and Miss Hill provided the program.

Dear friends,

Do you know that the funeral director is under heavy penalty if he fails to conform with certain state regulations? We have always been glad to cooperate with the authorities in these matters because we realize the importance of their demands.

Each death is reported on a standard form. This information is used statistically, to indicate the development and control of disease. The welfare of the public is thus served.

Respectfully,

Richard C. Martin

Out Of The Air

By JOHN CROSBY

Herb Shriner—Traveling Hoosier

Herb Shriner, a fresh breeze from Indiana, who has not been seen much on television, alas, these many years, blew through town the other day and paused long enough to emit a few opinions.

John Crosby

He's been traveling the country with a television special which has been everywhere but on television. It's called Pops Americana and it's full of folk songs, sea chanties and square dances.

"I do the narrating," said Shriner. "When I do it on television, I'll already have it road tested. Lots of people love simple music and there are few orchestras playing music the average person understands.

"Well, there is the Boston Pops which does everything from 'Yankee Doodle' to TV jingles (you'd be surprised how nice some of those melodies are). The orchestra we're using gives simple melodies like 'The Street of Loredo' the classical treatment.

"On television I expect to use a name symphony and add some folk dances to its repertoire. After all, the Russian Moyseyev dancers made a big hit out of our own Virginia Reel."

-:-

SHRINER SAYS he has been entertaining groups both large and small: the smallest, a group of 10 millionaires — the largest, 80,000 people.

"The Madison Avenue guys don't realize there is such a thing as wholesome entertainment that doesn't consist of Frank Sinatra or Dean Martin.

"They ought to get out into the country. There's more to be done in television than having the same eight guys appearing on each others shows. I'm a habitual 'moseyer' and I've found some great talent lying around the country."

Shriner has been an entertainer for 23 years and the present state of the art he finds not only disheartening but frequently shocking.

-:-

"I WON'T LET my kids go to the pictures these days without checking it first," he said. "They're swearing in all of them. I was shocked at the language in 'Anatomy of Murder.'

"I love to watch the Late Show —people like Wallace Beery. When you see those old movies, you realize what moral fiber went through them and nobody died of undernourishment. I've been around more than anybody else in the state fairs and night clubs and people are tired of all that violence."

He mused a moment and then said:

"You know I'd like to do a series called 'The World of Herb Shriner' which would be a kind of cross between 'We, the People' and 'Wide Wide World.' On this, I'd go after real interesting people, take pictures of their life.

"For instance, I'd sit down on Carl Sandburg's porch with him and the neighbors and talk about some things.

"I'd like to talk to ship wreckers —you know, the guys who used to lure ships on the rocks and then loot them for a living. There are still some of them around.

"Then there's a country doctor in Virginia who has adopted 200 kids. Nobody with a sense of humor ever has tried to talk to people like that."

-:-

ON THE QUESTION of violence, I'd like to add that never in my memory has there been such a wild attempt to cover up, to apologize for, to deny that it exists.

Sponsor magazine has an article in its current issue in which industry heads variously laugh it up with the arguments: there isn't really that much violence. The classics are full of violence. Violence doesn't really harm children. Even Dinah Shore suggests violence. And so forth.

All this is, of course, malarkey. There is too much violence — shootings, sluggings, pistol whippings on television. Most of this violence is already in the can (much of it out of Warner Bros.) and all these apologies are meant to safeguard the bankrolls of the people who produced these films.

The idea is to unload all this junk on your living rooms before the heat gets too great.

-:-

IN THE MEANTIME, all the hogwash in the world is being used to placate the National Council of Parents and Teachers (12 million members) and other aroused groups in the hope the whole furor will go away.

The industry is being very foolish. It's laying itself wide open to censorship either by the government or by some really militant body of citizens like the Legion of Decency which gutted the movies for years.

There will be a slight decline in the shoot-'em-ups next year — 49 network shows as compared to 54. As usual, most of them will be on the American Broadcasting Co. which has done more to degrade television standards than any other group except Warner Bros., with which it is in league.

Forty-nine gunfests and, at present writing, only one serious dramatic program on all of network television.

Gen. Fleet's Famous Dog, Happy, Missing

WINTER HAVEN, Fla. (AP)—Gen. James Van Fleet's internationally famous dog, Happy, is missing.

The dog was a gift to the retired general from Syngman Rhee, the recently ousted president of Korea.

Happy, a Korean husky, disappeared from the home of Van Flet's brother, R. R. Van Fleet, who was keeping the dog for the general.

Pool Room Operator Faces Fines On Liquor

HAMILTON, Ohio (AP)—Harold O'Bannon, 30, operator of a pool room, faces fines totaling $450 and costs on charges of illegal liquor sales stemming from a raid early Saturday by state liquor agents and sheriff's deputies. Judge Frank Wessell in Municipal Court suspended a five-day jail term for O'Bannon Tuesday.

Five others were fined and given suspended jail sentences on illegal liquor and gambling charges. O'Bannon also faces a charge of contributing to delinquency in the case of a girl, age 16, arrested by the raiding party.

Judge Agrees To Hear Report On Probation

CINCINNATI (AP)—Judge Carl Weinman has agreed to hear a probation report before passing sentence on Charles W. Tennant Jr. Tennant, also known as Herbert C. Engle, owner of King Bee Auto Leading Corp., pleaded guilty Tuesday in U. S. District Court to seven charges of concealing assets and perjury.

The charges grew out of King Bee bankruptcy proceedings. The firm reportedly owed over one million dollars. Tennant was accused of concealing $450,000 worth of assets.

160 Attend Mother-Daughter Dinner For Guilds At Lisbon

Approximately 160 attended the mother-daughter banquet of the Women's and Girls' Guilds in the Fellowship Hall of the St. Jacob's United Church of Christ at Lisbon Monday night.

Mrs. Homer Ferguson, Mrs. John Starret and Misses Linda Calvin and Norma Shade prepared the dinner, which was served by the Men's Brotherhood.

Lilac Bouquets Used

Lilac bouquets prevailed throughout the hall and table decorations were arranged by Mrs. Mary Weaver, Mrs. Audrey Gerrard and Misses Judy Lovejoy and Eleanor Calvin. Black silhouettes of mothers with daughters in ponytails and dolls carrying nut cups, dressed in pastel shades, were spotted through the tables. The dolls were dressed by Mrs. John Halverstadt and Mrs. Ralph Cook.

The program opened with grace by the Women's Guild president, Mrs. Howard Wilhelm, and Mrs. A. A. Kosower welcomed the group.

A tribute to daughters was given by Mrs. Ada Bates with the tribute to mothers by Mrs. Vivian Bates Tullis. Tribute to mothers-in-law was presented by Mrs. Kenneth Clapsaddle.

Recognition was given Mrs. Maud Koons, 85, as the oldest mother present; Mrs. Janet Sadler Boyer, youngest; Mrs. Lavina Sadler, mother with the most daughters, 4, and Mrs. Donald Stoffer and Mrs. Frank Carnes were tied for the smallest waistline.

Mrs. John Schnader led group singing of "Songs Through the Years."

Miss Cathy Aiken played a piano solo and Mrs. Clifford Aiken gave a poem, "Mother."

Style Show Given

A style show was narrated by Mrs. Clapsaddle with Mrs. Olin Baker, Miss Geneva Zimmerman, Miss Rhonda Hill, Miss Linda Manning, Mrs. Weaver and Mrs. Ralph Cook as models. The script was written by Miss Donna Arter.

Mrs. Eunice Carnes and daughter, Ann, gave a duet selection and devotions were conducted by Mrs. Viola Harold and the Girls' Guild.

Music throughout the dinner and the evening was furnished by the Ernie Tullis orchestra.

Mrs. Clapsaddle, Mrs. Aiken and Miss Manning and Miss Hill provided the program.

East Liverpool, Ohio

Dear friends,

Do you know that the funeral director is under heavy penalty if he fails to conform with certain state regulations? We have always been glad to cooperate with the authorities in these matters because we realize the importance of their demands.

Each death is reported on a standard form. This information is used statistically, to indicate the development and control of disease. The welfare of the public is thus served.

Respectfully,

Richard C. Martin

Costly Switch To Jet Age Adds To Woes Of Airlines

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The nation's airlines are suffering from an old and recurring ailment—growing pains.

This time it's from changing into the jet age at a cost in excess of two billion dollars.

The remedy some lines are seeking and expecting is higher fares. But a turn for the worse that a few observers fear is an oversupply of seats that could tempt a move toward fare cutting. The outcome that most foresee is a period of financial stress while passenger demand grows up to the new and costly seating capacity, and then prosperity.

The airlines haven't too much choice today.

The cost of changing to jet planes is the greatest in a history peppered with costly changeovers. And the new fleet will offer more capacity—both because of larger planes and speedier flights—than present demand justifies.

But not to change could be even more costly. Those who don't buy jets could fall by the wayside in an increasingly competitive race.

Airline earnings statements tell the story. Most so far this year aren't reporting profits at all, but losses. The price of their stocks has fallen as much as 40 per cent in the last 12 months. Dividend omissions have been common.

Some have had trouble raising the money to finance purchase of the jets. Many are deeply in debt—and with more jets still on order.

The Civil Aeronautics Board is reported willing to grant the airlines relief. It holds that the 12 domestic airlines as a group should make 10.5 per cent as a fair return on their investment. It has been five years since their earnings approached that.

The airlines expect to have 250 jet planes by the end of the year. Since most of them carry up to twice as many passengers as the older propeller planes, and since they can make a third again as many trips a week, the number of seats available on a mileage basis is skyrocketing.

Although the domestic lines carried 44 million passengers last year, the new equipment added to the old would leave them with costly excess capacity—that is, many empty seats. And you don't pay for jet planes that way.

So some airlines are asking CAB to increase fares by 3 to 5 per cent, and also grant $1 extra on each ticket sold. CAB is believed ready to grant the extra $1 a ticket—which would help most the smaller lines making the shortest trips—and to consider fare boosts. A little over a year ago, when jet purchases first began to pinch, it approved an increase of 4 per cent plus $1 extra per ticket.

Airlines make a surcharge on jet flights based on mileage.

Getting rid of their old planes, once the new jets arrive, is another headache for some lines. The huge props are too big for small feeder lines or corporation private fleets — the second-hand market for previous periods of upgrading flying equipment. Some trunk lines are turning their old prop planes into cargo carriers. A few have them idle on their hands.

Local Girl Will Serve As Queen At Grove City

Miss Jo Bradfield, an attractive brunette senior from East Liverpool, will be crowned as the 1960 May Queen at the 44th annual May Day pageant Saturday at Grove City (Pa.) College.

The pageant will highlight a weekend of activities which also will mark the second annual Parents' Day program.

Miss Bradfield, daughter of Mr. and Mrs. George Bradfield of Maple Dr., Calcutta, is a 1956 graduate of East Liverpool High School.

She is a member of Pan Hall Council, the Women's Athletic Association, president of the Sigma Theta Chi Sorority, and vice president of the Pennsylvania State Education Association at Grove City.

Waiting List Set Up

OXFORD, Ohio (AP)—A flood of applications for the freshman class has forced Miami University to set up a waiting list for late applicants. Harry Gerlach, director of admissions, said there may be some vacancies later due to cancellations. But he said housing is available for 2,125 frosh next fall and more than that number has already been admitted by officials who figure some will cancel applications before the fall semester.

Former Akron ITU Official Dies At 64

AKRON, Ohio (AP)—Reese J. Highfield, 64, former secretary-treasurer, business agent and president of Akron Local 182 of the International Typographical Union died Tuesday.

Highfield, an Akron Beacon-Journal printer, became involved in a union controversy in 1947 and was expelled from the ITU in 1950, after 26 years' membership. Highfield later filed a $100,000 damage suit, charging the ITU and the local with expelling him without a trial. The suit against the Akron local had been still pending, but the other was dismissed.

To Offer Polio Shots

CINCINNATI (AP)—School and City Health Department officials plan to offer Sabin live-virus polio vaccine to public school students in all grades, starting Monday. But they must volunteer through their parents. The vaccine, developed by Dr. Albert Sabin of the University of Cincinnati, has not been licensed for public distribution, but an estimated 70,000 Cincinnatians, mostly pre-schoolage youngsters, were innoculated in experimental tests last month.

LEGAL NOTICES

NOTICE TO BIDDERS

Sealed bids will be received by the Director of Highways, State of Ohio, until 2:00 P. M., May 25, 1960 for the purchase and removal of the structures described in this notice. These structures have been or are being acquired by the State of Ohio from the former owners thereof and are located in the Right of Way required for the improvement or relocation of State Route 30, Section 33.86, Columbiana County, Ohio.

The bids are to be submitted only on "Bid Proposal" forms, available at the Division Highway Office, New Philadelphia, Ohio, or at the address listed below, and are to be addressed to: "E. S. Preston, Director of Highways, Attention: Walter G. Smith, Jr., Administrator, Bureau of Acquisition, Room 409, 139 E. Gay Street, Columbus 15, Ohio." The following notation must appear on the envelope: "Bid: East Liverpool, S.R. 30.

A separate certified check payable to the Treasurer of State in the exact amount of the bid for each item bid upon, covering all structures listed in said item, must be filed with a signed "Bid Proposal" for each item. In the event a bid is not accepted the check will be returned to the Bidder. The Director of Highways reserves the right to reject any or all bids.

It shall be the responsibility of each bidder to inspect and examine for himself the size and condition of each structure, all appurtenances thereto and the conditions affecting the removal thereof. The descriptions listed are intended to be used for identification purposes only and are not to be construed as a warning of any kind. In case of a discrepancy in the "Bid Proposal" between the parcel number and item number, the description and location of the structure or structure offered shall govern and the corresponding item or parcel number apply.

In the event any building is not acquired by the State, the Director of Highways reserves the right to delete the item under which that building is located from the sale prior to sale date or to return the remittance of the successful bidder after an award of the item has been made.

The structures, located on the parcel indicated, are described as follows:

Item 4, Parcel 522-LA (Masters)
2 story frame residence (6 rooms)
The above is at 1102 Chestnut Street

Item 5, Parcel 526-LA (Zubay)
2 story frame residence (6 rooms)
The above is at Chestnut Street Extension

Item 6, Parcel 534-LA (Weser)
2 story frame residence (7 rooms) shed
2 story frame residence (4 rooms) shed
The above is at 1058 Chestnut Street.
The above is at 1059 Chestnut Street.

Item 7, Parcel 556-LA (Lynch)
2 story frame residence (7 rooms)
The above is at 937 McDonald Street

Item 8, Parcel 565-LA (Cermak)
2 story frame residence (7 rooms) (Less furnace)
The above is at 932 Chestnut Street

Item 9, Parcel 568-LA (Rocco)
2 story frame residence (7 rooms)
The above is at 922 Chestnut Street.
1 frame garage.

Item 10, Parcel 543-LA (Varian)
2 story frame residence (6 rooms)
Owner retains kitchen sink, furnace, water heater
The above is at 1049 McDonald Avenue

The acceptance of a bid by the Department of Highways and written notification of award thereof by Journal Entry to the successful bidder shall constitute a contract by and between the successful bidder and the Director of Highways and will incorporate all of the terms, provisions and conditions of the "Notice to Bidders" and the "Bid Proposal". Within ten (10) days after such written notification of award a performance guarantee for each item must be posted at the Division Highway Office indicated in Paragraph 2 of the Notice. This performance guarantee, unless otherwise indicated in the "Item Parcel" will be evidenced by a certified check for Five Hundred Dollars ($500.00) or a bond in the sum of One Thousand Dollars ($1,000.00) made payable to the Treasurer of The State of Ohio, and will be held in escrow by the Division Highway Office to insure the performance of the removal operations in accordance with the conditions set forth in this "Notice to Bidders". Failure to provide this performance guarantee check or bond within ten days will be considered a default and the remittance submitted by the successful bidder for the item awarded will be forfeited and retained by the State as liquidated damages. Thereafter the Director may readvertise and resell or otherwise dispose of the structure or structures in the best interests of the State of Ohio, Department of Highways.

The Division Deputy Director will give actual possession of the awarded item to the successful bidder by written notice after satisfactory bond is provided by such bidder and after the State has acquired legal and physical possession.

After possession is granted, any loss or damage to the structure by fire, windstorm or other casualty shall be the responsibility and risk of the successful bidder. The bidder to whom the item is awarded will be responsible for, and the State Department of Highways held harmless from all public liability, personal injury or death, and for damages that may occur to any property as a result of the removal operations.

If razing or removal of the structure or structures, including cleanup, the removal of resulting debris and the erection of temporary barricades as may be required, is not completed by the established date to the satisfaction of the Director of Highways, all the rights, Title and interest of the successful bidder in said structure or structures may be forfeited and the bid remittance retained by the State as liquidated damages. The Director may without notice destroy or otherwise dispose of the structure or structures and satisfy and post in connection therewith from the escrow fund previously provided.

The successful bidder shall not sublet, assign or sell any portion of this work without the written consent of the Division Deputy Director of Highways. Such permission if granted with reference to subcontractors shall not relieve the original successful bidder of his responsibility.

The following additional conditions will apply to the removal operations unless specific exceptions are noted elsewhere in the "Item Parcel," description section of this "Notice".

A. In case moving of any structure to adjacent property is contemplated, no part of the structure shall remain within 25 feet of the right of way limits.

B. Permits must be secured from the proper public authority before removal work may be started. The successful bidder must determine whether all utilities have been properly disconnected in compliance with local requirements.

C. The removal of the structure or structures listed herein shall be to ground level and will include the cleanup of all resulting materials and debris from the basements, cisterns and surrounding ground. All concrete floor slabs, not including garage floors, at ground level or under which a basement exists will be broken and removed.

D. In the event there are holes under or adjacent to any of the structures removed, the successful bidder shall construct temporary barricades around such openings.

E. Removal of the structures in the item from Highway right of way must be completed not later than 30 days after the written notice to take possession and begin removal operations is received by certified mail or messenger from the Division Highway Office.

Costly Switch To Jet Age Adds To Woes Of Airlines

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The nation's airlines are suffering from an old and recurring ailment—growing pains.

This time it's from changing into the jet age at a cost in excess of two billion dollars.

The remedy some lines are seeking and expecting is higher fares. But a turn for the worse that a few observers fear is an oversupply of seats that could tempt a move toward fare cutting. The outcome that most foresee is a period of financial stress while passenger demand grows up to the new and costly seating capacity, and then prosperity.

The airlines haven't too much choice today.

The cost of changing to jet planes is the greatest in a history peppered with costly changeovers. And the new fleet will offer more capacity—both because of larger planes and speedier flights—than present demand justifies.

But not to change could be even more costly. Those who don't buy jets could fall by the wayside in an increasingly competitive race.

Airline earnings statements tell the story. Most so far this year aren't reporting profits at all, but losses. The price of their stocks has fallen as much as 40 per cent in the last 12 months. Dividend omissions have been common.

Some have had trouble raising the money to finance purchase of the jets. Many are deeply in debt—and with more jets still on order.

The Civil Aeronautics Board is reported willing to grant the airlines relief. It holds that the 12 domestic airlines as a group should make 10.5 per cent as a fair return on their investment. It has been five years since their earnings approached that.

The airlines expect to have 250 jet planes by the end of the year. Since most of them carry up to twice as many passengers as the older propeller planes, and since they can make a third again as many trips a week, the number of seats available on a mileage basis is skyrocketing.

Although the domestic lines carried 44 million passengers last year, the new equipment added to the old would leave them with costly excess capacity—that is, many empty seats. And you don't pay for jet planes that way.

So some airlines are asking CAB to increase fares by 3 to 5 per cent, and also grant $1 extra on each ticket sold. CAB is believed ready to grant the extra $1 a ticket—which would help most the smaller lines making the shortest trips—and to consider fare boosts. A little over a year ago, when jet purchases first began to pinch, it approved an increase of 4 per cent plus $1 extra per ticket.

Airlines make a surcharge on jet flights based on mileage.

Getting rid of their old planes, once the new jets arrive, is another headache for some lines. The huge props are too big for small feeder lines or corporation private fleets — the second-hand market for previous periods of upgrading flying equipment. Some trunk lines are turning their old prop planes into cargo carriers. A few have them idle on their hands.

Local Girl Will Serve As Queen At Grove City

Miss Jo Bradfield, an attractive brunette senior from East Liverpool, will be crowned as the 1960 May Queen at the 44th annual May Day pageant Saturday at Grove City (Pa.) College.

The pageant will highlight a weekend of activities which also will mark the second annual Parents' Day program.

Miss Bradfield, daughter of Mr. and Mrs. George Bradfield of Maple Dr., Calcutta, is a 1956 graduate of East Liverpool High School.

She is a member of Pan Hall Council, the Women's Athletic Association, president of the Sigma Theta Chi Sorority, and vice president of the Pennsylvania State Education Association at Grove City.

Waiting List Set Up

OXFORD, Ohio (AP)—A flood of applications for the freshman class has forced Miami University to set up a waiting list for late applicants. Harry Gerlach, director of admissions, said there may be some vacancies later due to cancellations. But he said housing is available for 2,125 frosh next fall and more than that number has already been admitted by officials who figure some will cancel applications before the fall semester.

Former Akron ITU Official Dies At 64

AKRON, Ohio (AP)—Reese J. Highfield, 64, former secretary-treasurer, business agent and president of Akron Local 182 of the International Typographical Union died Tuesday.

Highfield, an Akron Beacon-Journal printer, became involved in a union controversy in 1947 and was expelled from the ITU in 1950, after 26 years' membership. Highfield later filed a $100,000 damage suit, charging the ITU and the local with expelling him without a trial. The suit against the Akron local had been still pending, but the other was dismissed.

To Offer Polio Shots

CINCINNATI (AP)—School and City Health Department officials plan to offer Sabin live-virus polio vaccine to public school students in all grades, starting Monday. But they must volunteer through their parents. The vaccine, developed by Dr. Albert Sabin of the University of Cincinnati, has not been licensed for public distribution, but an estimated 70,000 Cincinnatians, mostly pre-school-age youngsters, were innoculated in experimental tests last month.

LEGAL NOTICES

NOTICE TO BIDDERS

Sealed bids will be received by the Director of Highways, State of Ohio, until 2:00 P. M., May 25, 1960 for the purchase and removal of the structures described in this notice. These structures have been or are being acquired by the State of Ohio from the former owners thereof and are located in the Right of Way required for the improvement or relocation of State Route 30, Section 33.86, Columbiana County, Ohio.

The bids are to be submitted only on "Bid Proposal" forms, available at the Division Highway Office, New Philadelphia, Ohio, or at the address listed below, and are to be addressed to: "E. S. Preston, Director of Highways, Attention: Walter G. Smith, Jr., Administrator, Bureau of Acquisition, Room 409, 139 E. Gay Street, Columbus 15, Ohio." The following notation must appear on the envelope: "Bid: East Liverpool, S.R. 30."

A separate certified check payable to the Treasurer of State in the exact amount of the bid for each item bid upon, covering all structures listed in said item, must be filed with a signed "Bid Proposal" for each item. In the event a bid is not accepted the check will be returned to the Bidder. The Director of Highways reserves the right to reject any or all bids.

It shall be the responsibility of each bidder to inspect and examine for himself the size and condition of each structure, all appurtenances thereto and the conditions affecting the removal thereof. The descriptions listed are intended to be used for identification purposes only and are not to be construed as a warning of any kind. In case of a discrepancy in the "Bid Proposal" between the parcel number and item number, the description and location of the structure or structure offered shall govern and the corresponding item or parcel number apply.

In the event any building is not acquired by the State, the Director of Highways reserves the right to delete the item under which that building is located from the sale prior to sale date or to return the remittance of the successful bidder after an award of the item has been made.

The structures, located on the parcel indicated, are described as follows:

Item 4, Parcel 522-LA (Masters)
2 story frame residence (6 rooms)
The above is at 1102 Chestnut Street

Item 5, Parcel 526-LA (Zubay)
2 story frame residence (6 rooms)
The above is at Chestnut Street Extension

Item 6, Parcel 534-LA (Weser)
2 story frame residence (7 rooms) shed
2 story frame residence (4 rooms) shed
The above is at 1058 Chestnut Street.
The above is at 1059 Chestnut Street.

Item 7, Parcel 556-LA (Lynch)
2 story frame residence (7 rooms)
The above is at 937 McDonald Street

Item 8, Parcel 565-LA (Cermak)
2 story frame residence (7 rooms) (Less furnace)
The above is at 932 Chestnut Street

Item 9, Parcel 568-LA (Rocco)
2 story frame residence (7 rooms)
The above is at 922 Chestnut Street.
1 frame garage.

Item 10, Parcel 543-LA (Varian)
2 story frame residence (6 rooms)
Owner retains kitchen sink, furnace, water heater
The above is at 1049 McDonald Avenue

The acceptance of a bid by the Department of Highways and written notification of award thereof by Journal Entry to the successful bidder shall constitute a contract by and between the successful bidder and the Director of Highways and will incorporate all of the terms, provisions and conditions of the "Notice to Bidders" and the "Bid Proposal". Within ten (10) days after such written notification of award a performance guarantee for each item must be posted at the Division Highway Office indicated in Paragraph 2 of the Notice. This performance guarantee, unless otherwise indicated in the "Item Parcel" will be evidenced by a certified check for Five Hundred Dollars ($500.00) or a bond in the sum of One Thousand Dollars ($1,000.00) made payable to the Treasurer of The State of Ohio, and will be held in escrow by the Division Highway Office to insure the performance of the removal operations in accordance with the conditions set forth in this "Notice to Bidders". Failure to provide this performance guarantee check or bond within ten days will be considered a default and the remittance submitted by the successful bidder for the item awarded will be forfeited and retained by the State as liquidated damages. Thereafter the Director may readvertise and resell or otherwise dispose of the structure or structures in the best interests of the State of Ohio, Department of Highways.

The Division Deputy Director will give actual possession of the awarded item to the successful bidder by written notice after satisfactory bond is provided by such bidder and after the State has acquired legal and physical possession.

After possession is granted, any loss or damage to the structure by fire, windstorm or other casualty shall be the responsibility and risk of the successful bidder. The bidder to whom the item is awarded will be responsible for, and the State Department of Highways held harmless from all public liability, personal injury or death, and for damages that may occur to any property as a result of the removal operations.

If razing or removal of the structure or structures, including cleanup, the removal of resulting debris and the erection of temporary barricades as may be required, is not completed by the established date to the satisfaction of the Director of Highways, all the rights, Title and interest of the successful bidder in said structure or structures may be forfeited and the bid remittance retained by the State as liquidated damages. The Director may without notice destroy or otherwise dispose of the structure or structures and satisfy and post in connection therewith from the escrow fund previously provided.

The successful bidder shall not sublet, assign or sell any portion of this work without the written consent of the Division Deputy Director of Highways. Such permission if granted with reference to subcontractors shall not relieve the original successful bidder of his responsibility.

The following additional conditions will apply to the removal operations unless specific exceptions are noted elsewhere in the "Item Parcel," description section of this "Notice".

A. In case moving of any structure to adjacent property is contemplated, no part of the structure shall remain within 25 feet of the right of way limits.

B. Permits must be secured from the proper public authority before removal work may be started. The successful bidder must determine whether all utilities have been properly disconnected in compliance with local requirements.

C. The removal of the structure or structures listed herein shall be to ground level and will include the cleanup of all resulting materials and debris from the basements, cisterns and surrounding ground. All concrete floor slabs, not including garage floors, at ground level or under which a basement exists will be broken and removed.

D. In the event there are holes under or adjacent to any of the structures removed, the successful bidder shall construct temporary barricades around such openings.

E. Removal of the structures in the item from Highway right of way must be completed not later than 30 days after the written notice to take possession and begin removal operations is received by certified mail or messenger from the Division Highway Office.

E. S. PRESTON
Director of Highways.

Beauty Can Be Found Under Bulges

It takes the magic of exercise to change bulges into bygones. With daily shapeups, you can slim the hips and shape the thighs, nip the waist, and win through to a honey of a figure. Under those bulges you have a beautiful figure.

By Ida Jean Kain

Ruth, our Mystery Model, finds that the best time to exercise is early in the morning. There is no one time that is best for everybody. What is important is to make it the same time every day... for regularity is the secret of streamlining success. Never skip a day.

Teen-agers, I can promise you this: If you have what it takes to get up early to exercise and eat a dynamic action breakfast, you can be shapely weight by an early summer date. Come on, what are you waiting for?

—:—

I'LL LET YOU in on the secret of how to be a self starter. The very last thing at night as you slip into slumber, give your mind a mental picture of yourself actually moving through the first shape-up.

The following morning, your mind-set of the night before makes the exercise action a natural. Robert Louis Stevenson called this activating ally, your Little Mental Brownies. They'll pull for you if you give them the go-ahead signal.

When you first tumble out of bed, stretch and stretch and s-t-r-e-t-c-h...pulling slim through the middle. Then ease into this smooth side-bend.

Position: Standing feet apart, right arm arched overhead, left hand down at side. Get on the beam, pull up-and-in firmly with girdle muscles as you tuck the hips under.

Movement: Bend slowly sidewards to the left hand down the thighline. Bend as far as comfortable, without strain. Flexibility comes with practice. In a short time you'll be able to slide the fingertips below the knee. Pull slim all along the right boundary line.

Hold the stretch-bend for a slow count of six, then come up to standing position. Pull slim again. Reverse position of hands and bend to the right side.

You'll know if you are doing this exercise right, you'll get the slimming feel of it. If you crumple in the middle or let knees sag, all is lost.

Put the line of pull through the bulky hip muscle: Position: Lying on right side, legs straight down, left leg on top of right. Palm of hand braced on floor for support.

—:—

ACTION: SWING top leg away up in front, then swing vigorously rearward, and forward again. Hit a rhythm, swing forward, then briskly rearward, forward again and this time on the rearward swing, h-o-l-d.

Holding helps to increase muscle tone. Repeat complete routine four times, change sides and repeat.

Finish with a thoroughgoing stretch. Now you're ready for a shower...and breakfast.

Send a long, self - addressed, stamped envelope for "Wake Up And Stretch." Adress your request to Ida Jean Kain, in care of this newspaper. Postcard requests cannot be answered.

Bringing Up A Family

By GARRY C. MEYERS

Summer School Offers Opportunities

About half of the urban public schools of our nation operate summer schools from four to ten weeks. According to the N.E.A. Research Bulletin (February, 1960), advanced work for gifted children is also offered in addition to traditional remedial and make-up work. Mathematics and science, Russian, great books, rapid reading and creative writing are among the offerings in some schools for gifted students. College-bound students are offered pre-college English, note-taking and languages. The shift in summer schools from offering help only to the slower students to setting up programs for all students is encouraging to those planning for college and those who wish to take courses they can't get in the schedule of the regular academic year. Tuition is charged in about 70 per cent of the summer schools.

By Garry Meyer.

—:—

CO-OPERATING WITH the regular school, many parents could inspire their children in the upper grades and high school to enter these summer courses.

Very useful to both gifted and average students is learning to use a typewriter. It's a skill especially useful in doing written work in high school and college. Near where I live is a private business school at which a number of college students take a course in typing — a wise investment of money, time and effort.

Many children above the second or third grade who lag in school could profit from summer school. Most of them, of course, are poor readers. Unfortunately, most of them think of summer school as punishment, having got this idea from parents who often had charged them with laziness.

If your child is lagging in one or several school subjects this year, think of summer school as an opportunity for him to catch up and enjoy more achievement at school next year. Interpret the matter to him and do your best to boost his morale.

—:—

IF YOUR CHILD is a poor reader he might gain more profitable help at a reading clinic, if one is available, or from brief, daily tutoring away from home by a quiet, skillful teacher.

Fortunately, some summer schools have teachers who find out at what level each child can read with success and satisfaction and take him on from there. Also, they give him needed help in phonics.

Hard as it is for any parent to be calm and patient with his child at books during the school year, it's still harder during the summer. Most parents of children attending summer school would do well to help them at their lessons only when they ask for it.

My bulletins, "Home Helps in Reading, Spelling, Arithmetic and Handwriting" and "Home Fun With Phonics," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

How Can I

By ANNE ASHLEY

Q. How can I make some vine supports on a concrete wall without the trouble of drilling into the concrete?

A. Press some dabs of plastic wood at intervals on the concrete wall. This is weatherproof and waterproof, and will adhere firmly to stone, brick or stucco. When the plastic wood has hardened, staples can be driven into it for holding your guide wires or string.

Q. How can I remove whitewash from a ceiling?

A. Dissolve one pound of alum in one gallon of strong vinegar. Apply with a brush, allow to soak in well, and then scrape and wash in the usual way.

Business In Drugs Growing In Mexico

MEXICO CITY (AP) — In the years ahead Mexico may supply Central America with most of its pharmaceutical needs, says the Latin American head of a major company.

Leo Fernandez of Merck Sharp and Dohme says Mexico already supplies most of its own needs, in exporting, and is expanding production to take care of Central America.
